International Studies Student Learning Goals and Outcomes

Goal 1: To graduate students knowledgeable about the world.

Outcome 1: Students will demonstrate knowledge of current international issues.

Outcome 2: Students will demonstrate global geographic literacy.

Outcome 3: Students will demonstrate familiarity with scholarly approaches from more than one discipline in international studies as they apply to the study of the world's cultures, politics, and globalization.

Outcome 4: Students will demonstrate expertise in one or more regions of the world.

Goal 2: To graduate students with skills and experiences that help them excel in the world.

Outcome 5: Students will have first-hand experiences of other cultures and international workplaces through participation in study abroad programs, international cooperative education, and internship programs.

Outcome 6: Students will demonstrate ability to write in a persuasive and scholarly manner.
