

2014 ACADEMIC ACHIEVEMENT CEREMONY

THEORETICAL AND APPLIED SCIENCE

The outstanding student in ENGINEERING PHYSICS goes to **ANDREW DESTEFAN**.

Andrew is a member of the Golden Key International Honour Society and the Physics Club. He was a Physics tutor and also completed an internship at New Jersey Institute of Technology in the summer of 2013.

Andrew presented his research with Professor Philip Anderson in the Engineering Physics Department at the 2013 TAS Honors Research Symposium. He also completed research with Professor Donovan McFeron in the Mathematics Department.

Andrew will be attending graduate school in next fall in hopes of obtaining a Ph.D. He has already been accepted to NJIT and Lehigh.
