Ramapo College Partners with Bergen New Bridge Medical Center for Vaccination Clinics

MAHWAH, N.J. – Rolling up your sleeves for a vaccine is about to get a little easier. Ramapo College of New Jersey is pleased to announce a partnership with Bergen New Bridge Medical Center to utilize the College's Mahwah campus to host a series of COVID-19 vaccine clinics this summer. The clinics, which are open to the public, are scheduled for July 14 and July 20 from 3-6 p.m.

Both the Pfizer and Johnson & Johnson vaccines will be available and are free to all individuals, regardless of insurance status. The CDC advises that individuals ages 12 and older are eligible to receive the Pfizer vaccine, which requires two doses, and individuals ages 18 and older are eligible to receive the one-time Johnson & Johnson vaccine.

Registration is required in order to receive either the Pfizer vaccine or the Johnson & Johnson vaccine. For individuals who opt to receive the Pfizer vaccine, the second dose will be available on Ramapo's campus on August 4 and August 10, from 3-6 p.m.

Individuals can visit www.ramapo.edu/health/covid-19-vaccine/clinic/ for registration and other information. The New Bridge Medical Center staff will administer the vaccines.

Individuals are required to bring their driver's license or other form of ID, and, if applicable, an insurance card to their appointment. Questions about the vaccine program can be directed to UniversityVaccines@newbridgehealth.org

Ramapo College is requiring that all students be fully vaccinated for the fall 2021 semester. For more information, visit www.ramapo.edu/health/covid-19-vaccine/
