December 1, 2020

To: Members of the Ramapo Community

From: Christopher Romano, Vice President for Enrollment Management and Student Affairs

Re: Annual Report on Campus Security and Fire Safety 2020

As we do each year, consistent with federal law, Ramapo College completed its Annual Report on Campus Security and Fire Safety for 2020.

The report contains three years’ worth of campus crime statistics as well as public safety policy statements, fire safety information, and information on how students, faculty and staff should report crimes. The report uses federally-mandated definitions concerning the locations and types of crimes in order to allow for comparisons across college campuses. The Ramapo data, along with comparable information from other colleges and universities, are published electronically by the U.S. Department of Education. The data can be viewed at http://ope.ed.gov/security.

I hope you will read this annual report on campus security and fire safety and become familiar with the services and programs that are available to help keep Ramapo and its constituents safe. The safety of our campus is a responsibility that we all have and I thank you for your continued efforts to be familiar with and react to issues as they arise.

As a reminder, if you need to reach Ramapo Public Safety for any reason, call them directly at (201) 684-6666. I encourage you to add the number of the RCNJ Department of Public Safety into your cell phone. In an emergency, dial 911 or press the red button on any emergency Blue Phone on campus.

If you have questions about the reports or for any other police and public safety matters, please contact the Assistant Director for Public Safety, Tim Osborne at tosborne@ramapo.edu or our new Director, Adam Shubsda at ashubsda@ramapo.edu. To learn more about Ramapo’s public safety services and programs, please visit https://www.ramapo.edu/publicsafety/.

Sincerely,

Christopher Romano

**Campus Security and Crime Statistics**

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, (Public Law 110-315, the Higher Education Opportunity Act (HEOA)). The Department of Public Safety at Ramapo College provides information on fire and crime statistics, crime prevention, law enforcement, crime reporting, and other related issues. The Vice President of Enrollment Management / Student Affairs, the Director of Public Safety, the Assistant Director of Public Safety, and the Director of the Office of Student Conduct meet regularly to discuss issues related to the health and safety of our students. All completed Incident Reports are reviewed by the Director of Public Safety, the Assistant Director of Public Safety and the Director of the Office of Student Conduct to ensure that crimes and referrals required under Clery are properly reported. The Mahwah Police Department (MPD) provides the Ramapo College Public Safety Department with records to ensure that all crimes reported to either agency are known to both.

**Campus Overview – Ramapo College of New Jersey**

Ramapo College enrolls at least 5,600 students and is located on a suburban 315-acre campus near major highways. The College has one main academic building, several residence facilities, a recreation center, a visual and performing arts center, and a number of smaller buildings housing individual academic or support units. The College offers close to 2,700 residential beds in its residence facilities. First-year students typically live in traditional suite-style or adjoining room configurations. Upper-classmen students live in traditional-style rooms and in garden-style apartments adjacent to one another.

**The Authority of the Ramapo College Department of Public Safety (located in C-102, 201-684-6666) and its Relationship with other Law Enforcement Agencies**

The Department of Public Safety Public Safety is staffed 24 hours a day, 7 days a week, 365 days a year. Public Safety Officers provide assistance and protection to persons and property on the Ramapo College campus. The Department maintains orderly conditions and takes measures required to ensure safety and security. Its (35) employees utilize foot and vehicle patrols to observe, report, and respond to situations or activities with the potential to pose a danger to persons or property. Members of the Department of Public Safety are not sworn law enforcement officers and do not possess the authority to make arrests.
Public Safety Officers respond to all complaints as soon as possible, and if the Officer or complainant requires local police assistance, Public Safety notifies the Mahwah Police Department. The Department of Public Safety has a direct hotline to the Mahwah Police Department to facilitate a prompt response to calls for assistance. Public Safety Officers are trained in First Aid and CPR, in addition to extensive training in all campus Public Safety procedures.

The College has a Memorandum of Understanding (MOU) and maintains an excellent direct working relationship with the Mahwah Police Department and Bergen County Prosecutor’s Office. The College’s Department of Public Safety and Mahwah Police Department have daily contact to address public safety issues of mutual concern. In addition to the Mahwah Police Department, other county, state and federal law enforcement agencies have full police authority on the campus.

**Working Together for a Safer Campus**

The Department of Public Safety works actively with the Office of Residence Life to review policies, procedures and potential risks to students. Similarly, the Department of Public Safety works directly with the Facilities Department to inspect the campus for light outages, overgrown vegetation, and other problems which could affect the safety of the campus. The Director of Public Safety and the Assistant Director of Public Safety conduct regular campus inspection tours together. Vehicle access to the campus is restricted at different times and in various places. Each year Department of Public Safety staff members speak to potential and enrolled students about safety precautions and disclose crime statistics. The Department of Public Safety is available to make presentations to student organizations. Resident Life Student Staff training includes a module on maintaining campus safety and public safety. Specific presentations are made annually to prospective and enrolled students as part of the Admissions Office, First Year Experience, and Residence Life programming. Public Safety Officers provide general and specific presentations upon request, to students, faculty/staff, groups, organizations, such as sororities and fraternities. For information, contact publicsafety@ramapo.edu or call 201-684-7432.

4. Safety screens on lower windows in some campus residence locations.

PUBLIC SAFETY TIPS

1. Be aware of your surroundings at all times; pay attention to what other people are doing.
2. Always lock your room and vehicle. Keep valuables out of sight.
3. Acknowledge that excessive alcohol consumption decreases your personal safety because your judgments are impaired. Do not compromise your own public safety.
4. Do not use shortcuts through the woods; stay on the lighted paths. Walk with a friend or in a group.
5. Look out for one another at all times.
6. If you are a campus resident, leave your valuables at home. If you bring valuable items, e.g., computers, televisions, etc., you are strongly encouraged to take them home during school breaks and purchase personal theft/damage insurance. The College cannot cover personal losses of any kind.
7. When a Fire Alarm or other means of notification requires evacuation of a campus building, all occupants are to proceed to the assigned “Evacuation Assembly Area” and check-in with a “Emergency Coordinator”, your instructor, residence life staff or college administrator from the building. Once at the Evacuation Assembly Area, await further instruction. Evacuation Assembly Areas are marked by signage in the area of each building. Once a building is evacuated, do not re-enter unless instructed to do so by the Fire Marshal or other law enforcement official. If you believe someone is trapped in the building notify arriving emergency workers of the situation.
8. Recognize that campus crimes are committed both by members of the College community and by outsiders.
9. Make prudent judgments in all your interactions with others and report suspicious persons or activities.
10. There is a great presence of wildlife on campus. Do not feed or approach wild animals. Report abnormal wildlife behavior to Public Safety immediately, at 201.684.6666.
11. Bear Sightings, in particular, are common. If you do see a bear:
   1. Make lots of noise so that the bear is aware of your presence.
   2. Make sure the bear is aware of your presence.
   3. Stay at least 100 feet away from the bear.
   4. Slowly back away if you are too close to the bear.

Reporting Crimes, Emergency Situations, or Violations of Ramapo College Policies

The policies of Ramapo College, which are enforced by the Department of Public Safety, are made known to students, faculty, and staff through online College publications, including the Residence Agreement, the Guide to Community
Living (for resident students), and the Student Handbook, all available at https://www.ramapo.edu/student-conduct/. The Student Handbook is emailed to all students once per semester as well. The community is encouraged to accurately and promptly report all crimes, whether actual, attempted, or suspected, and all emergency situations to Public Safety, particularly when the victim of a crime elects to or is unable to make such a report.

1. To report a life or public safety-threatening incident or the commission of a serious crime, call 9-911. (Calls from internal Ramapo phones, including those in residence facilities, must be made by dialing “9” first and then 911.)

2. To report an emergency or violation of College policy, call Public Safety at 201.684.6666 (or extension 6666 if using an internal Ramapo College phone) or come to the Public Safety Office located on the ground floor of C-wing, Room C-102.

3. Individuals may also report a crime or another matter of concern, including violations of College policy, by completing an Incident Report Form. These forms are available in the Department of Public Safety Office (C-102). Persons using this form will be asked to provide their name and contact information.

4. Individuals may report violations of the law or other matters of concern using the “Complaint Form,” found on the Public Safety webpage of the Ramapo website. Complaint Forms are reviewed during regular business hours (9 a.m. – 4 p.m.) Monday-Friday. If an emergency is being reported, call 201.684.6666 or dial 911. The “Complaint Form” allows for the reporting person to provide contact information if they wish to be contacted about the complaint.

All crimes, emergencies or matters requiring a response by Public Safety may be made directly to the Public Safety Desk at any time during the day or night.

Crimes Reported To Campus Security Authorities and Others

Investigating Crime and Violations Reports

All reported violations are investigated either by Department of Public Safety personnel, by other appropriate college staff members, by outside law enforcement agencies, or by several of these groups working cooperatively depending on the nature of the complaint.

Resident Life Student Staff, On Call Administrators (OCAs), Emergency On Call Counselor (EOCCs), Department of Public Safety personnel and other college staff complete Incident Reports when responding to the location of a crime or other event of concern to the public safety of the campus. All of these reports are reviewed by management personnel in the Public Safety Office and by the Director of Student Conduct Office, and by the Dean of Students. Anyone reporting a crime or violation of policy must provide a clear description of the incident, who was involved, where it took place, when it took place, and, if known, how or why the incident came about. Be as specific as possible and give your name and the names of other witnesses.

If someone commits an act deemed immediately threatening and/or dangerous, certain College and On-Call Administrators can immediately affect an interim suspension from the College. When serious violations of the law occur, the College alerts the Mahwah Police Department whose members can affect an arrest. Criminal court charges may then result in addition to campus Student Conduct proceedings. Students are strongly urged to report crimes and violations of College policy so they and their fellow students are protected to the maximum extent possible.
Campus Security Authorities

As a result of the final rulemaking process which followed the signing into law of the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those designated “Campus Security Authorities”. The Clery law requires that persons designated “Campus Security Authorities” notify the institution about crimes they have learned about from persons believed to be acting in good faith. Campus Security Authorities include (in addition to Department of Public Safety personnel themselves) staff members who have “significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings”. The job titles so designated by Ramapo College are as follows:

- The Department of Public Safety
- Office of the Dean of Students
- Title IX Coordinator
- Student Health Center
- Professional/student staff in Student Affairs, Student Conduct, Residence Life, the Center for Student Involvement (including student activities, Violence Prevention Office, the Office of Fraternity and Sorority Life, and the Women’s Center), and student health peer educators.
- Study Abroad Coordinators, Education Abroad Leaders and Program Leaders
- Faculty or staff advisors to student clubs and/or organizations or College sponsored events
- Resident Assistants and Resident/Area Directors
- Staff/students who monitor access to residential or other facilities, such as desk attendants
- Athletic director and coaches (including associates and assistants)
- Event staff, chaperones, event coordinators
- Academic Deans, Associate and Assistant Deans

When the college learns of a crime in this way it should be reported as soon as possible so that it can be included in the annual crime statistics report and is entered in the Daily Crime Log. The Public Log does not list the names of alleged victims or perpetrators. If, in the judgment of the Director of Public Safety, the crime meets the conditions for a Timely Warning, one will be issued.

Professional Counselors and Pastoral Counselors (NON-CSA)

Campus “Pastoral Counselors” and Campus “Professional Counselors”, when acting as such, are not considered to be “Campus Security Authorities” and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of Ramapo College policy, these persons are encouraged to inform persons being counseled of the procedures in place to report crimes on a voluntary basis for inclusion in the annual crime statistics. Ramapo College Professional Counselors and Pastoral Counselors are also strongly encouraged to report all crimes of which they become aware. This can be done without identifying any of the parties involved if anonymity has been requested or is advised but it also allows for others in the college community to have an accurate picture of campus crime. The Clery Regulations define counselors as follows:
Pastoral Counselor (NON-CSA)

A pastoral counselor is an employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor. At Ramapo College, there are clergy and others appropriately recognized as fitting that definition who are associated with the Campus Ministries Office.

Professional Counselor (NON-CSA)

A professional counselor is an employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. At Ramapo College, this means all the counselors employed in the Counseling Center, the consulting psychiatrist with the exception of the Director for the Center for Health and Counseling Services and the Coordinator for Substance Use Prevention and Recovery Programming.

TITLE IX

In accordance with Title IX guidance and regulations, reports of crimes, suspected crimes, or incidents included in Title IX reporting/investigative requirements can be reported to the Department of Public Safety, the Title IX Coordinator, or any College official. The Title IX Coordinator is located in D-104.

Ramapo College of New Jersey (“Ramapo” or “the College”) is committed to maintaining a respectful and professional academic and working environment for students, faculty, staff, and visitors. This includes having an environment free from sexual misconduct. On May 19, 2020, the U.S. Department of Education (DOE) issued a Final Rule under Title IX of the Education Amendments of 1972 (hereafter “Final Rule”) that applies to employees and students.

