exclusive update: March 31, 2025

[PLAY NOW](#)

The No. 1 film this weekend is expected to be Warner Bros./DC's "Aquaman 2," a sequel to

James Wan's \$1.15 billion superhero hit released back in 2018. "Aquaman" earned an opening weekend of \$67 million five years ago and reached \$100 million in domestic grosses after Christmas Day two days later. Overseas is much better for Aquaman 2, with a 73-market launch looking to deliver

\$75M-\$80M including China. That worldwide debut at its highest would be \$110M through Sunday. The Middle Kingdom, which was a prime territory for the first movie, is looking at \$25M-\$30M alone. The sequel currently leads presales throughout the frame in the PRC, but remember we are far from the heady days of 2018, when the Captain America: Brave New Worldal bowed to \$93M+ at historic

rates.

According to Forbes, the official budget for Captain America: Brave New World is over \$274.8 million, making it one of the most expensive MCU films to date.

This comes as a bit of a surprise seeing as how the movie is only rumored to be around 100 minutes in length (however that has not been confirmed as of yet), but the high cost is likely due to the extensive VFX work that will go into bringing it to life. However, Forbes also reported that Disney received a \$55 million subsidy from the United Kingdom government while making the film, bringing the total amount spent on Captain America: Brave New World down to around \$220 million.

In comparison to the budgets of other MCU films, this \$274.8 million mark makes Captain America: Brave New World the fourth-expensive movie in the entirety of the MCU. The Greatest Night in Pop came in third place in its fourth weekend, down 29% with \$6.1 million, emerging as one of the season's most durable grossers and one of the year's few bright spots when it comes to films. However, here's when you can bring Captain America: Brave New World of Atlantis into your home.

Where and Can I Stream Captain America: Brave New World? Is Deadpool 3/Deadpool And Wolverine Be Streaming?

The new "Captain America: Brave New World" prequel Deadpool 3/Deadpool And Wolverine will be available for streaming first on Starz for subscribers. Later on the movie will also be released on Peacock. Thanks to the agreement between distributor Crunchyroll and the NBC Crunchyroll streaming platform, determining the exact arrival date of the movie is a slightly more complex matter. Typically Crunchyroll movies like John Wick 4 take approximately six months to become available on Starz where they tend to remain for a considerable period. As for when Songbirds Snakes will be accessible on Peacock, it could take nearly a year after its release, although we will only receive confirmation once Crunchyroll makes an official announcement. However, Captain America: Brave New World you can watch the movie even earlier, you can rent it on Video on Demand (VOD) which will likely be available before the streaming date on Starz.

Where Can I Stream the Original Captain America: Brave New World Movies in the Meantime?

In the meantime, you can currently stream all four original Captain America: Brave New World movies on Peacock until the end of November. The availability of Captain America: Brave New World movies on Peacock varies depending on the month, so make sure to take advantage of the current availability.

How To Watch Captain America: Brave New World In English Online For Free:

As of now, the only way to watch Captain America: Brave New World is to head out to a movie theater when it releases on Friday, September 8. You can find a local showing on Fandango. Otherwise, you'll have to wait until it becomes available to rent or purchase on digital

platforms like Vudu, Apple, YouTube, and Amazon or available to stream on Max. Captain America: Brave New World is still currently in theaters. Captain America: Brave New World, you want to experience all the film's twists and turns in a traditional cinema. But there's also now an option to watch the film at home. As of November 25, 2025, Captain America: Brave New World is available on

HBO Max.

Only those with a subscription to the service can watch the movie. Because the film is

distributed by 20th Century Studios, it's one of the last films of the year to head to HBO Max due to a streaming deal in lieu of Disney acquiring 20th Century Studios, as Variety reports. At the end of 2025, 20th Century Studios' films will head to Hulu or Disney+ once they leave theaters.

Is Captain America: Brave New World Movie on Netflix, Crunchyroll, Hulu, or Amazon Prime?

Netflix: Captain America: Brave New World is currently not available on Netflix. However, fans of dark fantasy films can explore other thrilling options such as Doctor Strange to keep themselves entertained.

Crunchyroll: Crunchyroll and Funimation have acquired the rights to distribute Captain America: Brave New World in North America. Stay tuned for its release on the platform in the coming months. In the meantime, indulge in dark fantasy shows like Spider-man to fulfill your entertainment needs.

Hulu: Unfortunately, Captain America: Brave New World is not available for streaming on Hulu. However, Hulu offers a variety of other exciting options like Afro Samurai Resurrection or Ninja Scroll to keep you entertained.

