

RAMAPO COLLEGE STOCK MARKET TRADING LAB OFFERS SUMMER FINANCIAL LITERACY CAMP FOR HIGH SCHOOL STUDENTS

MAHWAH, N.J. – Ramapo College, through its Center for Innovative and Professional Learning, is accepting registrations for the **Financial Literacy & Stock Market Trading Program** for high school students entering 9th-12th grades. The program focuses on financial literacy and the stock market to help high school students establish good financial habits.

Through interactive hands-on activities, students learn about the importance of saving, budgeting and building a credit record. Students also become engaged in the world of finance and the stock market in fun and interactive sessions in the College's Global Financial Markets Trading Laboratory. This authentic stock market trading room, complete with electronic ticker display carrying financial data from multiple world markets, brings the experience of Wall Street and the global marketplace to the students' summer.

Program participants choose from two sessions: July 13-17 or August 3-7. The sessions take place in the college's Global Financial Markets Trading Laboratory in the Anisfield School of Business, Room ASB-527. Registration is completed online at www.ramapo.edu/cipl/youth/stockmarketfinlit.html

Additional summer youth programs for high school students include Game Design Camp, CompTIA A+ Certification & Computer Camp and The Princeton Review SAT Prep *Plus* College Immersion program. For middle school grades, students may attend the full-day Ramapo Explorers-STEM Middle School Academic Camp that runs three 2-week sessions and covers such topics as Robotics, 3-D Animation & Programming, Math, Virtual Science Lab, Aerospace Engineering, Coaster Challenge and more.

The Ramapo College of New Jersey youth/pre-college programs are directed by the Center for Innovative and Professional Learning. The Center supports postgraduate professional education, workforce development and alternative learning. The Center also engages in internal and external educational partnerships to advance the College and provides innovative continuous learning opportunities for community members of all ages.