Sexual misconduct refers to a range of prohibited offenses designated under this Sexual Misconduct Policy (the “Policy”). The following offenses are prohibited by this Policy:

2. Sexual Assault
3. Sexual Exploitation
4. Stalking
5. Dating Violence
6. Domestic Violence

In addition, it is a prohibited offense to retaliate against anyone who files a complaint under this Policy or participates in a related investigation.

---

So that the College may continue to foster a climate of respect and security on campus as it relates to preventing and responding to acts of sexual misconduct, this Policy has been created and serves to demonstrate the College’s commitment to:

- Disseminating clear policies and procedures for responding to sexual misconduct reported to the College;
- Engaging in investigative inquiry and resolution of reports that are prompt, fair, equitable, and independent of other investigations that may occur;
- Supporting the parties and holding persons accountable for established violations of this Policy; and
- Providing a written explanation of the rights and options available to persons impacted by sexual misconduct.

In addition, this Policy:

1. Identifies the College’s Title IX Administrators, and describes their roles in compliance with guidance from the United States Department of Education’s Office for Civil Rights and in compliance with the Clery Act.
2. Identifies how to confidentially report sexual misconduct to the College and what resources are available both on and off campus, including the right to notify local law enforcement and their right also to decline to notify such authorities.
3. Provides information about how student and/or faculty/staff reports are assessed, investigated, and resolved.
4. Provides the College with a means to take all reasonable steps to identify sexual misconduct, prevent the recurrence of such misconduct, and to correct the discriminatory effects of sexual misconduct on the Complainant and others, if appropriate.

II. NOTICE OF COORDINATION WITH NON-DISCRIMINATION POLICY & NOTICE OF NON-DISCRIMINATION

The College recognizes that it is important to coordinate this Policy with other existing policies related to harassment and discrimination knowing that harassment related to an individual’s sex, sexual orientation, gender identity or gender expression can occur in conjunction with misconduct and harassment related to a person’s race, ethnicity, national origin, religion, age, pregnancy or parenting status, disability, or other protected category. Therefore, when a report is made of harassment or discrimination based on sex as well as harassment or discrimination based on some other protected category, the College will use all applicable policies respectively to address the reports and will coordinate the investigation and resolution efforts.

The College is committed to maintaining an environment free from harassment and discrimination for everyone and does not discriminate on the basis of race, sex, national origin, religion, sexual orientation, gender identity or expression, or any other protected status. Further, the College does not discriminate on the basis of sex in any educational program or activity, admission, employment, or extracurricular activity. Sexual misconduct, as described in this Policy, is a form of sexual harassment, which is a form of discrimination and is prohibited by Title IX of the Education Amendments of 1972 (hereinafter referred to as “Title IX”). Sexual assault, domestic violence, dating violence and stalking as defined by the Clery Act”, are also prohibited conduct under Title IX. The Clery Act was amended by the Violence Against Women Reauthorization Act of 2013 (VAWA). The requirements and protections of this Policy apply equally regardless of sex, sexual orientation, gender identity, gender expression, or other protected
classes covered by federal or state law. All requirements and protections are equitably provided to individuals regardless of such status or status as a Complainant or Respondent².

E. **Appeals Officer:** The Chief Equity and Diversity Officer (or designee) will serve as the Appeals Officer. The Appeals officer makes determinations of timely appeals submitted by either party. IV. **DEFINITIONS**

**Affirmative Consent:** Affirmative consent (hereafter “consent”) is the voluntary, unambiguous, clear agreement in an act and understood by each party. It is the responsibility of each person involved in the sexual activity to ensure that the person has the consent of the other or others to engage in the sexual activity. Consent must be ongoing throughout a sexual activity and may be withdrawn at any time before the completion of an act. A person may be incapable of consent due to physical or mental incapacitation, physical or mental disability, threat, coercion, the influence of alcohol or drugs, being asleep, or under the legal age of consent.

- Consent to one act does not infer or imply that a person is consenting to another act;
- Consent to an act on a prior occasion does not infer or imply consent to a current act;
- The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.
- An individual’s silence or lack of protest does not infer or imply that they are consenting to an act,
- Consent must be clear and obvious by all partners, who have willingly and affirmatively chosen to participate without force, threat, or coercion, throughout the act;
- Incapacitated individuals, (physically, mentally, and/or due to alcohol or other drugs) are unable to consent.

For purposes of this Policy, the standard that shall be applied is whether or not a reasonable person would have known, based on the facts and circumstances presented, that the other person was incapacitated and therefore, not capable of giving consent. A reasonable person is assumed to be sober

and using good judgment. A person cannot claim that being under the influence of alcohol or drugs is a defense or excuse for engaging in sexual misconduct.

If at any time consent is uncertain, the initiating party should stop and obtain verbal consent. The use of any force, coercion, threat, or intimidation negates consent.

It is important to note that in the evaluation of consent, it shall not be a valid excuse that the Respondent believed that the Complainant consented to the sexual activity under either of the following circumstances:

1. the Respondent's belief in consent arose from the intoxication or recklessness of the Respondent; or
2. the Respondent did not take reasonable steps, in the circumstances known to the Respondent at the time, to ascertain whether the Complainant consented.

Additionally, it shall not be a valid excuse that the Respondent believed that the Complainant consented to the sexual activity if the Respondent knew or reasonably should have known that the Complainant was unable to consent to the sexual activity under any of the following circumstances:

1. the Complainant was asleep or unconscious;
2. the Complainant was incapacitated due to the influence of drugs, alcohol, or medication, so that the Complainant could not understand the fact, nature, or extent of the sexual activity; or
3. the Complainant was unable to communicate due to a mental or physical condition.

The College will use the reasonable person standard in determining whether or not the Respondent knew or should have known given all facts and circumstances present at the time if any of the above conditions were met.

Coercion: An expression through words or acts of threats, intimidation, or undue or unreasonable pressure.

Complainant: The person who is alleged to be the victim of conduct that could constitute sexual harassment or misconduct is the Complainant.

Consensual Relationships: Consensual relationships are romantic and/or sexual relationships between two or more individuals entered into with the consent of both parties. Consensual relationships between College faculty/staff and students, even with students who are not subject to direct supervision or evaluation by the faculty or staff member, should be avoided because they may negatively impact the learning environment.

Moreover, the College prohibits all faculty/staff from having romantic, sexual, or other close personal relationships with students over whom they have educational evaluation, advisory or supervisory responsibility, regardless of whether the relationship was entered into with the consent of both parties. Such relationships are inconsistent with the proper role of the instructor, administrator or manager in the College's educational mission, and are susceptible to perceptions of favoritism, unprofessional behavior, and conflicts of interest. In the event that a faculty/staff member is placed in a position that would require him or her to assume educational instruction, evaluation or supervisory authority over a student with whom the supervisor has, or has had, a romantic or sexual relationship, the supervisor shall immediately disclose the identity of the student to the unit head and shall refrain from exercising such authority over the student. The unit head shall notify the Office of Human Resources, and shall immediately
arrange for another faculty/staff member to instruct, evaluate or supervise the student. Any faculty/staff or student who obtains knowledge of such a romantic or sexual relationship between a faculty/staff member and a student is required to disclose it to the Director of Employment Equity and Affirmative Action. Following a review of the information reported and/or a confidential investigation, the Director of Employment Equity and Affirmative Action may refer the matter to the Office of Human Resources for appropriate action.5

**Employee:** For purposes of this Policy, a College employee shall include all hourly, part-time and full-time faculty, adjunct faculty, and staff members.

**Force:** Includes physical acts, coercion, threats, and intimidation.

**Formal Complaint:** A written document (including an electronic submission) describing the allegations, which is submitted by a Complainant alleging sexual misconduct against a Respondent and requesting that the College investigate the allegation of sexual misconduct. The document must include a signature or other indication that the Complainant is the person filing the Formal Complaint, or the document may be signed by the Title IX Coordinator if the College alleges sexual misconduct against a Respondent. A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a Complainant or otherwise a party in the complaint.

**Gender:** Gender refers to the bundle of dimensions related to maleness and masculinity, and femaleness and femininity, as defined by self and society. It is a part of the constellation of physical, biological, behavioral, social and psychological traits that create legal “sex.” Gender may or may not be consistent with a person’s sex assigned at birth.

**Gender Bias:** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., man, woman, transgender, gender nonbinary.

**Gender Expression:** The presentation of an individual, including physical appearance, clothing choice and accessories, and behaviors that express aspects of gender identity or role. Gender expression may or may not conform to a person’s gender identity.

**Gender Identity:** Gender identity refers to every person’s basic sense of gender, and is a deeply felt, core component of a person’s identity. Gender identity may or may not correspond to a person’s sex assigned at birth.

**Gender Identity Bias:** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals.

**Gender Nonbinary:** This refers to individuals who identify and/or exist in ways that sit outside the gender binary. This can mean people whose gender is not at all man/male/masculine or woman/female/feminine, people whose gender involves elements of both of these, people whose gender involves one of these but also aspects outside the binary, people who identify with a third gender, and more. It can be an identity term (e.g., I am gender nonbinary) and an

umbrella term of a variety of related experiences. People can be nonbinary and trans, nonbinary and not trans, and trans but not nonbinary.

**Gender Non-Conforming:** Refers to people who do not follow other people’s ideas or stereotypes about how they should look or act based on the sex they were assigned at birth.⁶

**Impairment:** The state of being diminished or weakened due to the consumption of alcohol or other drugs. Impairment begins as soon as alcohol or drugs enter the bloodstream of the user, and increases with consumption.

**Incapacitation:** Incapacitation is defined as a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing and informed consent. Individuals who are incapacitated cannot consent to sexual activity. Incapacitation renders an individual unable to understand the fact, nature, or extent of the sexual activity, e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction.

Incapacitation that renders a person mentally or physically helpless may result from intoxication or substance use, passing out, being asleep, unconsciousness, intermittent consciousness, or any other state where the individual is unaware that sexual contact is occurring. A person with a cognitive impairment such as a mental illness or a mental condition that renders the person incapable of understanding the nature of his or her conduct cannot consent to sexual activity.

When incapacitation occurs because of alcohol or drug use, some indicators of incapacitation may include, but is not limited to:

- Slurred speech;
- Bloodshot or unfocused eyes;
- Shaky equilibrium;
- Lack of control over physical movements (e.g., inability to dress/undress without assistance; needing assistance to walk/stand);
- Vomiting;
- Outrageous or unusual behavior;
- Highly diminished decision-making capacity or ability to make fully-informed judgments;
- Concern expressed by others about the individual; or
- Expressed memory loss or disorientation.

**Intimidation:** An expression through words or acts that imply a threat.

**Parties:** The Complainant and the Respondent in an incident reported to the College under this Policy.

**Physical Force:** Actions which may include but not be limited to hitting, pushing, holding, pinching, leaning on, obstructing an entrance or exit, or carrying away. Physical force may include the use or display of any weapon.

Preponderance of the Evidence: A standard of proof in which the totality of the evidence demonstrates that an individual’s version of events more likely than not occurred. Preponderance of the evidence is understood to require more than 50 percent certainty to determine responsibility (51% or greater).

Respondent: The person reported to have perpetrated the conduct that could constitute sexual harassment or misconduct is the “Respondent.”

Sexual Misconduct: A broad term that identifies forms of discrimination and harassment based on sex including, sexual harassment, sexual assault, sexual exploitation, dating violence, domestic violence, and stalking. Sexual misconduct includes other acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping, even if those acts do not involve conduct of a sexual nature.

Student: The College recognizes as a student any individual who has completed the following:
- paid a tuition deposit indicating “intent to enroll”;
- registered for credit bearing courses; and
- arrived on campus to begin the semester/term.

This definition includes individuals who arrive on campus prior to the start of the semester/term for recognized College functions including, but not limited to student employment; training; athletics; and participation in the Summer EOF program.

Threat: An expression through words or acts of intent to inflict harm or other negative consequences.

V. CONFIDENTIALITY

Confidential Resources: individuals who are not obligated to report information that is given to them are Confidential. This allows a student to explore his or her options in order to make informed decisions. The only exceptions to this rule are in cases that involve imminent risk of serious harm, child abuse, emergent hospitalization, or a court order. While specific information may be kept confidential, these incidents may be counted for statistical purposes, as per the Clery Act.

Non-Confidential Resources: professionals who are required to report incidents of alleged sexual misconduct to the Title IX Coordinator are “Mandatory Reporters”. When possible, the Title IX Coordinator will keep the identity of an unwilling Complainant or witness confidential. However, confidentiality cannot be guaranteed as the Title IX Coordinator must balance requests for confidentiality against the safety of other members of the College community. If the Title IX Coordinator determines that there is a threat of imminent or ongoing harm to an individual or to the community, such information may need to be shared and then only with appropriate individuals.