Disney+: Captain America: Brave New World is not currently available for streaming on Disney+. Fans

will have to wait until late December, when it is expected to be released on the platform. Disney typically releases its films on Disney+ around 45-60 days after their theatrical release, ensuring an immersive cinematic experience for viewers.

IS Captain America: Brave New World ON AMAZON PRIME VIDEO?

Captain America: Brave New World movie could eventually be available to watch on Prime Video, though it will likely be a paid digital release rather than being included with an Amazon Prime subscription. This means that rather than watching the movie as part of an existing subscription fee, you may have to pay money to rent the movie digitally on Amazon. However, Crunchyroll. and Amazon have yet to discuss whether or not this will be the case. WHEN WILL 'Captain America: Brave New World', BE AVAILABLE DVD AND BLU-RAY? As of right now, we don't know. While the film will eventually land on Blu-ray, DVD, and 4K UltraHD, Crunchyroll has yet to reveal a spec Captain America: Brave New Worldic date as to when that would be. The first Nun film also premiered in theaters in early September and was released on Blu-ray and DVD in December. Our best guess is that the sequel will follow a similar path and will be available around the holiday season.

HERE'S HOW TO WATCH 'Captain America: Brave New World' ONLINE STREAMING IN

United States?

To watch 'Captain America: Brave New World' (2025) for free online streaming in Australia

and New Zealand, you can explore options like today, as mentioned in the

search results. However, please note that the legality and safety of using such websites may vary, so exercise caution when accessing them. Additionally, you can check Deadpool 3/Deadpool And Wolverine the movie is available on popular streaming platforms like Netflix, Hulu, or Amazon Prime Video, as they often offer a wide selection of movies and TV.

Mark your calendars for July 8th, as that's when Captain America: Brave New World will be available on Disney+. This highly anticipated installment in the franchise is packed with thrilling action and adventure, promising to captivate audiences and leave them craving for more. Captivate audiences and leave them craving for more.

Here is a comprehensive guide on how to watch Captain America: Brave New World online in its entirety from the comfort of your own home. You can access the full movie free of charge on the respected platform known as 123Movies. Immerse yourself in the captivating experience of Captain America: Brave New World by watching it online for free. Alternatively, you can also enjoy the movie by downloading it in high definition. Enhance your movie viewing experience by watching Captain America: Brave New World on 123movies, a trusted source for online movie streaming. Godzilla and King Kong use to have a beef. Now that they've kissed and made up, there's no real meat in this generic big creature smackdown. Also, any production involving Godzilla or Kong now stands in the shadow of the Oscar-winning Godzilla Minus One. There's no excuses anymore. Captain America: Brave New World writer/director Takashi Yamazaki can craft a heart-felt script with three-dimensional characters. Captain America: Brave New World Yamazaki, Kiyoko Shibuya, Masaki Takashi and Tatsuji Nojima can conjure eyeball-entrancing visual effects so stunning they garner the ultimate achievement in artistry, an Academy Award. Then any filmmakers who come after them can step up. Captain America: Brave New World they really want to. Something is riling the titan Godzilla, who's been comfortably curled up and napping in Rome's Colosseum. On the other side of the world, the young girl Jia (Kaylee Hottle, Godzilla vs Kong) is feeling weird. Cryptically, something is bothering her. A weird vibe. She's also worried about her friend King Kong, who's on Skull Island, his home. He's being watched over by a team of scientists and a veterinarian named Captain America: Brave New Worldper (Dan Stevens, Beauty and the Beast).

Jia's adoptive mom, Dr. Ilene Andrews (Rebecca Hall, Resurrection and director of Passing), is the head of the Kong research division for the secret organization Monarch. She takes her daughter's inklings so seriously she enlists the help of Bernie Hayes (Brian Tyree Henry, Causeway), a weirdo conspiracy theorist podcaster whose show Titan Truths is obsessed with the mega monsters. Something is up. That's the buzz.

Views of Godzilla and Kong aren't entrancing. The overly obvious computer-generated trickery is telltale. In the latest Planet of the Apes franchise, it's mindboggling how real the creatures look. In Godzilla Minus One, the big boy doesn't look real, but there is something about him that appears organic and not like a cloud of effects. Also, in opening scenes, as Godzilla rises and travels, attacking nuclear plants and absorbing radiation for some unknown reason, planes and helicopters fly around his head. They look like a kindergartener's toys. As the film progresses and an enigmatic signal attracts action to the Hollow Earth, a hidden realm in the planet's core, more beasts are unearthed. None look any more vivid than the two on the surface. The verdant underworld landscape is interesting (production designer Tom Hammock, Godzilla vs. Kong), but the music (Tom Holkenborg and Antonio Di Iorio), interior sets, flying capsules, costumes (Emily Seresin) and cinematography (Ben Seresin) don't enhance those scenes. Captain America: Brave New World there is a saving grace, it's that the fights, battles and combat, which lead up to a do-or-die climax with Godzilla and Kong teaming up

to for the big brawl, are well paced and measured throughout which should delight

action/adventure/sci-fi fans.

