- The committee reviewed its charge as found on the current iteration of the CWAC webpages.
- Several committee members were interested in the submission date of the Assessment Reports changing to the beginning of the Academic Year (last of August) to accommodate any changes and discussions on reports submitted at the end of the year – April/May. The report would still be submitted on June 30 with any updates submitted by August 30 to ensure full discussion by unit faculty and to promote accuracy in reportage.
- Library Representative commented on the importance of being able to see ‘common’ assessment information from all units from the Assessment Reports. The analyst from Planning mentioned that such is a feature that can be utilized in the new SPOL software.
- Discussion of new software for collecting Program Reviews, Assessment Reports and other data across administrative and academic units. The software is known as SPOL (Strategic Planning Online). Please view the cloud based software at http://spol.com/
- VP told CWAC members that WEAVE would no longer be used for Academic Plans and Assessment Reports. SPOL would be utilized for both and also for Program Reviews.