A. Complainant Requests for Confidentiality: If the Complainant requests confidentiality, or declines the opportunity to file a Formal Complaint, the College will take all reasonable steps to respond consistent with this request. However, the Complainant should be mindful that the insistence that their name or other identifiable information not be disclosed to the Respondent, or the failure to file a Formal Complaint will severely limit the College’s ability to respond to, address, and remedy the sexual misconduct.
The Title IX Coordinator will evaluate the confidentiality request in the context of the College’s responsibility to provide a safe and nondiscriminatory environment for all persons, recognizing that the College must move forward with cases in which there appears to be serious threat to any individual or the College as a whole. Where a Complainant requests that no formal action be taken, the Title IX Coordinator will balance this request against the following factors in reaching a determination whether the request can be honored:

- the nature and scope of the alleged conduct, including whether the reported misconduct involves the use of a weapon;
- the respective ages and roles of the parties;
- the risk posed to other individuals or to the campus community by not proceeding, including the risk of additional violence;
- whether there have been other reports of misconduct by the Respondent;
- whether the report reveals a pattern of misconduct (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group;
- the presence of multiple perpetrators;
- threats of further violence or misconduct;
- the Complainant’s wish to pursue formal action;
- whether the College possesses other means to obtain relevant evidence;
- considerations of fundamental fairness and due process with respect to the Respondent should the course of action include disciplinary action against the Respondent; and
- the obligation to provide a safe and non-discriminatory campus environment.

If the Title IX Coordinator determines that she/he cannot adhere to a request for confidentiality, the Title IX Coordinator will sign the Formal Complaint on behalf of the Complainant. A formal investigation only begins when a Complainant or the Title IX Coordinator signs a Formal Complaint. Additionally, personally identifiable information will be treated as confidential and only shared with persons who have a specific need to know and who are investigating/adjudicating the report or delivering resources or support services. Further, the College will maintain as confidential, any accommodations or supportive measures provided to the Complainant to the extent that maintaining such confidentiality would not impair the College’s ability to provide such accommodations or protective measures.

B. Confidential Health, Counseling, Athletic Training, and Pastoral Services

The College provides confidential health, counseling, athletic training, and pastoral services on campus. The healthcare professionals, counselors, athletic trainers, and clergy providing these services can be of assistance to students in ordinary or emergent circumstances (See Appendix A: “Resource Information” infra for contact information). Conversations with the following individuals are confidential:

1. Healthcare professionals – Health Services provides emergency contraception, testing for Sexually Transmitted Infections (STI’s), pregnancy testing, and more. These services are provided free of charge for students impacted by sexual assault.

2. Counseling:
   
   A. Licensed Professional Counselors in the Counseling Services: when contacting Counseling Services please request a confidential counselor. Licensed Professional Counselors in the State of New Jersey whose official
College responsibilities include providing mental health counseling to members of the campus community are not required by Title IX or the Clery Act to report any information regarding an incident of sexual violence to the Title IX Coordinator or other College official. Information received by Licensed Professional Counselors regarding suspected abuse of children will be reported, as required by applicable law.

B. healingSPACE Counseling Services on Campus: confidential counseling services from the YWCA Northern New Jersey healingSPACE Sexual Violence Resource Center are available on campus in room Lodge 123 by appointment.

3. Athletic Trainers with certification and who are licensed by the State of New Jersey and whose official College responsibilities include the evaluation and treatment of student athletes; determining the appropriate application of emergency procedures; and providing first aid as needed are not required by Title IX to report any information regarding an incident of sexual violence to the Title IX Coordinator or other College official nor are they required to report any statistical information to the College’s Public Safety Department under the Clery Act.

4. Pastoral Counselors – A pastoral counselor is someone who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor at the College. At Ramapo, there are clergy and others appropriately recognized as fitting that definition who are associated with the Council for Faith and Spirituality. For more information about available clergy please visit www.ramapo.edu/ministries/.

C. Prevention Education Coordinator
The Prevention Education Coordinator (“PEC”) oversees the Office of Violence Prevention and focuses on strategic planning for an ongoing, comprehensive, systemic approach to violence prevention through programming and educational campaigns. The PEC is a private resource, but non-confidential: if an incident of sexual misconduct is reported to the PEC and the incident is a crime on campus or within the geographic areas designated by the Clery Act, the PEC is required to report the incident without any identifying information to the Public Safety Department for inclusion in the daily crime log and annual statistical report and for issuance of any required timely warning. A timely warning will not identify the Complainant, but may include information such as the location of the incident, a succinct description of the incident, and prevention and reporting strategies. The PEC may report incidents without any identifying information to the Title IX Coordinator to enable the College to understand the existence and extent of the problem.

D. Confidentiality of Records
Education records are maintained in accordance with the Family Educational Rights and Privacy Act, 20 U.S.C. Section 1232g; 34 C.F.R. Part 99 (“FERPA”). All documentation related to a student’s report, investigation, and resolution made under this Policy is protected by FERPA and will not be released, except as required by law7. In the event that any such report involves treatment records, those records will remain confidential subject to any applicable state/federal law and/or regulation. Non-identifying information about a report may be shared with the College’s Public Safety Department to comply with the Clery Act. A Complainant’s name will never be published in connection

---

7 Information gathered in the course of an investigation under this Policy may be subpoenaed by law enforcement authorities as part of a parallel investigation into the same conduct, or required to be produced through other compulsory legal process.
with the College’s obligations under the Clery Act. In addition, the College does not publish identifiable information regarding Complainants in the College’s Daily Crime Log or online. In addition, any person including a Complainant of sexual misconduct may request that her or his directory information on file be removed from public sources. To request removal of directory information, students should contact the Registrar’s Office.

VI. REPORTING

If any student or faculty/staff has been the Complainant of sexual misconduct, they should report the incident promptly to the Title IX Coordinator or the Department of Public Safety. The College will provide resources to any person who has been a Complainant of sexual misconduct and following a Formal Complaint, will apply appropriate disciplinary procedures to those found to have violated this Policy. The procedures set forth below afford a prompt response to reports of sexual misconduct, maintain confidentiality and fairness consistent with applicable legal requirements, and impose appropriate sanctions on individuals found responsible for violating this Policy.

A. Contact Information for Reporting
Any person who believes they have been the subject of sexual misconduct or who is aware of a student or employee of the College who has been subject to sexual misconduct is strongly encouraged to report this information. An individual does not have to be a member of the College to file a report under this Policy. Please contact:

1. Title IX Coordinator:  
Kat McGee, Director of Title IX, ADA and Compliance Training  
E-mail: kmcgee@ramapo.edu  
Phone: (201) 684-7220  
Office: D104

2. The Public Safety Department: (available 24 hours a day, 7 days a week)  
Phone: (201) 684-6666  
Office: C-102

If applicable, the Title IX Coordinator or the Public Safety Department will provide a copy of the Sexual Assault Survivor Intake Resource Form (See Appendix F, infra for an example Sexual Assault Survivor Intake Resource Form) and/or the Sexual Violence Resource Packet.

B. Responsibility of College Employees to Report
Every College employee (including faculty, staff, administrators and student employees) is deemed a Mandatory Reporter unless the employee is a designated Confidential Resource previously identified in the “Confidentiality” section of this Policy. A College employee/Mandatory Reporter who learns of an incident of sexual misconduct MUST report it to the Title IX Coordinator within 24 hours. The report must include the name of the Complainant and Respondent, if known.8

8 Unless directed otherwise by the Title IX Coordinator or designee, Designated Campus Security Authorities must report statistical information so the College may comply with the Clery Act, but are not required to report identifying information.
In addition, the College requires everyone in the campus community to report the suspected abuse of minors (children under the age of 18) to the Title IX Coordinator or the Public Safety Department.

C. Institutional Response Upon Receipt of a Report
Upon receipt of a report of sexual misconduct, the Title IX Coordinator will inform the Complainant of the availability of medical, counseling and support services, along with additional supportive measures such as housing, academic, transportation and working accommodations, if reasonably available. The Title IX Coordinator will explain the process for filing a Formal Complaint to the Complainant.

Multi-Party Situations: The College may consolidate Formal Complaints allegations against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of covered sexual misconduct arise out of the same facts or circumstances.

D. Medical Attention

After an incident of sexual assault, or any other incident of sexual misconduct, the Complainant should consider seeking medical attention as soon as possible at the closest emergency room. When a report of sexual assault is provided to the Title IX Coordinator, the Title IX Coordinator will provide the Complainant with options to seek prompt medical attention. (See Appendix A, infra for medical treatment options).

E. Right to Pursue Criminal Charges

1. After receiving a report, the Title IX Coordinator will inform individuals of their right to file an incident report with law enforcement.

2. Although the College strongly encourages all members of its community to report violations of this Policy to law enforcement, it is the Complainant’s choice whether to make such a report and Complainants have the right to decline involvement with the police. The College’s Title IX Coordinator or Director of Public Safety (or their designees) will assist any Complainant with notifying local police if the Complainant so desires. The Mahwah Police Department also may be reached directly by calling (201) 529-1000.

3. A Complainant may choose NOT to have law enforcement contacted and no report filed BUT still may have forensic evidence collected. (Note: The Complainant may later choose to file a police report and cooperate with a criminal investigation.) Complainants of sexual assault are encouraged to request and cooperate fully with an investigation so the possibility of filing criminal charges remains an option, if they later chose to do so.

4. There is no statute of limitations on reporting a sexual assault to the police department. A Complainant can make a report at any time. The Mahwah Police Department may be contacted for additional information concerning sexual assault reports.
5. If a Complainant does not want to make a report to the police, they may seek civil remedies, including the filing of an application for a restraining order. For additional information about civil remedies, the Complainant should contact their own legal counsel.

6. A Complainant may file a police incident report and ask that the investigation and charges be pursued immediately. While the prosecuting attorney is still the decision-maker as to whether criminal charges are filed, the Complainant can cooperate and provide as much timely information as may be possible.

**F. Timing of Reporting**

The College encourages prompt reporting of sexual misconduct so that it can respond promptly and equitably; however, the College does not limit the timeframe for reporting. As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation or obtaining protection from protective orders related to the incident more difficult. If a Complainant chooses not to make a report regarding an incident, the Complainant nevertheless should consider speaking with the Title IX Coordinator, the Director of Public Safety or local law enforcement to preserve evidence in the event that the Complainant changes their mind at a later time.

**G. Anonymous Online Reporting**

A reporting form is available at ramapo.edu/publicsafety/sexual-assault (See “Report an Incident Now”). The form may be filled out anonymously, or the Complainant may choose to include identifying information. The reporting form may be submitted anytime during the day or evening, however, if a person requires immediate assistance, they should contact Public Safety. The supplier of an anonymous report should be mindful that failure to disclose identifying information about the Respondent, the Complainant, or the facts and circumstances regarding the misconduct severely limits the College's ability to respond to, address, and remedy the effects of sexual misconduct and will not report in a “Formal Complaint”. Anonymous reports that provide enough information to constitute a criminal offense will be reported to the Public Safety Department without identifying information regarding the Complainant for purposes of inclusion in the College’s Annual Security Report and to determine whether the College should send a Timely Warning Notice.

**H. Timely Warning Notice**

The Clery Act requires institutions to disclose crime statistics and assess crime for purposes of issuing Timely Warning Notices (hereafter “TWN”). The Public Safety Department will assess whether a report of sexual misconduct warrants the College sending a TWN in order to protect the community. The College shall seek to maintain a balanced approach to timely warning situations, ensuring compliance with applicable law while considering the needs and concerns of both the campus community and the Complainant.

When reasonably practicable, the College’s Title IX Coordinator or Director of Public Safety (or their designees) will provide the Complainant with:

- Advance notice that a TWN will be issued to the campus community. The content of the TWN will be described and explained to the Complainant;
- An anticipated timeframe of when the TWN will be issued to the campus; and
The opportunity to speak with an Emergency On Call Counselor.

VII. SUPPORTIVE MEASURES

The College may provide supportive measures with or without the filing of a Formal Complaint. These actions are designed to eliminate the harassment/sexual misconduct and prevent its recurrence. Supportive measures are non-disciplinary and non-punitive. Supportive measures may include, but are not limited to, the following to the extent reasonably available and appropriate:

For Students:
- Issuance of a No Contact Order to all parties. This will prohibit communication between the parties, including contact verbally, in writing, through technology, or by third parties.
- Academic measures, such as, assistance in transferring to another section of a course, assistance in requesting withdrawal or an incomplete grade in a particular course, leaves of absence or withdrawal from the College, or assistance requesting alternate methods of completing coursework;
- Increased security and monitoring of certain areas of the campus;
- Housing measures, such as changes in housing assignment;
- Employment measures, such as, arranging for alternate College employment, different work shifts, etc.;
- Arranging a meeting to discuss safety planning;
- Arranging access to counseling services and assistance in setting up initial appointments;
- Arranging access to medical services and assistance in setting up initial appointments;
- Transportation or parking accommodations;
- Any other measure that may be arranged by the College (to the extent reasonably available) to ensure the safety and well-being of a student and/or the College community.

