When a student earns a grade of C- or lower in a course, that student may use the repeat grade option to retake the course and have the initial grade replaced by the new grade. This option is only available twice during a student's academic career at the College and only when the course content is identical to the earlier course and carries the same number or greater number of credits, and only with approval prior to enrollment in the course by the Advisement Center.

The meeting was adjourned at 12:30 P.M.

Respectfully submitted,
G. Gonpu
