RN/BSN ARTICULATION PROGRAM
BETWEEN
RAMAPO COLLEGE OF NEW JERSEY
AND ROCKLAND COMMUNITY COLLEGE

AGREEMENT made and entered into on 7/11/19 by and between Ramapo College of New Jersey, hereinafter referred to as RCNJ and Rockland Community College, hereinafter referred to as RCC.

WHEREAS, RCNJ is baccalaureate and master's degree granting college dedicated to the provision of instruction in the humanities; the natural, behavioral and social sciences; business, education and social work; and health professions;
and

WHEREAS, RCC is an associate's degree granting community college dedicated to offering a comprehensive set of affordable, accessible, high-quality credit and non-credit courses as well as degree and on-degree programs;
and

WHEREAS, RCNJ and RCC wish to conduct strong educational programs grounded in the strengths of both institutions without needless duplication of resources;

NOW THEREFORE, RCNJ and RCC wish to confirm in writing the terms of mutual and individual responsibilities related to the articulated program of education leading to a Bachelor of Science in Nursing.

I. General Description of the Program

- A. **Design of the Program** – RCNJ proposes a plan whereby Nursing students who have earned the associates degree in Nursing from RCC, can enroll in the RCNJ BSN program through a program of study that includes courses taught at RCC and courses at RCNJ. The program will allow transfer of up to 92 credits from RCC and require that all BSN graduates satisfy the upper level Nursing and remaining degree completion coursework as identified in the curriculum checklist. Any and all students who complete the AS in Nursing degree through RCC, wishing to participate in this articulation agreement and earn up to 92 transfer credits, must satisfy the identified courses through prior transfer credit from an accredited institution or RCC, prior to the enrollment in the BSN program at RCNJ.

- B. **Routes of Entry** - RCC students who meet the established admission criteria will need to apply through the RCNJ Office of Adult and Graduate Admissions. All students must meet the standard admissions requirements. All students participating in the outlined plan will maintain financial aid eligibility and maintain satisfactory academic progress.
- C. **The Program** – The chart below outlines the Ramapo portion after completion of the AS degree and additional credits. The BSN portion may be completed in 3 semesters for those completing the 92 credits through RCC.

The RCNJ advisor would meet with pre-Nursing students, current Nursing students, and graduating Nursing

students to advise them accordingly as they prepare for, start, and complete the articulation agreement coursework.

Students in the RCC AS Nursing program who have identified that they wish to progress through this articulation program and to the RCNJ BSN will apply to RCNJ in their last semester at RCC and their application fee will be waived.

RCNJ College Graduation Requirements

This MOU allows for exceptions to RCNJ's current transfer and residency requirements for students who transfer to RCNJ through this agreement. All upper level Nursing requirements and other courses outlined in the remaining (36) credits in the curriculum checklist must be RCNJ to ensure that the final 36 credits of a student's program courses are taught by RCNJ faculty.

Program Quality Control

RCNJ and RCC will establish a committee to monitor the course equivalencies and academic preparation of students to ensure each program continues to meet its professional standards. The RCC Associate Dean of Nursing and the Assistant Dean of RCNJ Nursing program will meet twice a year with the advisors from each program and review the progress of the program as well as processes, procedures, and student learning outcomes.
