

GECCo Update

New GECCo charge (voted on last year) includes making revisions to the General Education program.

Faculty, Staff, and Student feedback and LACES Task force recommendations need to be considered.

Retreats over the summer focused on competencies and literacies and developing preliminary plans.

GECCo Update

GE should be:

Mission-Driven - Align with the Mission and consider Middle States

Smaller - allow for more room in 4-year plans; double majors, minors, more electives

Clearer - structure to be easy to follow for students, faculty/staff, and outsiders

Equitable - will not penalize transfers or students that change majors