For Faculty/Staff:
- Employment accommodations, such as temporary reassignment, if appropriate, to other work duties and responsibilities, or temporary relocation of work areas or assignment to alternate work groups/teams or alternative supervision/management;
- Increased security and monitoring of certain areas of the campus;
- Arranging a meeting to discuss safety planning;
- Arranging access to counseling services and assistance in setting up initial appointments via the College’s Employee Assistance Program;
- Transportation or parking accommodations; and
- Any other measures that may be arranged by the College (to the extent reasonably available) to ensure the safety and well-being of an Employee and/or the College community.

If a Complainant has been impacted by domestic or dating violence, stalking or sexual abuse, they also should consider obtaining a restraining order from the State of New Jersey (see Appendix B, infra).
VIII. INTERIM MEASURES

A Respondent may be issued an Interim Suspension (i.e. suspension from classes, work and other privileges or activities, or from the College) on an emergency basis until resolution of a case if the College: (1) undertakes an individualized safety and risk analysis, and (2) determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations justifies a removal. If the Respondent is issued an Interim Suspension, they will be provided with notice and an opportunity to challenge the decision immediately following the issuance of the Interim Suspension. If a Respondent takes part in Interim Suspension Hearing, notes taken by College officials during the Interim Suspension Hearing may become a part of the investigation record.

The College retains the authority to place a non-student Respondent employee on administrative leave, consistent with the Employee Handbook and/or other applicable College policies.

IX. INFORMAL RESOLUTION

When appropriate, certain complaints may be resolved by the Title IX Coordinator or Deputy Coordinator without a full investigation or hearing. Informal resolution is a procedure designed to eliminate the conduct at issue, prevent its recurrence, and remedy its effects in a manner that meets the expressed preference of the Complainant and the safety and welfare of the campus community. For example, a Complainant and Respondent may agree with the Title IX Coordinator that education and training for the Respondent are an appropriate and sufficient response in a particular case, or that a No Contact Order between the parties provides remediation. Informal resolution may NOT be used to resolve a complaint that an employee engaged in sexual misconduct against a student.

If a Complainant requests informal resolution⁹, and the Title IX Coordinator concludes that informal resolution is appropriate, the Title IX Coordinator will offer informal resolution as an option to both parties. Both the Complainant and Respondent have the option to: 1) agree to participate or 2) not agree to participate in the informal resolution, and the parties may change their minds at any time until a resolution is reached. Prior to engaging in informal resolution, the Respondent must be made aware of the sanctions that could be employed during the formal resolution process. The time frame for completion of informal resolution may vary, but the College will seek to complete the process within sixty (60) days of the Complainant’s request.

The informal resolution process does not conclude with a finding. The Respondent is not charged with a Policy violation and is not found to be “responsible” or “not responsible” of a Policy violation. Further, if the parties agree to an informal resolution process, sanctions will not be imposed on either party, rather, the parties may agree to appropriate remedies. An admission of responsibility made by the Respondent in an informal resolution is not an indication that the institution would have found the Respondent “responsible” for a violation of this Policy. Any final resolution pursuant to informal resolution will be documented and kept for seven (7) years. However, no recording of the informal resolution process will be made and all statements made during the informal resolution process cannot

---

⁹ The College may not offer an informal resolution process unless a Formal Complaint is filed by the Complainant. See 85 Fed. Reg. 30407.
be used for or against either party. Should the parties begin (or resume) a formal grievance process, the decision maker(s) and Appeals Officer cannot consider statements made during informal resolution.

Informal resolution may include: establishing supportive measures; issuance of an impact statement; conducting targeted or broad-based educational programming or training for relevant individuals or groups (i.e., sexual harassment training, consent workshop, healthy relationships workshop, alcohol education classes); a verbal or written apology; providing increased monitoring, supervision, or security at locations or activities where the misconduct occurred; facilitating a meeting with the Respondent with the Complainant present; a letter of warning to the Respondent; a No Contact Order; restriction from participation in specific clubs and/or organizations; restriction from participation in particular events (i.e., Senior Sendoff) and any other remedy that can be tailored to the involved individuals to achieve the goals of the Policy. The terms of the informal resolution will be set forth in a written Resolution Agreement.

Both parties must provide voluntary, written consent to the Title IX Coordinator to participate in the informal resolution process. The Respondent has ten (10) calendar days from receiving an invitation from the Title IX Coordinator to participate in informal resolution to reply in writing. The written notice, copied to the Complainant, will include:

- the allegations;
- an explanation of rights through the informal resolution process;
- the requirements of the informal resolution process (including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations);
- any consequences resulting from participating in the informal resolution process (including the records that will be maintained or could be shared).

If a Respondent does not reply or refuses to participate in informal resolution, the Title IX Coordinator will notify the Complainant of the same and discuss other procedural options of resolution.

Either party can request to cease informal resolution and instead have a formal investigation of the complaint at any time prior to agreeing to a written Resolution Agreement. Similarly, the parties can request to end a formal investigation and pursue informal resolution at any time prior to the issuance of determination letters to the parties.

If both Complainant and Respondent are satisfied with the proposed resolution and the Title IX Coordinator believes the resolution satisfies the College’s obligation to provide a safe and non-discriminatory environment, both parties will be provided with a written Resolution Agreement, the Resolution Agreement will be implemented, and the matter will be closed. Failure to comply with a Resolution Agreement may result in disciplinary action under the Code of Conduct and/or other applicable College policies.
A. Jurisdiction

Pursuant to the Title IX Final Rule, a Complainant may file a Formal Complaint under the Title IX Grievance set forth in this policy only if the Complainant is currently participating in, or attempting to participate in, the education programs or activities of the College, including as an employee. An “education program or activity” includes:

- locations, events, or circumstances over which the school exercises substantial control over both the Respondent and the context in which the sexual harassment occurs, and
- any building owned or controlled by a student organization that is officially recognized by the College.

Upon receipt of a Formal Complaint, the Title IX Coordinator (or designee) will determine if it falls within the jurisdiction of the Title IX Grievance Process or the jurisdiction of the Sexual Misconduct Grievance Procedures. A complaint falls within the jurisdiction of the Title IX Grievance Process when the following elements are met:

1. The Formal Complaint is submitted on or after August 14, 2020;
2. The conduct alleged took place in the United States;
3. The conduct alleged took place in the College’s education program or sponsored activity; and
4. The conduct alleged to have occurred, if true, would constitute sexual harassment as defined by the Final Rule.

B. Dismissal

Mandatory Dismissal: If any one of the above four (4) elements are not met, the Title IX Coordinator must provide a Notice of Dismissal to the parties informing them that the Formal Complaint is being dismissed for the purposes of the Title IX Grievance Procedures. Each party may appeal this dismissal using the procedure outlined in “Appeals,” below.

A Formal Complaint that does not fall within the jurisdiction of Title IX will be reviewed to determine whether it falls within the jurisdiction of the Sexual Misconduct Grievance Procedures (See Article XI, infra).

Discretionary Dismissal: The Title IX Coordinator may dismiss a Formal Complaint brought under this Policy, or any specific allegations therein, if:

- A Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein;
- the Respondent is no longer enrolled or employed by the College; or
- specific circumstances prevent the College from gathering evidence sufficient to reach a determination regarding the Formal Complaint or allegations therein.

Each party may appeal this dismissal using the procedure outlined in “Appeals,” below.

C. Prohibited Sexual Harassment under Title IX

Pursuant to the Title IX Final Rule, only incidents falling within the U.S. Department of Education’s definition of “sexual harassment” will be investigated through the Title IX Grievance Policy. The Final Rule defines “sexual harassment” as conduct on the basis of sex that satisfies one or more of the following:
- **Quid Pro Quo Sexual Harassment**: An employee conditioning educational benefits on participation in unwelcome sexual conduct.

- **Hostile Environment Sexual Harassment**: Unwelcome conduct that a reasonable person would determine is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the College’s education program or activity.

- **Sexual Assault** (as defined in the Clery Act): an offense that meets the definition of rape, fondling, incest, or statutory rape:
  a. **Rape**: the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the Complainant.
  b. **Fondling**: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the Complainant, including instances where the Complainant is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
  c. **Incest**: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
  d. **Statutory Rape**: Sexual intercourse with a person who is under the statutory age of consent. In the State of New Jersey, a Complainant is unable to consent if they are:
     i. Under the age of 13; or
     ii. At least 13, but less than 16 years old and the actor is at least four years older than the Complainant; or
     iii. At least 16, but less than 18 years old and:
        1. The actor is related to the Complainant by blood or affinity to the third degree; or
        2. The actor has supervisory or disciplinary power over the Complainant by virtue of the actor’s legal, professional or occupational status; or
        3. The actor is a resource family parent, a guardian, or stands in loco parentis within the household.

- **Dating Violence** (as defined in the Violence Against Women Act (VAWA) amendments to the Clery Act): any violence committed by a person:
  a. who is or has been in a social relationship of a romantic or intimate nature with the victim; and
  b. where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) The length of the relationship; (ii) The type of relationship; (iii) The frequency of interaction between the persons involved in the relationship.

- **Domestic Violence** (as defined in the VAWA amendments to the Clery Act): any felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under New Jersey’s domestic or family violence laws or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of New Jersey.
- **Stalking** (as defined in the VAWA amendments to the Clery Act): engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
  a. fear for their safety or the safety of others; or
  b. suffer substantial emotional distress.

**D. Standard of Evidence & Presumption of Not Responsible**

In proceedings under this grievance process, the standard of proof used to determine whether or not a violation of this Policy has occurred is a preponderance of evidence, which means it is more likely than not the misconduct occurred. As per the Title IX Final Rule, it is presumed that the Respondent is not responsible for the alleged conduct unless that determination regarding responsibility is made at the conclusion of the Grievance Process.

The College has the burden of proof and the burden of gathering evidence, i.e. the responsibility of showing a violation of this Policy has or has not occurred. This burden does not rest with either party, and either party may decide not to share their account of what occurred or may decide not to participate in an investigation or hearing. This does not shift the burden of proof away from the College and does not indicate responsibility. The College will provide an equal opportunity for the parties to present witnesses and other inculpatory and exculpatory evidence, (i.e. evidence that tends to prove and disprove the allegations).

**E. Evidentiary Considerations in the Investigation**

The investigation does not consider: (1) incidents not directly related to the possible violation, unless they evidence a pattern, (2) the Complainant’s sexual predisposition or prior sexual behavior (though there may be a limited exception made in regard to questions and evidence about the Complainant’s prior sexual behavior which are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant’s prior sexual behavior with respect to the Respondent and are offered to prove consent), or (3) evidence that constitutes, or seeks disclosure of, information protected under a legally-recognized privilege, (e.g., attorney client privilege) or any party’s medical, psychological, and similar records unless the party has given voluntary, written consent.

**F. Personal Advisors**

The parties have the right to select a personal advisor (hereafter “advisor”) of their choice and at their expense. The advisor may be an attorney or non-attorney and the advisor may be selected at any stage of the process. In addition, the advisor may accompany the parties to any meeting or hearing during the investigation, but the advisor may not speak for the party except for the purpose of cross-examination at a hearing. Further, neither the meetings nor the hearing will be substantially delayed due to an advisor’s availability.\(^\text{10}\) The College will communicate at all times directly with the parties unless specified otherwise by this Policy. It is the responsibility of the parties to forward any communication to their advisor.

\(^\text{10}\) For example, if an attorney is not available to attend a meeting or interview for several weeks this may cause a substantial delay in the investigation, and thus the meeting or interview may proceed regardless of the availability of the desired advisor. The Complainant or Respondent may choose to bring another available advisor in place of the unavailable advisor.
At the hearing, a party is not permitted to personally cross-examine the other party; cross-examination must be conducted by an advisor. Therefore, if an investigation results in a hearing and a party does not select an advisor, the College will appoint an advisor to serve in this role for the limited purpose of conducting the cross-examination, at no fee or charge to the party. It is the responsibility of both the Complainant and Respondent to notify the Title IX Coordinator in writing of whether they have selected their own advisor to accompany them to the hearing by the date of the pre hearing meeting.

In addition to selecting an advisor to conduct cross-examination at a hearing, the parties may request a second advisor to accompany the parties to the hearing only (such as a union representative, a Confidential Sexual Violence Advocate, etc.). The second/additional advisor may not speak for the party. It is the responsibility of the Parties to notify the Title IX Coordinator in writing of whether they will request an additional advisor to accompany them to the hearing by the date of the pre hearing meeting. Nothing in the Policy is intended to undermine or alter any rights afforded to a union-represented employee, as provided by applicable law or any collective negotiations agreement, including, but not limited to, a union-represented employee’s Weingarten rights.

