Ramapo College Foundation

(A Component Unit of Ramapo College of New Jersey)

Financial Statements
As of and for the years ended

June 30, 2016 and 2015
Independent Auditors’ Report

To the Board of Governors of
Ramapo College Foundation

We have audited the accompanying financial statements of Ramapo College Foundation, a component unit of Ramapo College of New Jersey, which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Ramapo College Foundation as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

1. Organization

The mission of Ramapo College Foundation (the Foundation) is to provide the resources that make the difference in Ramapo College’s quest for educational excellence. The purpose of the Foundation is to stimulate, solicit, receive and promote the receipt of resources from grants, bequests and gifts and to use such resources to enhance, support and complement the total mission of Ramapo College of New Jersey (the College). The Foundation also includes the accounts and activities of the Alumni Association of Ramapo College and the Friends of Ramapo.

Income Taxes

The Foundation is exempt from income tax under the Internal Revenue Code Section 501(c)(3).

2. Summary of Significant Accounting Policies

Basis of Presentation and Use of Estimates

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (US GAAP) which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Net Asset Presentation

The Foundation reports information regarding its financial position and activities according to three classes of net assets based on donor imposed restrictions: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted

The part of net assets that is neither permanently nor temporarily restricted by donor-imposed stipulations are classified as unrestricted.

Temporarily Restricted

Net assets resulting from contributions and other inflows of assets whose use by the Foundation is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Foundation pursuant to those stipulations are classified as temporarily unrestricted. When such stipulations end or are fulfilled, such temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.
2. Summary of Significant Accounting Policies (continued)

Net Asset Presentation (continued)

Permanently Restricted

Net assets resulting from contributions and other inflows of assets whose use by the Foundation is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Foundation are classified as permanently restricted.

Board Designated Net Assets

Board designated net assets are unrestricted funds which the Board of Governors has identified to be used for specific purposes. Because these funds have not been restricted by donors, they are classified as unrestricted.

Contributions

All contributions including unconditional promises to give (pledges) are reported as revenues in the period received or when there is verifiable documentation that the pledge is promised. Contributions received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted. When a temporary restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Contributions due in more than one year are reflected at the present value of estimated future cash flows using a risk adjusted discount rate and the discount is amortized as additional contribution revenue over the expected life of the pledge.

The Foundation often receives significant donations from single donors. As such, there is a concentration of donations received from single sources. Of the donation reported on the Statement of Activities, for the year ended June 30, 2016, 23% of the donations were provided by two donors and for the year ended June 30, 2015, 55% of the donations were provided by five donors.

Conditional contributions are not recorded by the Foundation until they become unconditional, that is, when the conditions on which they depend are substantially met. The Foundation has been named beneficiary in several estates. These amounts are deemed conditional and are not recorded as revenue by the Foundation until the wills have been probated. The Foundation had conditional gifts of approximately $2,708,000 at June 30, 2016 and 2015, respectively.

The Foundation has recognized in-kind revenue and a corresponding expense for contributed services associated with personnel who are paid directly by the College and are not subject to reimbursement by the Foundation.
2. Summary of Significant Accounting Policies (continued)

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid short-term investments with a maturity of three months or less at the time of purchase. The carrying amounts of cash and cash equivalents approximate fair value because of their short-term maturities.

Allowance for Uncollectible Promises to Give

The allowance for doubtful accounts is based on management’s evaluation of outstanding promises to give at the end of each year.

Fair Value of Financial Instruments

The Foundation follows US GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

The fair value by level of the Foundation’s investments are included in Note 4 to the financial statements.

Investments

Investments in marketable equity and bond mutual funds are valued at fair value in the statement of financial position. Certificates of deposit are valued at cost plus accrued interest which approximates fair value due to their short-term to maturity. Unrealized gains and losses are included in the change in net assets. Investment income or loss is included in the statement of activities as increases or decreases in unrestricted net assets unless the income or loss is restricted by donors.

The Foundation seeks to achieve current income and capital appreciation while attempting to limit risk through the use of a diversified investment policy that minimizes the concentration of risk.

Annuities Payable

Included in the investments held by the Foundation and temporarily restricted net assets are investments in annuity income funds arising from contributions which are subject to agreements to pay donors a fixed annuity over the remainder of their lives. The net present value of the actuarially expected annuity payments is recorded as a liability and adjusted annually for changes in the estimates of future benefits.
2. **Summary of Significant Accounting Policies (continued)**

**Functional Allocation of Expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis in the notes to the financial statements. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

**Accounting for Uncertainty in Income Taxes**

The Foundation recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Foundation had no uncertain tax positions that would require financial statement recognition. The Foundation is no longer subject to examinations by the applicable taxing jurisdictions for the periods prior to 2013.

**Subsequent Events Evaluation by Management**

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 7, 2016.

3. **Unconditional Promises to Give Receivable**

Contributions due in more than one year are reflected at the present value of estimated future cash flows using a risk adjusted discount rate of 5.00% for the years ending June 30, 2016 and 2015.

Unconditional promises to give receivable at June 30, 2016 discounted to fair value are summarized as follows:

9. Endowment Funds

The Foundation maintains various donor-restricted and board-designated endowment funds whose purposes are to provide long term support for the programs of Ramapo College of New Jersey. In classifying such funds for financial statement purposes as either permanently restricted, temporarily restricted or unrestricted net assets, the Board of Governors looks to the explicit directions of the donor or the Foundation’s Board where applicable and the provisions of the laws of the State of New Jersey. The Board has determined that, absent donor stipulations to the contrary, the provisions of State law do not impose either a permanent or temporary restriction on the income or capital appreciation derived from an original gift.

For the years ended June 30, 2016 and 2015 the Foundation utilized a spending rate of 5% of the three year rolling average of the fair market value of each endowment. The spending rate is set each year by the Board and is subject to the terms of each endowment agreement.

The following is a reconciliation of the activity in the Endowment funds for the years ended June 30:

10. **Transactions with College**

The Foundation makes payments to the College to reimbursement of certain expenditures including salaries and fringe benefits. These expenditures were $3,758,392 and $4,091,547 for the years ended June 30, 2016 and 2015, respectively. Of these amounts, the amounts due to the College as of June 30, 2016 and 2015 were $2,341,488 and $1,674,000, respectively.

11. **Risk Concentration**

The Foundation maintains its bank accounts and certificate of deposits at several financial institutions which at times may be in excess of Federal Deposit Insurance Corporation insured limits.

12. **Restricted Grants**

The Foundation receives funding for specific College grants from various agencies, and the grant expenses are those incurred in connection with the completion of these projects. The most significant of these grants in fiscal 2016 and 2015 is the Environmental Outreach at the Meadowlands; the funding is received from a grant from New Jersey Meadowlands Commission. Revenue from this grant was $728,378 and $658,462 in 2016 and 2015, respectively.
