

WELCOME

Welcome to the 50th Eastern Economic Association Annual Meetings which will be held at the Sheraton Boston Hotel in Boston, Massachusetts. Our incoming President-Elect **Joyce Jacobsen**, session chairs, organizers, and review committee have done a superb job putting together this year's program. I hope you will be as excited as I am to see the substantial intellectual depth and breadth of the sessions. The program furthers the EEA's tradition of encouraging intellectual debate, open to all points of view and areas of economic inquiry. I would particularly like to welcome those presenting at the conference from other regions of the country and other parts of the world.

The *Eastern Economic Journal*, our Association's publication, has continued to flourish under the editorial leadership of **Cynthia Bansak** and **Alan Zebedee**. Two officers of the Association, **Alexandre Olbrecht**, our Executive Director, and **Natalia Smirnova**, our Treasurer, deserve special thanks for their ongoing work tending to the business of the Association. Finally, I would like to thank The Anisfield School of Business at Ramapo College of New Jersey, the College's Board of Trustees and its President, **Cindy Jebb**, for providing a home base for the EEA.

This year the conference returns to Boston, where the Association had its final meeting within days of the entire world shutting down due to a global pandemic in March 2020. At that time, none of us could have imagined that conference would be the last "normal" conference we would attend, where wearing a mask and social distancing were foreign concepts. Yet despite the changes in the world, it is great to see everyone able to get together again to share and collaborate on work in the field of economics. While things might be a little different, the comradery and support EEA members show each other in their academic endeavors has not changed. This is what is special about the EEA.

In my time as President-Elect and now President, I have been impressed by the passion that members bring to this organization. From the excitement among conference attendees to being back together and getting to discuss their research, to the dedication that officers and staff of the Association show to their job, this is a terrific association.

This conference marks the end of my term as president of the Eastern Economic Association. I know the organization will be in good hands with incoming President **Glenn Hubbard**. Finally, and most importantly, I am grateful to you, the membership, for your consistent enthusiasm for the work of the EEA.

Credits and Thanks

The program chair for this conference is **Joyce Jacobsen**. Other session organizers and those listed as the program committee did much of the work. A continuing thanks needs to be made to our organizing committee who through the years have been an instrumental part of building the conference program. Those individuals are:

Ari Belasen, Southern Illinois University- Edwardsville

Juan Cabrera, Ramapo College of New Jersey

Nancy Fox, Saint Joseph's University

Timothy Haase, Ramapo College of New Jersey

Julio Huato, St. Francis College

Donn Johnson, Quinnipiac University

Barry Jones, SUNY - Binghamton

Jane Ruseski, West Virginia University

Alexandre Olbrecht, Ramapo College of New Jersey

Robert H. Scott III, Monmouth University

The content for this guide and its online version were produced at the Anisfield School of Business at Ramapo College of New Jersey. The Association thanks its Webmasters, **Robert Josic** and **Angela Moore**, and its very sleep deprived volunteer student assistants. We also thank **Brad Smith** for running our conference software.

I'd like to personally thank everyone who contributes their time and energy in making this Association be successful. I'd like to give a special congratulations to "young" **Alex Cardazzi** for his election to the EEA Board of Directors. Somehow as my student at RCNJ he managed to learn something about economics despite my best efforts to focus his attention on sports related matters. And finally, I have come to the realization that it will be far more likely I will retire from the EEA (which isn't happening any time soon) than the New York Jets winning a super bowl.

If there is anything myself or my staff can do to make your experience more enjoyable, please let us know.

Alexandre Olbrecht

EEA Executive Director

Absenteeism / Professionalism

The Eastern Economic Association does its best to ensure that sessions are filled at the time of acceptances. However, we cannot guarantee that presenters, chairs, and discussants fulfill their professional obligation of attendance and performance. In the case of a chair being absent, the first available presenter shall act as chair.

Please inform the EEA staff of any non-participation by a scheduled presenter, chair and discussant, as this information contributes to subsequent acceptance decisions by the program committee.