G. Timeframes

The timeframe for the Title IX Grievance Process begins with the Notice of Allegation issued by the Title IX Coordinator. The Title IX Grievance Process is anticipated to be completed within one hundred and fifty (150) days from the Notice of Allegation.

The College will endeavor to conduct and complete an investigation and/or other appropriate resolution in a timely manner by balancing principles of thoroughness and fundamental fairness with promptness. Circumstances may require a temporary delay in the process and the College may extend this timeframe for good cause. In such an instance, the Title IX Coordinator or his/her designee will provide written notice to the parties of the delay or extension and the reason(s) for the action. Good cause may include considerations such as the absence of a party, a party’s advisor, or a witness; concurrent law enforcement investigation/activity; or the need for language assistance or accommodation of disabilities. In such an event, the Title IX Coordinator will advise the parties of the anticipated timeframe for the completion of the investigation.

The timeframe in this section does not include the period the parties attempted but failed to reach an agreement via informal resolution, if applicable, and in such a case, the Grievance Process timeframe will be extended by the period in which the parties attempted to reach an informal resolution.

H. Intake and Investigation Process

1. Initial Assessment: Upon receiving a report (either verbally or in writing), including a Formal Complaint, the Title IX Coordinator will assess the report. The initial assessment will determine whether the alleged conduct, taken as true, would present a potential violation of the Policy and whether further action is warranted based on the alleged conduct. If an allegation does not meet the elements of a Title IX sexual harassment violation, the matter will be dismissed under the Title IX Grievance Procedures. The College
reserves the right to forward reports in which this Policy does not have jurisdiction to the appropriate College office.

The Title IX Coordinator will contact the Complainant (if one is identified) to: (1) gather facts that will enable the Title IX Coordinator to assess the nature and circumstances of the allegation(s); (2) discuss the availability of Supportive Measures; (3) ask about the Complainant’s wishes with respect to Supportive Measures; and (4) explain how to file a Formal Complaint.

2. Notice of Allegations:

   A. Upon the submission of a Formal Complaint alleging covered sexual harassment, the Title IX Coordinator will send the parties a written Notice of Allegation by College email. The Notice of Allegation will contain a summary of the allegation(s) under the Policy. Once the Notice of Allegation has been delivered to the parties, the investigation phase begins. The College will provide sufficient time for the parties to review the Notice of Allegations and prepare a response before any initial interview. Upon receipt of the Notice of Allegation, or at any stage in the process, the Respondent may choose to accept responsibility for all or part of the alleged Policy violation(s). If the Respondent accepts responsibility for misconduct, the parties may request to initiate an Informal Resolution, or proceed with the investigation and hearing process.

   B. Ongoing Notice: If, in the course of an investigation, additional allegations of covered sexual harassment which were not included in the Notice of Allegations are reported, the Title IX Coordinator will notify the parties in writing of the additional allegations. The parties will be provided sufficient time to review the additional allegations to prepare a response before any initial interview regarding those additional allegations is conducted.

3. Interviews: The Title IX Coordinator shall assign the case to a Title IX Investigator(s) (“Investigator”). The Investigator will conduct a thorough and impartial investigation into the facts of the case and will interview the Complainant, Respondent, witnesses or other individuals who may have relevant information, and collect any other evidence deemed relevant to the case to summarize in an investigation report. Preliminary and follow-up interviews will be conducted as appropriate. The Investigator or Title IX Coordinator will provide the parties with written notice of the date, time, location, participants, and purpose of all investigative interviews, hearings, or other meetings with a party, with sufficient time for the party to prepare to participate.

4. Critical Witnesses: The Title IX Coordinator may identify an individual as a Critical Witness if the individual may have information critical to the outcome of an investigation. A Critical Witness(s) may be required by the Title IX Coordinator to meet with a Title IX Investigator. A Critical Witness who refuses to do so may be charged with “failure to comply with the directions of College officials, including campus Public Safety officers, or officers of the law, acting in performance of their duties (Ramapo College Code of Conduct, H.17).”

---

11 If the Complainant or Respondent does not respond to the Investigator within 10 business days of the Investigator’s initial outreach the investigation will nonetheless proceed in his or her absence.
5. Evidence Review: Prior to the completion of the investigation report, the Title IX Coordinator will provide access to relevant evidence obtained as part of the investigation to both parties (and the party’s advisor, if any, upon a party’s signed information release for their advisor of choice) through an electronic format. After both parties have reviewed the evidence, they will be provided an opportunity to respond to the evidence prior to conclusion of the investigation. Therefore, all evidence the parties would like the Investigator to consider as part of the investigation must be submitted prior to the date the evidence is shared with the parties.\textsuperscript{12}

Evidence obtained in the investigation that is not directly related to the allegations in the Formal Complaint will not be considered or included in the investigation report and instead will be added to an appendix of the report. As such, only evidence that is directly related to the allegations raised in the Formal Complaint will be available for inspection. It will include any:

1. evidence that is relevant, even if that evidence does not end up being relied upon by the College in making a determination regarding responsibility;
2. inculpatory or exculpatory evidence (i.e. evidence that tends to prove or disprove the allegations) that is directly related to the allegations, whether obtained from a party or another source.

Both parties will have ten (10) calendar days to review the evidence and submit a written response citing any further information, evidence or witnesses that they would like considered. All responses to the evidence must be submitted by the party via College email to the Investigator. Advisors are not permitted to submit written responses to the evidence on their own or on behalf of the party they are advising. The Investigator will consider all timely responses submitted by the parties before completing the investigative report. The Title IX Coordinator will provide copies of the parties’ written responses, if any, to the opposing party (including their advisor) prior to the hearing, in order to give the parties the opportunity to refer to such evidence during the hearing, including for the purpose of cross-examination.

6. Preliminary Investigative Report: The Investigator will complete a preliminary investigative report (hereafter “report”). The report will outline each of the allegations that potentially constitutes prohibited conduct under this Policy, provide the timeline (e.g. procedural steps) of the investigation, and fairly summarize relevant evidence. This report is not intended to catalog all evidence obtained by the Investigator, but only to provide a fair summary of that evidence.

Only relevant evidence (i.e. tending to prove and disprove the allegations, including both inculpatory and exculpatory evidence) will be referenced in the report. Evidence obtained in the investigation that is not relevant, but is directly related to the allegations in the Formal Complaint will be included in the appendices of the report. The Investigator may redact irrelevant information when that information is contained in documents or evidence that are otherwise relevant.\textsuperscript{13}

The Title IX Coordinator will provide a completed investigation report concurrently to both parties and each party’s advisor, if any, at least ten (10) calendar days prior to the date of the scheduled hearing to review and provide a written response (optional) prior to the hearing. All responses to the report must be submitted by the party via College email to the Title IX Coordinator. Advisors are not permitted to submit written responses to the report on their own or on behalf of the party they are advising. The Title IX Coordinator will issue a copy of the completed investigation report, and any timely responses from the parties, to the Hearing Chair and any Hearing Officer(s) assigned for the hearing.

7. **Prehearing Meeting:** The Title IX Coordinator will convene a separate pre hearing meeting with each of the parties and the Hearing Chair. The Title IX Coordinator will generally provide at least five (5) calendar days notice prior to the pre hearing meeting.

The purpose of the prehearing meeting is to review information which may include, but not be limited to: the identity and role of personal advisors at the hearing; procedures to be followed at the hearing; the Hearing Rules of Decorum; review restricted evidence that will not be allowed during the hearing; review any hearing time limitations; the names and roles of all hearing participants including the witnesses that will be asked to appear on behalf of the party; confirm there are no conflicts of interest for the Hearing Chair/Officers; establish agreed upon facts; and to answer any other questions or share information prior to the hearing. The College expects that both parties will attend separate pre hearing meetings, but neither party is required to participate in the pre hearing meeting. It is the responsibility of the Complainant and Respondent to notify the Title IX Coordinator of the persons they wish to be called as witnesses by the date of the pre hearing meeting. The Hearing Chair may exclude from the hearing witnesses who were not identified by this date.

I. **Hearing:**

1. **Live Hearing Requirement:** Absent a Notice of Dismissal issued by the Title IX Coordinator or the parties’ mutual decision to reach an informal resolution agreement (if applicable), the parties will be afforded a live hearing for all Formal Complaints, subject to the Title IX Grievance Process as outlined in this Policy. The College will not issue a disciplinary sanction arising from an allegation of covered sexual harassment without a live hearing. The parties cannot waive the right to a live hearing.

2. **Notice of Hearing:** The Title IX Coordinator will provide at least ten (10) calendar days written notice to the parties (and the participant’s advisor, if any) of the hearing, including the date, time, location, names of all participants of the hearing, purpose of the hearing, the Hearing Rules of Decorum, a statement of the allegations, and a summary statement of the evidence gathered.

Either party may challenge the fairness, impartiality or objectivity of a Hearing Chair or Officer selected by the Title IX Coordinator. The challenge must be submitted in writing to the Title IX Coordinator within four (4) calendar days after receiving the Notice of Hearing, and must state the reasons for the challenge. The Title IX Coordinator will determine whether the Hearing Chair or Officer can serve with fairness, impartiality, and objectivity. In the event that a Hearing Officer recused themselves, an alternative Hearing Officer will be assigned by the Title IX Coordinator.
3. **Witnesses:** The Title IX Coordinator will notify individuals who are identified as witnesses that their appearance is requested. It is generally expected that witnesses will appear in person to give testimony; however, witnesses cannot be compelled to participate in the live hearing. Witnesses have the right to be free from retaliation, regardless of whether they do or do not participate in the hearing.  

4. **Absence or Refusal to Submit to Cross-Examination:** The College may proceed with the live hearing in the absence of a party or witness or on a party’s refusal to answer cross-examination or other questions. In addition, the Hearing Chair/Officer may reach a determination in a party or witness’s absence. However, a Hearing Chair/Officer cannot draw an inference about the determination regarding responsibility based solely on a party’s refusal to answer cross-examination or other questions, or absence from the live hearing.  

   If a party does not attend the hearing, the party’s advisor may appear and conduct cross-examination on their behalf. If neither a party nor their advisor appear at the hearing, the College will provide an advisor to appear on behalf of the non-appearing party.  

   If a party or witness does not submit to cross-examination, the Hearing Chair/Officers cannot rely on any prior statements made by that party or witness in reaching a determination regarding responsibility. This includes any statement relayed by the party or witness to an individual who testifies at the live hearing. A verbal or written statement which is alleged constitute the sexual harassment itself is not a “prior statement” that must be excluded if the maker of the statement does not submit to cross-examination about that statement. In other words, a prior statement would not include a document, audio recording, audiovisual reading, and digital media, including but not limited to text messages, emails, and social media postings, of the conduct alleged to have been the act of sexual harassment under the Formal Complaint.  

5. **Technology:** The hearing may be conducted with all parties physically present in the same geographic location, or, at the College’s discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually through remote video conferencing. This technology will enable participants simultaneously to see and hear each other. All proceedings will be recorded through audio recording. Following the hearing, a copy of the recording will be provided to the parties upon request. Prior to obtaining access to any evidence, the parties and their advisors must sign an agreement not to disseminate any of the testimony heard or evidence obtained in the hearing or use such testimony or evidence for any purpose unrelated to the grievance proceeding. Once signed, this agreement may not be withdrawn.

Cell phones, recording devices, and any other electronic devices may not be used in the hearing room (unless approved by the Hearing Chair in advance) and must be turned off before the hearing convenes.

6. Participants in the Hearing: The hearing is a closed proceeding. The only individuals permitted to participate in the hearing are as follows: Hearing Chair/Officers, Hearing Administrator, the Complainant and Respondent, the personal advisor(s) for each party, and witnesses.

All hearing participants are subject to the Hearing Rules of Decorum. Anyone who disrupts a hearing or who fails to adhere to the Hearing Rules of Decorum may be excluded from the hearing.

7. Hearing Procedure: For hearings conducted under this Title IX Grievance Process, the procedure will generally be as follows:

1. The Hearing Chair or Hearing Administrator will open and establish rules and expectations for the hearing.
2. Presentation of the investigation report by the Investigator, followed by questions to the Investigator by the Hearing Chair/Officers and then advisors.
3. Complainant statement followed by questions to the Complainant by the Hearing Chair/Officers, followed by cross examination by the Respondent’s advisor.
4. Respondent statement followed by questions to the Respondent by the Hearing Chair/Officers, followed by cross examination by the Complainant’s advisor.
5. Witness testimony and questioning by the Hearing Chair/Officer(s). Advisors for the Complainant and Respondent will be given the opportunity for live cross-examination after the Hearing Officer(s) conduct(s) an initial round of witness questioning. During the Parties’ cross-examination, the Hearing Chair/Officer(s) will have the authority to pause cross-examination at any time for the purposes of asking the Hearing Chair/Officer’s own follow up questions; and any time necessary in order to enforce the established rules of decorum.
6. Closing statement by Complainant.
8. The Hearing Chair or Hearing Administrator will conclude the hearing.

