

2013 ACADEMIC ACHIEVEMENT CEREMONY

ANISFIELD SCHOOL OF BUSINESS

The ASB FACULTY-STUDENT RESEARCH AWARD goes to IRINA SAMOILA.

Irina is a Business Administration major with concentrations in Finance and Management. Irina worked with Professor Juan Cabrera on original research entitled: *Attention Constraints and the Quality of Financial Markets: An Experimental Study*. The research employed a stock market simulation to understand how specific constraints on the behavior of stock market specialists and deals affect their trading strategies and overall market liquidity. Irina coordinated the implementation of the simulations, assisted in training the participants, and performed various data analyses.

After graduation, Irina plans to attend graduate school and obtain an MBA with a concentration in Finance.
