## FORM SUBMISSION

SUBMIT AND CONTINUE TO SPECIFY EXAM DATES >

**NEW**: One of the main new features of this update is that you can now specify exam dates in advance. This will allow your students reservations to be automatically accepted. Additionally you no longer need to wait for students to make a reservation to upload your exam. This can be done as you are specifying the exam dates. Once you have specified your exam dates you will receive an automated email with a copy of the agreement. Any errors or future updates can easily be made through the Instructor Portal.

**TIP**: You can add an approval grace period to allow your students to make those exam reservations a few days before or after the main testing date.

**NEW:** Exam Instructions are another new feature added in this update. This is a section that goes along with Specifying exam dates. These are instructions that can be individually added to each exam. This is meant for exam passwords or if there are instructions that apply to only certain exams. These can be added when specifying an exam date within the exam instructions box.