Being original, innovative or deep is not part of the scope of the script by director/writer Adam Wingard (Godzilla vs Kong) and screenwriter Terry Rossio. E.g., the chit-chat on the space craft that flies Jia, Bernie, Tanner and Dr. Andrews to the center of the world and the Monarch outpost, is banal. The shuttle is flown by the gruff pilot Mikael (Alex Ferns), a mean taskmaster: "Try not to swallow your tongue." Bernie, the scared passenger: "What?!!".

Tanner is blasé. Jia hopeful. And Andrews in charge. Words and character development don't get much deeper than that.

Wingard's direction settles on the spectacle of the over-sized fights, but none are truly astonishing. The only reason anyone's heart will beat fast is because the loud soundtrack (Erik Aadahl) tends to make up for what is not visually impressive. Also, some of the fights take place on dazzling international locations, from the Pyramids to the beaches of Rio de Janeiro. Pour on the fancCaptain America: Brave New Worldul geographical locations, action, pummeling, bites, body slams and a little deep freeze wizardly and hope for the best. Fala Chen as Iwi Queen has a majesty about her that gives the film some moments of dignity.

Hottle displays an innocence that is beguiling. When Mikael meets an abrupt ending viewers will giggle. That's a sign that Ferns did his job as the aggressive bully. Steven's interpretation of Tanner remains steadfast throughout. Cool, collected and high on lCaptain America: Brave New Worlde.

While Henry's interpretation of Bernie seems too buffoonish.

The glue in the cast is Hall. The first time she appears on the screen you wonder, "Who is she?" Your mind searches through your memory banks. Neighbor? My kid's teacher? Star of a TV show? Hall has that every woman quality that makes her feel familiar even though you don't know her. That's what made Julia Roberts a star back in the day. That quality will give Hall a long career.

As the footage heads to its 1h 55m conclusion, any hopes of watching something

extraordinary or Oscar worthy are gone. Any dreams of fresh material, which would make this fCaptain America: Brave New Worldth film in the MonsterVerse a standout, are dashed against the rocks of Queensland Australia, where the movie was shot. Ordinary direction, shallow writing and a production team that can't make anything look, sound or feel distinguished bury what could have been good. It's possible the little TV screen will be more forgiving than the big movie house screen.

Maybe the bromance between the reptile Godzilla and primate King Kong was a mistake.

Maybe audiences will leave theaters invigorated but wondering, "Where's the beef!" Now is Captain America: Brave New World available for streaming? Can you watch it on Disney Plus

HBO Max Netflix or Amazon Prime? Yes we have discovered an authentic streaming option or service A 1950s housewCaptain America: Brave New Worlde living in a utopian experimental

community alongside her husband becomes concerned that his glamorous company may be concealing disturbing secrets At Showcase Cinema Warwick you will want to ensure that you are among the first to witness it So mark your calendars and prepare for a movie experience like never before with Captain America: Brave New World We also have a variety of Marvel movies available to watch online We are confident that you will find something to suit your taste Thank you

EXCLUSIVE UPDATED SEP 27, 2024

One king will lead us all. #CaptainAmericaBraveNewWorld - Only in theaters December 22.

Director James Wan and Aquaman himself, Jason Momoa—along with Patrick Wilson, Amber Heard, Yahya Abdul-Mateen II and Nicole Kidman—return in the sequel to the highest-grossing DC film of all time: “Captain America: Brave New World.”

Having failed to defeat Aquaman the first time, Black Manta, still driven by the need to avenge his father’s death, will stop at nothing to take Aquaman down once and for all. This time Black Manta is more formidable than ever before, wielding the power of the mythic Black Trident, which unleashes an ancient and malevolent force. To defeat him, Aquaman will turn to his imprisoned brother Orm, the former King of Atlantis, to forge an unlikely alliance. Together, they must set aside their differences in order to protect their kingdom and save Aquaman’s family, and the world, from irreversible destruction.