During the hearing, the Hearing Chair or Hearing Administrator will not apply the technical rules of evidence followed in criminal or civil legal proceedings nor entertain technical legal motions. Technical legal rules pertaining to the wording of questions, hearsay, and opinions will not be formally applied.

8. Live Cross-Examination: Each party’s advisor will conduct live cross-examination of the other party or parties and witnesses. During this cross-examination, the advisor will ask the other party or parties and witnesses relevant questions and follow-up questions, including those challenging credibility directly, orally, and in real time.

Only relevant cross-examination and other questions may be asked of a party or witness. Before any cross-examination question is answered, the Hearing Chair must first determine if the question is relevant and explain any decision to exclude a question as not relevant. Cross-examination questions that are duplicative
of those already asked, including by the Hearing Chair/Officers may be deemed irrelevant if they have been asked and answered.

Questions regarding the Complainant’s sexual predisposition or prior sexual behavior are prohibited (though there may be a limited exception made in regard to questions and evidence about the Complainant’s prior sexual behavior which are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant’s prior sexual behavior with respect to the Respondent and are offered to prove consent).

Should a party or their advisor choose not to cross-examine a party or witness, the party shall affirmatively waive cross-examination through a written or oral statement to the Hearing Chair. A waiver of cross-examination does not eliminate the ability of the Hearing Chair/Officers to use statements made by the party or witness.

9. General Considerations for Evaluating Testimony and Evidence:

a. Credibility: The Hearing Chair/Officers may not draw inferences regarding a party or witness credibility based on the party or witness status as a Complainant, Respondent, or witness, nor shall it base its judgments in stereotypes about how a party or witness would or should act under the circumstances.

While the opportunity for cross-examination is required in all Title IX hearings, determinations regarding responsibility may be based in part, or entirely, on documentary, audiovisual, and digital evidence, as warranted in the judgment of the Hearing Chair/Officers. Generally, credibility determinations should rest on the demeanor of the party or witness, the plausibility of their testimony, the consistency of their testimony, and its reliability in light of corroborating or conflicting testimony or evidence. Still, credibility judgments should not rest on whether a party or witness’ testimony is non-linear or incomplete, or if the party or witness is displaying stress or anxiety.

b. Weighing Testimony:

1. First-Hand Testimony: The Hearing Chair/Officers will afford the highest weight relative to other testimony to first-hand testimony by parties and witnesses regarding their own memory of specific facts that occurred. Except where specifically barred by the Title IX Final Rule, a witness’ testimony regarding third-party knowledge of the facts at issue will be allowed, but will generally be accorded lower weight than testimony regarding direct knowledge of specific facts that occurred.

2. Expert Witnesses: The Final Rule requires that the College allow parties to call “expert witnesses” for direct and cross examination. While the expert witness will be allowed to testify and be cross-examined as required by the Final Rule, the Hearing Chair/Officers afford lower weight to non-factual testimony of the expert relative to fact witnesses, and any expert
testimony that is not directed to the specific facts that occurred in the case will be afforded lower weight relative to fact witnesses, regardless of whether the expert witness testimony is the subject of cross examination and regardless of whether all parties present experts as witnesses.

3. Character Witnesses: The Final Rule requires that the College allow parties to call character witnesses to testify. While the character witnesses will be allowed to testify and be cross-examined as required by the Final Rule, the Hearing Chair/Officers will afford very low weight to any non-factual character testimony of any witness.

4. Polygraph Tests: The Final Rule requires that the College admit and allow testimony regarding polygraph tests (commonly referred to as “lie detector tests”) and other procedures that are outside of standard use in academic and nonacademic conduct processes. While the processes and testimony about them will be allowed to testify and be cross-examined as required by the Final Rule, the Hearing Chair/Officers will afford lower weight to such processes relative to the testimony of fact witnesses.

5. Retaliation: Where a party or witness conduct or statements demonstrate that the party or witness is engaging in retaliatory conduct, including but not limited to witness tampering and intimidation, the Hearing Chair/Officers may draw an adverse inference as to that party or witness credibility.

10. Continuances or Granting Extensions: The Hearing Chair or Hearing Administrator may determine that multiple sessions or a continuance (i.e. a pause on the continuation of the hearing until a later date or time) is needed to complete a hearing. If so, the Title IX Coordinator will notify all participants and endeavor to accommodate all participants’ schedules and complete the hearing as promptly as practicable.

J. Determination Regarding Responsibility

If there are no extenuating circumstances, the Hearing Chair will render a written decision (“Determination Regarding Responsibility”) within ten (10) business days after the conclusion of a hearing. The Determination Regarding Responsibility will be issued simultaneously to all parties by the College email. The Title IX Coordinator and the Appeals Officer shall be copied on all outcome notices. The Director of Human Resources shall be copied on all outcome notices for employee Respondents.

The Determination Regarding Responsibility will include:
1. Identification of the allegations potentially constituting covered sexual harassment;
2. A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding which section of the Policy, if any, the Respondent has or has not violated;
5. For each allegation:
a. A statement of, and rationale for, a determination regarding responsibility;
b. A statement of, and rationale for, any disciplinary sanctions the recipient imposes on the Respondent (See Sanctions Article XII, infra); and
c. A statement of, and rationale for, whether remedies designed to restore or preserve equal access to the College's education program or activity will be provided by the College to the Complainant; and

6. The College's procedures and the permitted reasons for the Complainant and Respondent to appeal.

The Determination Regarding Responsibility becomes final either on the date that the College provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

K. Appeals:

Either party may appeal in writing to the Appeals Officer:

- the College's dismissal of a Formal Complaint (or any allegations in the Formal Complaint),
- all determinations, including not responsible findings.

Appeals are not heard in person; instead all requests for appeal must be submitted in writing to the Appeals Officer within five (5) business days from the date on the letter notifying the parties of the original determination or dismissal. Failure to appeal within the allotted time will render the original decision final.

Appeals shall be granted only on one or more of the following grounds:

1. If the sanctions are found to be significantly disproportionate to the offense;
2. Procedural irregularity that affected the outcome of the matter;
3. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
4. The Title IX Coordinator, Investigator(s), or Hearing Chair/Officers had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that affected the outcome of the matter.

The fact that one of the parties disagrees with the finding or sanction does not constitute grounds for appeal. Although a Complainant may appeal on the ground that the remedies are not designed to restore or preserve the Complainant's access to the College's education program or activity, a Complainant is not entitled to a particular sanction against the Respondent.

The Title IX Coordinator will send the parties a written Notice of Appeal when an appeal is submitted, and both parties will have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

If the Appeals Officer finds no grounds for an appeal, then the decision will become final. There is no further appeal within the College.
If the Appeals Officer finds grounds for appeal, then s/he may dismiss the case, change the sanction, modify the finding, or uphold the finding based on the grounds identified. The decision of the Chief Equity and Diversity Officer (or designee) is final. There is no further appeal within the College.

The Appeals Officer will issue a written decision describing the result of the appeal and the rationale for the result within ten (10) business days from the date the appeal is received. The decision will be sent to the parties simultaneously and in writing by College email. The Title IX Coordinator and Hearing Chair/Officers shall be copied on all outcome notices. The Director of Human Resources shall be copied on all outcome notices for employee Respondents.

Supportive measures will remain in place during the appeal process.

L. Withdrawal Prior to the Conclusion of an Investigation

The protocol established by this Policy will not be deferred due to the withdrawal from enrollment or employment at the College of a Complainant or Respondent after the Notice of Allegation has been issued. Should either party decide to withdraw and/or not participate in the investigation, the process will nonetheless proceed in his or her absence. The Title IX Coordinator will communicate the outcome, permanent protective measures (if any) and any sanction(s) (if any) to the withdrawn party using his or her last known e-mail and home address.

XI. SEXUAL MISCONDUCT GRIEVANCE PROCESS

A. Jurisdiction Ramapo College is committed to addressing and eliminating all sexual misconduct on our campus, or which directly impacts members of our community. To the extent that alleged misconduct falls outside of the jurisdiction of the Title IX Grievance Process, the College retains authority to investigate and adjudicate sexual misconduct allegations through a separate grievance process.

The Sexual Misconduct Grievance Process applies to all settings and activities of the College, whether on campus property or off campus, as well as occurrences not related to activities of the College when the conduct has the propensity to create a hostile environment on campus. The process prohibits any employee, student, visitor or any other third party from engaging in sex-based discrimination as defined in this Policy. The College’s disciplinary response may be limited if the Respondent is a visitor or other third-party or is not subject to the College’s jurisdiction. If the Respondent is not subject to the College’s jurisdiction at the time the report is made, then the College will determine appropriate action to prevent the recurrence of such conduct and remedy the effects, if appropriate. In addition, an individual does not have to be a member of the College to file a report under this Policy.

College Employees: If an employee Respondent is alleged to have engaged in sexual misconduct that does not fall within the jurisdiction of the Title IX Grievance Process (See Article IX, supra), the matter will be referred for appropriate action under the New Jersey State Policy Prohibiting Discrimination in the Workplace.21

21 Available at: https://www.ramapo.edu/affirmaction/complaint-processing-forms/
B. Dismissal
The Title IX Coordinator may dismiss a Formal Complaint brought under this Policy, or any specific allegations therein, if:

- A Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein;
- the Respondent is no longer enrolled or employed by the College; or
- specific circumstances prevent the College from gathering evidence sufficient to reach a determination regarding the Formal Complaint or allegations therein.

Each party may appeal this dismissal using the procedure outlined in “Appeals,” below.

C. Prohibited Sexual Misconduct:
“Sexual misconduct” includes any conduct on the basis of sex that satisfies one or more of the following:

1. **Dating Violence:** Threatened or actual physical or sexual violence committed by a person (a) who is or has been in a social relationship of a romantic or intimate nature with the Complainant; and (b) where the existence of such a relationship will be determined based on a consideration of the following factors: (i) the length of the relationship; (ii) the type of relationship; and (iii) the frequency of interaction between the persons involved in the relationship.

   Dating violence includes the use or threat of physical force or restraint carried out with the intent of causing pain or injury to another within a dating relationship.

2. **Domestic Violence:** Threatened or actual physical or sexual violence committed by a current or former spouse of the Complainant, by a person with whom the Complainant shares a child in common, or by a person cohabitating with (or having cohabitated with) the Complainant who is or has been in a social relationship of a romantic or intimate nature with the Complainant.

   Examples of behavior that may constitute domestic or dating violence include (but are not limited to) the following:
   - Hitting, punching, pinching, slapping, or choking someone with whom the person is intimately involved.
   - Violating a protective order.
   - Touching an intimate partner sexually without the person’s consent.

3. **Retaliation:** Retaliation is defined as any materially adverse action taken because of a person’s participation in a protected activity. Protected activity includes reporting an incident that may implicate this Policy and assisting in providing information relevant to an investigation. Reprisal, interference,
restraint, penalty, discrimination, intimidation, threats, harassment or any other adverse action taken against a person who reports sexual misconduct, is a Complainant in an investigation, serves as a witness, or is a third party involved in the investigation of such a report. Retaliation may occur in response to engaging in permitted conduct or for refusing to engage in prohibited conduct. For more information, please see Non-Retaliation Article XV, infra.

4. Sexual Assault:
   • **Non-Consensual Sexual Contact (or attempts to commit)** defined as any intentional sexual touching with any object(s) or body part that is without consent and/or by force. Sexual contact is defined as kissing or touching others intimate parts or any other bodily contact in a sexual manner. Intimate parts may include, but are not limited to, a person’s groin, buttocks, mouth or breasts.
   • **Non-Consensual Sexual Intercourse (or attempts to commit)** defined as penetration or contact, no matter how slight, of a person’s vagina, anus or mouth with any object(s) or sex organ that is without consent and/or by force.

Examples of behavior that would constitute Sexual Assault may include the following:
   • Engaging in sexual activity with an unconscious or semi-conscious person;
   • Engaging in sexual activity with someone who is asleep or passed out;
   • Engaging in sexual activity with someone who has said “no”;
   • Engaging in sexual activity with someone who is not reciprocating by body movement;
   • Engaging in sexual activity with someone who is vomiting, unable to stand or undress without assistance, or has to be carried to bed;
   • Engaging in sexual activity with someone who is under the statutory age of consent (statutory rape) or related by degrees within sexual contact would be illegal (incest);
   • Allowing another person to engage in sexual activity with your partner without his or her consent;
   • Requiring any person to perform any sexual activity as a condition of acceptance into a fraternity, sorority, athletic, or any other organization affiliated with the College;
   • Telling someone you will “out” them if they don’t engage in sexual activity (e.g., threatening to disclose the person’s sexual orientation without their consent);
   • Telling someone you will retaliate against them if they don’t agree to engage in sexual activity; or
   • Facilitating or assisting in a sexual assault including purchasing or providing alcohol or drugs to further a sexual assault.

