

College-Wide Academic Assessment Committee (CWAAC)  
Responsibilities

- Collaborates with the vice provost for curriculum and assessment to coordinate College-wide assessment activities;
- Reviews institutional learning goals and works with programs to align institutional learning goals with program learning goals and outcomes.
- Reviews assessment plans and reports from the school and library assessment committees and from GECCo and the College Honors Program to provide peer feedback, to promote collaboration, to identify resources to support assessment activities, and to determine overall progress made towards achieving institutional goals;
- Reviews institutional assessment data (e.g., NSSE and CLA) and collaborates with the vice provost for curriculum and assessment to coordinate or to implement, as necessary, institutional assessments of institutional goals;
- Contributes to periodic Assessment Briefs and to the Assessment Website and suggests other assessment-related resources.