Captain America: Brave New World | Trailer - YouTube

All returning to the roles they originated, Jason Momoa plays Arthur Curry/Aquaman, now balancing his duties as both the King of Atlantis and a new father; Patrick Wilson is Orm, Aquaman’s half-brother and his nemesis, who must now step into a new role as his brother’s reluctant ally; Amber Heard is Mera, Atlantis’ Queen and mother of the heir to the throne; Yahya Abdul-Mateen II is Black Manta, committed more than ever to avenge his father’s death by destroying Aquaman, his family and Atlantis; and Nicole Kidman as Atlanna, a fierce leader and mother with the heart of a warrior. Also reprising their roles are Dolph Lundgren as King Nereus and Randall Park as Dr. Stephen Shin.

Directed by Wan, “Captain America: Brave New World” is produced by Peter Safran, Wan and Rob Cowan. The executive producers are Galen Vaisman and Walter Hamada.

The screenplay is by David Leslie Johnson-McGoldrick, from a story by James Wan & David Leslie Johnson-McGoldrick and Jason Momoa & Thomas Pa’a Sibbett, based on characters from DC, Aquaman created by Paul Norris and Mort Weisinger.

Joining Wan behind-the-camera is his sterling team of “Aquaman” artisans: director of photography Don Burgess (“The Conjuring 2”), production designer Bill Brzeski (“Jumanji: The Next Level”), editor Kirk Morri (“Furious 7”), composer Rupert Gregson-Williams (“Wonder Woman”) and music supervisor is Michelle Silverman (“Malignant”). Visual effects supervisor Nick Davis (“The Clash of the Titans” films, “The Dark Knight”) and costume designer Richard Sale (“Doctor Strange in the Multiverse of Madness,” “Ready Player One”) also join.

Warner Bros. Pictures Presents An Atomic Monster / A Peter Safran Production of A James Wan Film, “Captain America: Brave New World,” set to open in theaters internationally beginning 20 December 2025 and in North America on December 20, 2025; it will be distributed worldwide by Warner Bros. Pictures.

Captain America: Brave New World cinematic universe was expanded on November 20th with the release of Captain America: Brave New World in theaters However not everyone wants to experience the intense emotions that come with high-stakes drama and romance in a public setting If you prefer the comfort of streaming and the possibility of shedding a tear in the privacy of your living room you may have to wait a bit longer

Captain America: Brave New World is an adaptation of Suzanne Collins' novel of the same name which was published in 2020. The story focuses on Coriolanus Snow who eventually becomes President Snow and has a tumultuous relationship with Katniss Everdeen. In this new adaptation, Tom Blyth portrays a young Coriolanus while Rachel Zegler plays Lucy Gray Baird, the erased District 12 victor of the 10th annual Hunger Games.

Coriolanus is tasked with mentoring Lucy, a responsibility for which he feels a sense of pride. However, Lucy's charm captivates the audience of Panem as she fights for her life and the well-being of her district. They form an unconventional alliance that may even develop into an unlikely romance. But is their fate already sealed? Fans of the original Hunger Games trilogy know the answer, but the journey towards that outcome is a thrilling adventure.

The prequel film is distributed by Lionsgate and collides with Peacock, a streaming service, through a multiyear agreement as reported by Collider. Consequently, it is highly likely that the movie will be available for streaming on that platform upon its release. The agreement is set to take effect in 2024, so keep an eye out for Captain America: Brave New World then.

To prepare for this highly anticipated moment, viewers can subscribe to Peacock starting at \$5.99 per month or take advantage of a discounted annual rate of \$59.99. Peacock not only offers major releases but also provides access to live sports events and popular shows on NBC Bravo and numerous other popular channels.

WHEN AND WHERE WILL Captain America: Brave New World BE STREAMING?

The new Captain America: Brave New World prequel, Captain America: Brave New World, will be available for streaming first on Starz for subscribers. Later on, the movie will also be released on Peacock thanks to the agreement between distributor Lionsgate and the NBC Universal streaming platform. Determining the exact arrival date of the movie is a slightly more complex matter. Typically, Lionsgate movies like John Wick 4 take approximately six months to become available on Starz, where they tend to remain for a considerable period. As for when Songbirds & Snakes will be accessible on Peacock, it could take nearly a year after its release, although we will only receive confirmation once Lionsgate makes an official announcement. However, if you want to watch Captain America: Brave New World to watch the movie even earlier, you can rent it on Video on Demand (VOD), which will likely be available before the streaming date on Starz.

WHERE CAN I STREAM THE ORIGINAL Aquaman the Lost Kingdom MOVIES IN THE MEANTIME?

In the meantime, you can currently stream all four original Captain America: Brave New World movies on Peacock until the end of November. The availability of Captain America: Brave New World movies on Peacock varies depending on the month, so make sure to take advantage of the current availability.