5. Sexual Exploitation: Occurs when a person takes sexual advantage (or attempts to take sexual advantage) of another without that individual’s consent for the initiator’s own advantage or benefit or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other sexual misconduct offenses.

Examples of behavior that would constitute Sexual Exploitation include the following:
   • Photographing or videotaping another in a state of undress without consent;
   • Prostituting another;
   • Allowing a third party to watch consensual sexual contact without the permission of both parties involved in the sex act or showing voluntarily recorded sexual activity to others without permission.
Consent to be recorded does not imply consent for the recorded sexual activity to be displayed or otherwise disseminated;

- Knowingly giving another a sexually transmitted infection (STI) or HIV; or
- Allowing others to have sex with an incapacitated person.
- Exposing one’s genitals in non-consensual circumstances, or inducing others to expose their genitals or intimate parts.
- “Stealthing” which involves intentionally removing a condom without the other party’s consent during sexual activity.

6. **Sexual Harassment**: Unwelcome conduct of a sexual nature which has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or creating an intimidating, hostile, humiliating, or offensive working or learning environment.

Sexual Harassment also exists when submission to conduct is made as express or implicit term or condition of an individual’s employment, performance, appraisal, or evaluation of academic performance; or conduct that implies that a person will suffer adverse consequences from a person in an express or implied position of authority.

Examples of behavior that could constitute Sexual Harassment may include the following:

- Unwelcome sexual advances or inappropriate touching;
- Requests for sexual favors;
- Calling someone by a sexually-oriented or demeaning name;
- Sexually suggestive comments;
- Giving someone unwanted gifts of a sexual nature;
- Displaying sexually suggestive materials or sending notes, email, or jokes to a person that are sexually explicit;
- Public display of pornographic or suggestive calendars, posters, or signs where such images are not connected to any legitimate academic or workplace purpose.
- Touching someone sexually without their consent;
- Massaging someone without permission;
- Brushing up against someone repeatedly;
- Continuing to ask out a person who already has said they are not interested; or
- Exposing your private parts to another person without his or her consent.

7. **Stalking**: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to (a) fear for his or her safety or the safety of others; or (b) suffer substantial emotional distress.

Examples of behavior that could constitute stalking may include two or more instances of the following:

- Spreading lies about a person;
- Repeatedly communicating with a person who doesn’t wish to be communicated with;
- Follow a person or lying in wait for another; or

D. Standard of Evidence & Presumption of Not Responsible

In proceedings under this Sexual Misconduct Grievance Process, the standard of proof used to determine whether or not a violation of this Policy has occurred is a preponderance of evidence, which means it is more likely than not the misconduct occurred. It is presumed that the Respondent is not responsible for the alleged conduct unless that determination regarding responsibility is made at the conclusion of the Sexual Misconduct Grievance Process.

The College has the burden of proof and the burden of gathering evidence, i.e. the responsibility of showing a violation of this Policy has or has not occurred. This burden does not rest with either party, and either party may decide not to share their account of what occurred or may decide not to participate in an investigation or hearing. This does not shift the burden of proof away from the College and does not indicate responsibility. The College will provide an equal opportunity for the parties to present witnesses and other inculpatory and exculpatory evidence, (i.e. evidence that tends to prove and disprove the allegations).

E. Evidentiary Considerations in the Investigation

Unless the Title IX Coordinator determines it is appropriate, the investigation does not consider: (1) incidents not directly related to the possible violation, unless they evidence a pattern, (2) the sexual history of the parties (though there may be a limited exception made in regard to the sexual history between the parties or when evidence regarding the Complainant’s sexual history is offered to prove that someone other than the Respondent engaged in the reported misconduct, or if the evidence concerns specific incidents of the Complainant’s prior sexual behavior with respect to the Respondent and are offered to prove consent), (3) the character of the parties, (4) evidence that constitutes, or seeks disclosure of, information protected under a legally-recognized privilege, e.g., attorney client privilege, or any party’s medical, psychological, and similar records unless the party has given voluntary, written consent.

F. Personal Advisors

The parties have the right to select a personal advisor (hereafter “advisor”) of their choice who may be an attorney or non-attorney, at their expense, at any stage of the process. The advisor may accompany the parties to any meeting or hearing during the investigation, but may not speak for the party. Meetings and interviews will not be substantially delayed due to an advisor’s availability. The College will communicate at all times directly with the parties. It is the responsibility of the parties to forward any communication to their advisor.

A personal advisor may not participate in any other capacity in reference to the same incident, including, but not limited to, serving as a Witness, Co-Complainant, or Co-Respondent.

---

24 For example, if an attorney is not available to attend a meeting or interview for several weeks this may cause a substantial delay in the investigation, and thus the meeting or interview may proceed regardless of the availability of the desired advisor. The Complainant or Respondent may choose to bring another available advisor in place of the unavailable advisor.
G. Timeframes

The timeframe for the Sexual Misconduct Grievance Process begins with the Notice of Allegation. The Sexual Misconduct Grievance Process is anticipated to be completed within one hundred and twenty (120) days from the Notice of Allegation.

The College will endeavor to conduct and complete an investigation and/or other appropriate resolution in a timely manner by balancing principles of thoroughness and fundamental fairness with promptness. Circumstances may require a temporary delay in the process and the College may extend this timeframe for good cause. In such an instance, the Title IX Coordinator or his/her designee will provide written notice to the parties of the delay or extension and the reason(s) for the action. Good cause may include considerations such as the absence of a party, a party’s advisor, or a witness; concurrent law enforcement investigation/activity; or the need for language assistance or accommodation of disabilities. In such an event, the Title IX Coordinator will advise the parties of the anticipated timeframe for the completion of the investigation.

The timeframe in this section does not include the period the parties attempted but failed to reach an agreement via informal resolution, if applicable, and in such a case, the grievance process timeframe will be extended by the period in which the parties attempted to reach an informal resolution.

H. Intake and Investigation Process

1. Initial Assessment: Upon receiving a report (either verbally or in writing), including a Formal Complaint, the Title IX Coordinator will assess the report. The initial assessment will determine whether the alleged conduct, taken as true, would present a potential violation of the Policy and whether further action is warranted based on the alleged conduct.

The first step of the initial assessment will usually be a preliminary meeting between the Complainant and Title IX Coordinator (or designee) to gather facts that will enable the Title IX Coordinator to assess the nature and circumstances of the allegation and institute appropriate supportive measures. The Title IX Coordinator will also advise the Complainant of the process to file a Formal Complaint.

If a Formal Complaint does not meet the elements of a sexual misconduct violation, the matter will be dismissed under the Sexual Misconduct Grievance Process. The Title IX Coordinator will provide a Notice of Dismissal that the Formal Complaint is being dismissed for the purposes of the Title IX Grievance Procedures. This dismissal may be appealed using the procedure outlined in “Appeals,” below. The College reserves the right to forward reports in which this policy does not have jurisdiction to the appropriate College office.

2. Notice of Allegations:

A. Upon the submission of a Formal Complaint alleging prohibited sexual misconduct, the Title IX Coordinator will send the parties a written Notice of Allegation by College email. The Notice of Allegation will contain a summary of the allegation(s) under the Policy. Once the Notice of Allegation has been delivered to the parties, the investigation phase begins. The College will provide sufficient
time for the parties to review the Notice of Allegations and prepare a response before any initial interview. Upon receipt of the Notice of Allegation, or at any stage in the process, the Respondent may choose to accept responsibility for all or part of the alleged Policy violation(s). If the Respondent admits responsibility for alleged misconduct, the matter is referred directly to the Deputy Title IX Coordinator, who will make a determination that the Respondent is in violation of the Policy and determine appropriate sanctions.

B. Ongoing Notice: If, in the course of an investigation, additional allegations of prohibited sexual misconduct which were not included in the Notice of Allegations are reported, the Title IX Coordinator will notify the parties in writing of the additional allegations. The parties will be provided sufficient time to review the additional allegations to prepare a response before any initial interview regarding those additional allegations is conducted.

3. Interviews: The Title IX Coordinator shall assign the case to an Investigator(s). The Investigator(s) will conduct a thorough and impartial investigation into the facts of the case and will interview the Complainant, Respondent, witnesses or other individuals who may have relevant information, and collect any other evidence deemed relevant to the case to summarize in an investigation report. Preliminary and follow-up interviews will be conducted as appropriate. The Investigator or Title IX Coordinator will provide the parties with written notice of the date, time, location, participants, and purpose of all investigative interviews, or other meetings with a party, with sufficient time for the party to prepare to participate.

4. Critical Witnesses: The Title IX Coordinator may identify a student as a Critical Witness if the student may have information critical to the outcome of an investigation. A Critical Witness may be required by the Title IX Coordinator to meet with a Title IX Investigator. A Critical Witness who refuses to do so may be charged with “failure to comply with the directions of College officials, including campus Public Safety officers, or officers of the law, acting in performance of their duties (Ramapo College Code of Conduct, H.17).”

5. Evidence Review: Prior to the completion of the investigation report, the Title IX Coordinator will provide access to evidence obtained as part of the investigation to both parties (and the party's advisor, if any, upon a party's signed information release for their advisor of choice) through an electronic format. The parties will have an equal opportunity to inspect and review the evidence and meaningfully respond to the evidence prior to conclusion of the investigation. All parties must submit any evidence they would like the Investigator to consider prior to the date the evidence is shared with the parties.

Evidence that will be available for inspection and review will be any evidence that is directly related to the allegations raised in the Formal Complaint. It will include any:

1. evidence that is relevant, even if that evidence does not end up being relied upon by the College in making a determination regarding responsibility;

---

25 If the Complainant or Respondent does not respond to the Investigator within 10 business days of the Investigator's initial outreach the investigation will nonetheless proceed in his or her absence.

2. inculpatory or exculpatory evidence (i.e. evidence that tends to prove or disprove the allegations) that is directly related to the allegations, whether obtained from a party or another source.

Both parties will have ten (10) calendar days to review the evidence and submit a written response citing any further information, evidence or witnesses that they would like considered. All responses to the evidence must be submitted by the party via College email to the Investigator. Advisors are not permitted to submit written responses to the evidence on their own or on behalf of the party they are advising. The Investigator will consider all timely responses submitted by the parties before completing the investigative report. The Title IX Coordinator will provide copies of the parties' written responses (if any) to the opposing party and their advisor prior to the meeting with the assigned Deputy Title IX Coordinator to give them the opportunity to refer to such evidence during the meeting.

6. Preliminary Investigative Report: The Investigator will complete a preliminary investigative report (hereafter “report”). The report will outline each of the allegations that potentially constitute prohibited conduct under this Policy, provide the timeline (e.g. procedural steps) of the investigation, and fairly summarize relevant evidence. This report is not intended to catalog all evidence obtained by the Investigator, but only to provide a fair summary of that evidence.

Only relevant evidence (i.e. tending to prove and disprove the allegations, including both inculpatory and exculpatory evidence) will be referenced in the report. Evidence obtained in the investigation that is not relevant, but is directly related to the allegations in the Formal Complaint will be included in the appendices of the report. The Investigator may redact irrelevant information when that information is contained in documents or evidence that are otherwise relevant.27

The Title IX Coordinator will provide the preliminary investigative report concurrently to both parties, each party’s advisor, if any, and the Deputy Title IX Coordinator at least ten (10) calendar days prior to the date of the meeting with the Deputy Title IX Coordinator.

7. Meeting with the Deputy Title IX Coordinator: The Deputy Title IX Coordinator (hereafter “Deputy Coordinator”) will invite each party to participate in a separate meeting. The purpose of the meeting is to discuss the evidence that will be used by the Deputy Coordinator to reach a Determination Regarding Responsibility and to allow the parties the opportunity to respond to the investigative report. The parties may decline to participate in this meeting. The parties will have five (5) business days from meeting with the Deputy Coordinator to provide a written response to the Deputy Coordinator.

A. If one or both of the parties provides a written response the Deputy Coordinator will determine if there is a need for further investigation, or if fact finding is complete. Any new information that is relevant to the outcome of the investigation will be shared with the Complainant and the Respondent.

B. If neither party provides a written response fact finding is determined to be complete.

**8. Determination Regarding Responsibility:** Once fact finding is complete, the parties will be notified by the Title IX Coordinator and the preliminary investigative report will become final. The Deputy Coordinator will then make a determination as to whether the Policy has been violated.

If there are no extenuating circumstances, the Deputy Coordinator will render a written decision ("Determination Regarding Responsibility") within ten (10) business days after fact finding is complete. The Determination Regarding Responsibility will be issued simultaneously to all parties by College email. The Title IX Coordinator and the Appeals Officer shall be copied on all outcome notices.

