ASBESTOS PROJECT NOTIFICATION
(OCCUPIED BUILDING)

To: Building Occupants
Subject: Asbestos Abatement
Location: Academic Building
         Core 2 (Between A-Wing and B-Wing)
Date of Notice: May 7, 2014
Date of Activity: June 2, 2014 – July 30, 2014

There will be an asbestos abatement project within the academic building, core 2 (between A-wing and B wing), on, or shortly after, the date noted above. The work will not impact the day to day activities of occupants within their respective work areas. Work will be confined to the abatement activities within the core 2 (all levels), with all necessary environmental controls implemented. Throughout the abatement work, air samples will be collected to ensure that the air quality in regard to asbestos is within acceptable levels. Contractor access to the building will be limited to the exterior entrance on the first floor level of core 2 and from the roof access of core 2. Access for occupants will not be impacted other than the first floor entrance of core 2 (between A-wing and B wing). Any questions relative to the abatement activity should be directed to Ms. Gina Mayer-Costa, Director of Environmental Health and Safety, Ramapo College of New Jersey, at (201) 684-7531.

All activities will be monitored by USA Environmental Management, Inc., 344 West State Street, Trenton, New Jersey, telephone (609) 656-8101. Project plans and specifications are available for review at the office of USA Environmental Management, Inc., and/or at the field office of Cambridge Construction Management.
