Introduction & Acknowledgments

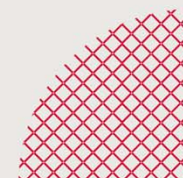

It's an honor for me to present the "2024 Fact Book" to the college community, which depicts pertinent and important information for the institution. The Fact Book is an important document for the institution as it provides a comprehensive picture of the institution, including information regarding its growth and vitality. The Fact Book is an evolving document, and we have made efforts to include information that is pertinent, succinct, and beneficial to the users of the document, including adding the executive summaries to each chapter. Most importantly, the Fact Book provides trend data for demographics of our students and employees, enrollment in programs, and student outcomes. The longitudinal data is available from fall 2020 to Fall 2024 for the most part, but may vary by fiscal year, depending on data availability. We expect that the information in the current Fact Book will assist the college community in understanding the college's progress, support decision-making, and provide data to various external constituencies as needed.

Currently, Ramapo College offers over 44 bachelor's degrees in the arts, business, humanities, social sciences and the sciences, as well as in professional studies, which include Nursing, Business, and Social Work. In addition, Ramapo College offers courses leading to teacher certification at the elementary and secondary levels. As of spring 2024, the College offers 11 graduate programs and 1 doctoral program in Nursing Practice. Ramapo has articulation agreements with 8 institutions in the health professions in New York and New Jersey.

Putting a document together requires many hands, and I would like to extend my gratitude to all those who helped with this document. Although it is tough to thank everyone individually, I'd like to especially thank Mr. Taulant Asani, Research Specialist in the Office of Institutional Research, for creating this Fact Book. I would also like to thank Ms. Bibhuti Ghimire, student intern in the Office of Institutional Research, for spending her time and effort on this Fact Book over the year. Thanks, are also due to Mr. Divas KC, student intern in the Office of Institutional Research, who also assisted in updating the Fact Book. My sincere thanks to my department for their hard work and dedication to this create the Fact Book in its current format. I would also like to thank the Office of Teaching, Learning and Growth, Strategic Enrollment, Outreach and Engagement, and the Office of People Operations and Employee Resources for helping us with the information for the Fact Book.

Please note that your recommendations and suggestions are very valuable in shaping the next Fact Book. Please email your suggestions at rcnj-ir@ramapo.edu.

Ramapo College of New Jersey 2024 Fact Book

Chapter 1: New Students

Executive Summary

- Ramapo College welcomed its largest cohort of new first-time degree-seeking students in 2024, with a total of 1,126 students. (**Table 1.1, page 1**)
- The percentage of first-time, first-generation students who accepted Pell Grants increased from 54.4% in 2020 to 62.2% in 2024. (**Table 1.4.3, page 14**)
- Bergen County accounted for **46.4%** (n = 178) of the incoming transfer students; additionally, there was a **34.1%** increase in transfers from Bergen County Community College between 2023 and 2024. (**Table 1.9, p. 25; Table 1.13, p. 48**)
- There was a **37.9%** increase in first-time graduate degree-seeking students aged 18 to 24 from 2023 to 2024. (**Table 1.15.1, page 51**)
- The percentage of minority students among first-time graduate degree-seeking students rose from **28.8%** in 2023 to **37.3%** in 2024, (**Table 1.15.2, page 52**)

Important Highlights:

- RCNJ's popularity as a first-choice school rebounded strongly by Fall 2024 after a dip in 2021. **(Figure 1.6, page 7)**
- From 2020 to 2024, RCNJ saw 13% growth in new students, nearly 140% growth in second B.A. students, and declines in Transfer Students (-7.5%) and Re-Admits (-26.2%). **(Table 1.2, p 8)**
- SAT submissions were high in 2020 (~90%) but dropped sharply after a test-optional policy launched in Fall 2021. High school rank submissions also dropped to near-zero in 2021 and 2024, with moderate reporting in 2022–2023 (~35–39%). **(Table 1.3, page 10)**
- The RCNJ student body is majority female, with a growing gap. Age distribution across students remains stable and youthful, dominated by the 18–24 range. Overall, enrollment has seen a healthy increase of nearly 13% over five years. **(Table 1.4.1, page 11)**
- Hispanic enrollment is the fastest growing group among RCNJ's first time degree seeking students, with a 50% increase since 2020. **(Table 1.4.2, page 12)**
- The number of first-generation RCNJ students is steadily rising, with a notable increase in Pell Grant recipients. In addition, female first generation representation remains strong and is increasing faster than male. **(Table 1.4.3, page 14)**
- Hispanic students, particularly those identifying as Hispanic and White, are the fastest-growing significant racial group among first-time, first-generation RCNJ students. **(Table 1.4.4, page 15)**
- Most RCNJ students still originate from New Jersey (93.7%), but the percentage of out-of-state and international students has grown steadily since 2020. While Bergen County remains the largest contributor in raw numbers, the largest relative increases are coming from underrepresented or historically small counties and out-of-state populations. **(Table 1.5, page 16)**
- ASB programs with significant growth in FT/FT enrollment include Finance, International Business, and Information Technology Management. While small increases among FT/FT students are seen in English & Literary Studies and Spanish, HGS enrollment is shrinking overall. In CA steady growth is observed among FT/FT students in Theater and Communication Arts. **(Table 1.6, page 18)**
- Overall enrollment by FT/FT students in SSHS has increased by 14.5% since 2020. Growth occurred in five of the nine SSHS programs for which there is five years of data. Overall enrollment by FT/FT students in TAS has increased by 20% with notable growth observed in Biology and Medical Imaging Sciences. **(Table 1.6, page 19)**
- Enrollment of first-time, degree-seeking students by school remained steady between 2020 and 2024. **(Figure 1.9.b, page 20)**
- RCNJ experienced a notable decline in transfer student interest between 2015–2021. Since 2021, there's been a steady recovery, with 2024 marking a 3-year high in transfer student applications, admissions, and enrollments. Yield among transfer students has remained relatively steady over the decade. **(Figure 1.10, page 22)**
- RCNJ transfer students aged 18–24 dominate, but older age groups are growing, particularly those 40 and older. **(Table 1.8.1, page 23)**
- Only the 18–24 age group saw growth in first-time graduate student enrollment. **(Table 1.15.1, p. 51)**
