PROGRESS REPORT

DECEMBER 15, 2015

ABOUT THIS PROGRESS REPORT:

This is a progress report on the recommendations housed in *Ramapo: Advance*.

Ramapo: Advance was originally issued by the College in August 2015. It is a plan to advance campus safety at the college. *Ramapo: Advance* is a promise to take immediate, substantive action to improve how we work to educate our students and prevent sexual misconduct and alcohol abuse within our community, as well as to ensure cases are swiftly and fairly adjudicated.

Our purpose for publishing *Ramapo: Advance* was to publicly share our plan for integrating and activating campus safety recommendations contained in two separate reports produced by external experts.

TO REPORT AN INCIDENT

If you are a victim and/or survivor of sexual assault and would like to speak with someone, we are here to help you. We are committed to providing timely support and assistance to victims and/or survivors* of sexual violence. In the aftermath of a sexual assault, victims and/or survivors have many options for support, reporting, and advocacy services.

Confidential support is available 24 hours a day, 7 days a week.

Any student in need of immediate assistance should call Counseling Services at **201-684-7522** during regular business hours. After hours, please contact Public Safety at **201-684-6666** to contact an emergency counselor.

Anonymous Reporting:

The Public Safety Department Complaint Form is available at www.ramapo.edu/publicsafety/complaint-form for anonymous reporting.

To file a report, a victim and/or survivor can contact any of the following: the Title IX coordinator, the Office of Public Safety or the Mahwah Police Department. Specific information is available at www.ramapo.edu/get-support

Please be aware that by contacting The Public Safety Department, a victim and/or survivor is not obligated to file an incident report. At the victim and/or survivor's request, only an anonymous crime report will be completed for statistical purposes.

***A note on language:** Throughout our resources, the words “victim” and “survivor” are used interchangeably. We respect the decision of those who have experienced violence to identify as a victim or a survivor. We recognize that choosing to identify as a survivor is an important part of the healing process for some who have experienced sexual violence.

INTRODUCTION

This plan is a commitment to our students, their parents, our stakeholders, and to the entire community. It's a promise to take immediate, substantive action to improve how we work to educate our students and prevent sexual misconduct and alcohol abuse within our community, as well as to ensure cases are swiftly and fairly adjudicated.

Our purpose for publishing *Ramapo: Advance* is to publicly share our plan for integrating and activating campus safety recommendations contained in two separate reports produced by external experts. D. Stafford & Associates, a campus safety and security consultant evaluated our existing policies against statutory and regulatory compliance requirements and current best practices in campus safety. A second report by former New Jersey Attorney General Anne Milgram evaluated campus policies and practices with an objective to address potential issues and submit recommendations for Ramapo to consider for longer term enhancements.

Each initiative within this plan is pegged to a recommendation made by one or both consultants. Each initiative is actionable, measurable, and is designed with specific intent to establish long-term best practices at Ramapo. This plan also establishes mechanisms for continual review, evaluation, and enhancements to our policies, procedures, and practices, ensuring we will always advance campus safety.

Ramapo: Advance is a forward-looking, solutions-based plan that establishes an ambitious but achievable agenda for advancing campus safety. As we implement these initiatives, we will remain focused on our mission to provide students a strong foundation for a lifetime of achievement.

Throughout my interactions with Ramapo and its constituents, I have been deeply impressed by the commitment of the entire college community to providing a safe campus for its students.

... The seriousness with which the administration at Ramapo has taken this matter has been evident in the level of access that I have been provided. At all times throughout my review I have been given complete and full access to both people and information.

When reviews such as this occur, a temptation exists to focus only on the areas in need of further reform. Here, I would encourage a focus on the positive: it is unusual for a college to take such a deep and searching lens to itself to figure out how to do better. This, above all, should be encouraged and seen in the spirit for improvement with which it has come.

