Recommended Four-Year Plan (Fall 2022)

The recommended four-year plan is a blueprint for students to complete their degrees within four years. Advisors help students design individualized plans based on this blueprint. This plan assumes that no developmental courses are required. If developmental courses are needed, students may have additional requirements to fulfill.

NOTE: This recommended Four-Year Plan is applicable to students admitted into the major during the 2022-2023 academic year.
