**Dear Employees:**

**Welcome Back and Happy New Year!**

As I indicated to you in my email on December 22, 2020 regarding the Spring Semester, I write to you today to provide additional information.

As we continue to assess operational requirements for the Spring Semester in conjunction with County and State guidance, we have determined that going forward each division head together with Human Resources will determine the on-campus operational requirement for your position. Your supervisor will advise you of your return to campus date and the days you will be required on campus to meet the needs of our students and your unit.

We will continue to monitor the pandemic as it relates to our campus and pivot as needed with the safety of our students, faculty and staff at the forefront of each decision. Thank you for your continued support in helping the College resume a vibrant spring semester in these unprecedented times.