-Former Attorney General Anne Milgram, Esq.
"Ramapo College Report and Recommendations"

ABOUT THIS PLAN

Ramapo: Advance was substantially informed by an in-depth report prepared by the consulting firm, D. Stafford & Associates, a leading authority on Title IX and Clery Act compliance. The firm is an organizational member of the International Association of Campus Law Enforcement Administrators (IACLEA) and the International Association of Professional Security Consultants (IAPSC). The report was initiated in December 2014 and concluded July 1, 2015 after more than six months of research and analysis. During that time, three students, 23 administrators, and faculty representatives from College-wide groups were interviewed.

- A comprehensive audit of Title IX compliance, including a review of existing sexual misconduct policies and procedures and Title IX procedures.
- A review of the college's organizational structure for managing Title IX cases.
- A feasibility analysis of forming a unified Title IX policy/process that covers all aspects of Title IX from education and prevention to informal and formal resolution.
- An assessment of the manner in which College staff is trained to manage and report sexual misconduct, alcohol and other drug education, and bystander intervention.
- A review of the disciplinary process used for cases of sexual misconduct.
- A review of how the College enforces policies related to sexual assault and alcohol.

Ramapo: Advance was also informed by a report produced by former New Jersey State Attorney General Anne Milgram which was furnished on July 29. The request made of her was twofold: review and comment on Ramapo College's policies for defining and adjudicating sexual assault and alcohol complaints and, secondly, provide an overarching commentary on the Stafford report's delineation of an appropriate policy structure. Milgram interviewed three students, four administrators, and the Chair of the Board of Trustees.

By comparison to the Stafford report, Ms. Milgram's task was more oriented to the culture and operations of the College so it is to be expected that some of her recommendations would raise broader policy issues that will require internal discussion and deliberation.

Ramapo College of New Jersey would like to sincerely thank D. Stafford & Associates and Ms. Milgram for their analyses and recommendations, which are the foundation for this plan.

6. CONTINUE TO IDENTIFY AND TRAIN ALL CAMPUS SECURITY AUTHORITIES AS DEFINED BY THE CLERY ACT

STRATEGIC INITIATIVE

Colleges must identify those individuals and organizations from which crime statistics are to be collected. These individuals/organizations are called Campus Security Authorities (CSAs). CSAs include all of the following:

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g. an individual who is responsible for monitoring the entrance into institutional property).
- Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings.

Ramapo shall continue to send annual notices each December to all campus leaders (Deans, Directors, and Department Heads) to ensure the list of Campus Security Authorities, as defined by the Clery Act, remains current. The notices will articulate the definition of Campus Security Authority and request campus leaders’ assistance in identifying staff members within their areas of responsibility who also meet the definition.

Employees holding such positions shall be added to a master list maintained by the College each academic year for review by the U.S. Department of Education.

A Responsible Employee would include any employee who has the authority to take action to redress harassment, who has the duty to report to appropriate school officials sexual harassment or any other misconduct by students or employees, or an individual who a student could reasonably believe has this authority or responsibility.

- “Campus” is defined as buildings or property owned or controlled by the institution within the same reasonable contiguous geographic area and used by the institution in a manner related to the institution’s educational purpose, including residence halls and retail space used by food vendors.
- A “Non-Campus Building or Property” is any building or property owned or controlled by the institution for education-related purposes and that is not reasonably contiguous to the campus. This includes off-campus sports complexes, laboratories and the like, and includes property owned or controlled by a school’s recognized student organizations, such as fraternities or clubs.
- “Public Property” means property located within the same reasonable contiguous geographical area of the campus, like a sidewalk, street, or thoroughfare.

Ramapo: Advance represents our long-term commitment to continually advance campus safety at Ramapo College of New Jersey.

Our plan is ambitious and its timeline is aggressive; however, we firmly believe it is eminently achievable. Every member of Ramapo College is a stakeholder in the matter of campus safety and our dialogue on these matters is sure to continue. As with all significant undertakings, some delay and adjustment is unavoidable. We will take care to post updates online at www.ramapo.edu/advance.

We wish to acknowledge and thank our trustees, law enforcement partners, and the students, faculty, staff, administrators, and volunteers who have given so much of themselves to the purpose of keeping our campus safe. Your service is deeply appreciated, and we look forward to a continuing partnership with you as we move forward to advance this plan.