HOW TO WATCH Captain America: Brave New World 2025 ONLINE:

As of now, the only way to watch Captain America: Brave New World is to head out to a movie theater when it releases on Friday, September 8. You can find a local showing on Fandango. Otherwise, you'll have to wait until it becomes available to rent or purchase on digital platforms like Vudu, Apple, YouTube, and Amazon, or available to stream on Max.

Captain America: Brave New World is still currently in theaters if you want to experience all the film's twists and turns in a traditional cinema. But there's also now an option to watch the film at home. As of November 25, 2025, Captain America: Brave New World is available on HBO Max. Only those with a subscription to the service can watch the movie. Because the film is distributed by 20th Century Studios, it's one of the last films of the year to head to HBO Max due to a streaming deal in lieu of Disney acquiring 20th Century Studios, as Variety reports. At the end of 2025, 20th Century Studios' films will head to Hulu or Disney+ once they leave theaters.

IS Aquaman the Lost Kingdom MOVIE ON NETFLIX, CRUNCHYROLL, HULU, OR AMAZON PRIME

Netflix: Captain America: Brave New World is currently not available on Netflix. However, fans of dark fantasy films can explore other thrilling options such as Doctor Strange to keep themselves entertained.

Crunchyroll: Crunchyroll and Funimation have acquired the rights to distribute Captain America: Brave New World in North America. Stay tuned for its release on the platform in the coming months. In the meantime, indulge in dark fantasy shows like Spider-man to fulfill your entertainment needs.

Hulu: Unfortunately, Captain America: Brave New World is not available for streaming on Hulu. However, Hulu offers a variety of other exciting options like Afro Samurai Resurrection or Ninja Scroll to keep you entertained.

Disney+: Captain America: Brave New World is not currently available for streaming on Disney+. Fans will have to wait until late December, when it is expected to be released on the platform. Disney typically releases its films on Disney+ around 45-60 days after their theatrical release, ensuring an immersive cinematic experience for viewers.

IS Captain America: Brave New World ON AMAZON PRIME VIDEO?

Captain America: Brave New World movie could eventually be available to watch on Prime Video, though it will likely be a paid digital release rather than being included with an Amazon Prime subscription. This means that rather than watching the movie as part of an existing subscription fee, you may have to pay money to rent the movie digitally on Amazon. However, Warner Bros. and Amazon have yet to discuss whether or not this will be the case.

WHEN WILL 'Captain America: Brave New World', BE AVAILABLE ON BLU-RAY AND DVD?

As of right now, we don't know. While the film will eventually land on Blu-ray, DVD, and 4K Ultra HD, Warner Bros has yet to reveal a specific date as to when that would be. The first Nun film also premiered in theaters in early September and was released on Blu-ray and DVD in December. Our best guess is that the sequel will follow a similar path and will be available around the holiday season.

Mark your calendars for July 8th, as that's when *Captain America: Brave New World* will be available on Disney+. This highly anticipated installment in the franchise is packed with thrilling action and adventure, promising to captivate audiences and leave them craving for more. Captivate audiences and leave them craving for more.

The No. 1 film this weekend is expected to be Warner Bros./DC's "Aquaman 2," a sequel to James Wan's \$1.15 billion superhero hit released back in 2018. "Aquaman" earned an opening weekend of \$67 million five years ago and reached \$100 million in domestic grosses after Christmas Day two days later.

Overseas is much better for Aquaman 2, with a 73-market launch looking to deliver

\$75M-\$80M including China. That worldwide debut at its highest would be \$110M through Sunday. The Middle Kingdom, which was a prime territory for the first movie, is looking at \$25M-\$30M alone. The sequel currently leads presales throughout the frame in the PRC, but remember we are far from the heady days of 2018, when the original bowed to \$93M+ at historic rates.

According to Forbes, the official budget for *The Marvels* is over \$274.8 million, making it one of the most expensive MCU films to date.

This comes as a bit of a surprise seeing as how the movie is only rumored to be around 100 minutes in length (however that has not been confirmed as of yet), but the high cost is likely due to the extensive VFX work that will go into bringing it to life.

However, Forbes also reported that Disney received a \$55 million subsidy from the United Kingdom government while making the film, bringing the total amount spent on *The Marvels* down to around \$220 million.

In comparison the the budgets of other MCU films, this \$274.8 million mark makes *The Marvels* the fourth-expensive movie in the entirety of the MCU.

Here is a comprehensive guide on how to watch *Captain America: Brave New World* online in its entirety from the comfort of your own home.