The Determination Regarding Responsibility will include:

1. Identification of the allegations potentially constituting prohibited sexual misconduct;
2. A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence;
3. Findings of fact supporting the determination;
4. Conclusions regarding which section of the Policy, if any, the Respondent has or has not violated.
5. For each allegation:
   a. A statement of, and rationale for, a determination regarding responsibility;
   b. A statement of, and rationale for, any disciplinary sanctions the recipient imposes on the Respondent (See Sanctions Article XII, infra); and
   c. A statement of, and rationale for, whether remedies designed to restore or preserve equal access to the College’s education program or activity will be provided by the College to the Complainant; and
6. The College’s procedures and the permitted reasons for the Complainant and Respondent to appeal.

The Determination Regarding Responsibility becomes final either on the date that the College provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

**I. Appeals**

Either party may appeal in writing to the Appeals Officer:
- the College’s dismissal of a Formal Complaint (or any allegations in the Formal Complaint),
- all determinations, including not responsible findings.

Appeals are not heard in person; instead all requests for appeal must be submitted in writing to the Appeals Officer within five (5) business days from the date on the letter notifying the parties of the original determination or dismissal. Failure to appeal within the allotted time will render the original decision final.
Appeals shall be granted only on one or more of the following grounds:

1. If the sanctions are found to be significantly disproportionate to the offense;
2. Procedural irregularity that affected the outcome of the matter;
3. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
4. The Title IX Coordinator, Investigator(s), or Hearing Chair/Officers had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that affected the outcome of the matter.

The fact that one of the parties disagrees with the finding or sanction does not constitute grounds for appeal. Although a Complainant may appeal on the ground that the remedies are not designed to restore or preserve the Complainant’s access to the College’s education program or activity, a Complainant is not entitled to a particular sanction against the Respondent.

The Title IX Coordinator will send the parties a written Notice of Appeal when an appeal is submitted, and both parties will have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

If the Appeals Officer finds no grounds for an appeal, then the decision will become final. There is no further appeal within the College.

If the Appeals Officer finds grounds for appeal, then s/he may dismiss the case, change the sanction, modify the finding, or uphold the finding based on the grounds identified. The decision of the Chief Equity and Diversity Officer (or designee) is final. There is no further appeal within the College.

The Appeals Officer will issue a written decision describing the result of the appeal and the rationale for the result within ten (10) business days from the date the appeal is received. The decision will be sent to the parties simultaneously and in writing by College email. The Title IX Coordinator and Deputy Coordinator shall be copied on all outcome notices. The Director of Human Resources shall be copied on all outcome notices for employee Respondents.

Supportive measures will remain in place during the appeal process.

J. Withdrawal Prior to the Conclusion of an Investigation

The protocol established by this Policy will not be deferred due to the withdrawal from enrollment at the College of a Complainant or Respondent after the Notice of Allegation has been issued. Should either party decide to withdraw and/or not participate in the investigation, the process will nonetheless proceed in his or her absence. The Title IX Coordinator will communicate the outcome, permanent protective measures (if any) and any sanction(s) (if any) to the withdrawn party using his or her last known e-mail and home address.
Any of the following sanction(s), or combinations of sanction(s), may be imposed for any violation under this Policy. Failure to abide by the imposed sanction(s) will result in additional sanctions. This includes failure to comply with the reasonable directions of a College official, including, but not limited to, the Title IX Coordinator, Public Safety Officers, and/or other College employees acting in performance of their duties. Sanctions other than those outlined in this Policy may be taken if the situation warrants.

All findings of responsibility will result in written notification being placed in the Respondent’s disciplinary file in the Office of Student Conduct (students) or employee personnel file (employees).

A. Possible Sanctions and Remedies for Student Respondents

All conditions of disciplinary sanctions must be fulfilled by the given deadlines. Failure to comply with sanctions will result in a registration hold for a subsequent semester and additional non-compliance charges.

A student with incomplete disciplinary sanction(s) that is no longer enrolled at the College will have a registration hold placed on his/her account and sanctions placed in hiatus. Should a student re-enroll at the College, the sanctions must be completed. Monetary fines are the exception to this rule, as they are immediately posted on bills from the Office of Student Accounts.

Possible Sanction(s) for Domestic Violence, Dating Violence, Sexual Harassment, Sexual Exploitation, Stalking, Retaliation, Sexual Assault and other Sexual Misconduct (excluding Rape or Sexual Assault: Non-Consensual Sexual Intercourse) may include:

1. **Restitution Requirement**: The student may be required to provide the College with financial restitution for the restoration or replacement of property that was damaged, defaced, lost, or stolen. Students seeking a financial award from other students for damages or compensation for stolen/damaged items should seek further assistance from the Mahwah Municipal Court. The College’s student conduct process does not have jurisdiction in this area.

2. **Residence Probation**: A defined period of time whereby a student living in College residence facilities is given an opportunity to modify his/her behavior or risk losing the privilege of living on campus. Any subsequent violation of this Policy or the Code of Conduct, while in this status, will likely result in suspension of residence privileges.

3. **Suspension of Activity Privileges**: The student cannot be a member of a recognized or registered student organization, participate in organizations’ regularly scheduled activities, serve as a representative of the College, or participate in intramural, club, or intercollegiate sports. Notification of this sanction/status will be sent to appropriate College officials so they will know who may not participate in activities sponsored by their offices.

4. **Disciplinary Probation**: A defined period of time whereby any registered student is given an opportunity to modify her/his behavior or risk losing student status. Any subsequent violation of this Policy or the Code of Conduct, while in this status, will likely result in suspension or expulsion from the College.

5. **Loss of Campus Housing Selection Privilege**: Students assigned this sanction may only enter the housing selection process as an “individual.” Students are not permitted to join a “group” or be pulled into a group.
Students must follow the necessary procedures outlined within the housing selection materials in order to secure housing as an individual.

6. **Housing Relocation**: Students assigned this sanction will be required to relocate to a new residence hall assignment. This sanction may include restriction from visiting in the previous residence hall.

7. **Suspension of Residence Privileges**: The student’s privilege to live on campus and visit the residence areas of the campus is suspended for a defined period of time. The student is not entitled to any refund of campus housing and/or meal plan fees once the standard refund periods have expired.

8. **College Suspension**: Beginning on the date the suspension takes effect, the student may not attend classes or submit any further work for their courses. In addition, the student may not be present on the campus nor at a College-sponsored event for any reason whatsoever for a specified period of time. The student is not entitled to a refund or any tuition or fees after the scheduled refund dates.

9. **Expulsion**: Beginning on the date the expulsion takes effect, the student may never again register for classes, may never attend classes, or submit any further work for the courses in which they are currently registered. In addition, the student may never be present on the campus nor at a College-sponsored event for any reason whatsoever. The student is not entitled to any refund or any tuition or fees after the published refund dates.

10. **Monetary Fines**: For some policy violations, students will be required to pay monetary fines. Examples of violations where students may be issued a fine include, but are not limited to, alcohol and other drug violations, fire safety violations, social gathering violations, and incidents involving non-compliance.

11. **Community Restitution**: The assignment of imposed service hours and/or participation in educational programs or projects. Students who are found responsible for violations which involve alcohol/drug use and/or abuse, or who otherwise engage in behavior associated with alcohol/drug use and/or abuse, may be required to attend programs intended to inform them about alcohol/drug use and/or abuse.

12. **Mental Health Consultation**: A student may be required to participate in a mental health consultation through the Center for Health and Counseling. Students are strongly encouraged to follow the recommendation of the mental health practitioner.

13. **Restriction of Privileges**: Students may have their alcohol allowed privileges for their living unit temporarily or permanently revoked. Students may have residence area visitations or campus driving or parking privileges limited or revoked.

---

**Recommended Sanctions for Rape or Sexual Assault: Non-Consensual Sexual Intercourse**

1. **College Suspension**: Beginning on the date the suspension takes effect; the student may not attend classes or submit any further work for their courses. In addition, the student may not be present on the campus nor at a College-sponsored event for any reason whatsoever for a specified period of time. The student is not entitled to a refund or any tuition or fees after the scheduled refund dates. OR

2. **Expulsion**: Beginning on the date the expulsion takes effect, the student may never again register for classes, may never attend classes, or submit any further work for the courses in which they are currently registered. In addition, the student may never be present on the campus nor at a College-sponsored event for

---

28 Additionally, any number of the Recommended Sanctions 1-14 above may be required in order for a student to re-enroll following a College Suspension.
any reason whatsoever. The student is not entitled to any refund or any tuition or fees after the published refund dates.

Access to Electronic Mail Accounts
Students or former students may have their privilege to use an e-mail account issued through the College revoked for a specified period of time. Specifically, students who have been suspended or expelled from the College, may have their email account terminated immediately (or directly after all appeal procedures have been exhausted).

B. Possible Sanctions and Remedies for Employee Respondents

Possible Sanction(s) for Sexual Misconduct may include:

1. Warning: Notice to the Respondent, orally, or in writing, that continuation or repetition of the conduct found wrongful, within a period of time stated in the warning, may be cause for disciplinary action.
2. Reprimand: Written notice to the Respondent for violation of specified regulations, including the possibility of a more severe disciplinary sanction in the event of future decisions that the offender violated any College policies.
3. Employment probation.
4. Suspension with or without pay for a specific period of time.
5. Termination or dismissal.
6. Other Sanctions: The College may recommend other sanctions as may be reasonable and appropriate in a particular case up to and including removal. Examples include:
   A. Referral for training;
   B. Referral for counseling;
   C. Job demotion or reassignment;
   D. Ineligible for rehire; and/or
   E. Other sanction(s) or remedies as deemed appropriate under the circumstances.

XIII. COLLEGE ALCOHOL & DRUGS AMNESTY

In recognition of the College’s primary concern for the health and safety of its community, a “Good Samaritan Policy” was established to provide amnesty from infractions under the College’s Student Code of Conduct for alcohol and drug use under certain circumstances. The policy is intended to encourage students to seek assistance for themselves or someone else by reducing fear of facing disciplinary action under the College’s Student Code of Conduct for alcohol and/or drug use. Further, the Good Samaritan Policy attempts to remove barriers that prevent students from seeking the medical or law enforcement attention (or other assistance) that they need when sexual misconduct has occurred.

However, the Good Samaritan Policy does not necessarily grant amnesty for criminal, civil or legal consequences for violations of federal, state or local laws. The local law enforcement authority (Mahwah Police Department) has sworn police officers with full arrest authority and, in some circumstances, they have discretion to exercise that (arrest) authority as circumstances dictate according to their training and professional experience.
XIV. RECORDKEEPING

The College will retain all sexual harassment and sexual misconduct records under this Policy in a secured storage area maintained by the Title IX Coordinator for a minimum period of seven (7) years from the date of report (or the Determination Regarding Responsibility, if applicable) regardless of case outcome.

Student sexual misconduct records will be maintained in accordance with the storage and retention schedules for student records at the College and the New Jersey Division of Archives and Records Management.

All sexual harassment and sexual misconduct records are protected in accordance with current guidelines established under FERPA and the New Jersey Open Public Records Act (OPRA). Generally, in accordance with these laws, the record of most disciplinary proceedings’ findings are not available to the public. The Clery Act prohibits institutions from releasing personally identifiable information regarding the Complainant of a crime of violence or a sexual assault (as defined as rape, fondling, incest or statutory rape.) Nothing contained in FERPA, the Clery Act or Title IX prohibits the College from releasing the result, the reason for the result and the associated sanctions with the Complainant and the Respondent, and it is the right of each party to receive such outcomes. The College would never require a Complainant of a crime of violence or sexual assault to sign a non-disclosure agreement nor cooperate with law enforcement without his or her consent.

XV. NON-RETALIATION

Retaliation, as defined in Section IV (“Definitions”), occurs when any materially adverse action is taken because of a person’s participation in a protected activity, such as reporting an incident that may implicate this Policy. It is important to note that impermissible retaliation can occur even in those circumstances where it is determined that the underlying report could not be substantiated.

Any allegations of retaliation will result in an immediate investigation and appropriate action consistent with the College’s due process procedures. Acts of retaliation may include, but are not limited to:

- Pressuring or enlisting the aid of third parties to have a complainant to withdraw the complaint;
- Bullying, harassment, slut-shaming or blackballing a participant in a complaint through social media or the internet;
- Lowering a grade;
- Stalking or threatening;
- Removal from classes, teams, activities;
- Employment actions such as termination, demotion, or change in schedule without cause;
- Other actions affecting a person’s employment or academic or school-related activities such as threats, unjustified negative evaluations, unjustified negative references, or increased surveillance; and
- Any other action such as an assault or unfounded (i.e. baseless or falsely reported) civil or criminal charges that are likely to deter reasonable people from pursuing their rights.
NOTE: Adverse actions do not include petty slights and annoyances, such as stray negative comments in an otherwise positive or neutral evaluation, "snubbing", not talking to a student, or negative comments that are justified by a student or employee's poor academic or work performance or history.

It is a violation of College policy to retaliate against an individual who reports sexual misconduct, is a Complainant in an investigation, serves as a witness, or is a third party involved in the investigation of such a report. Retaliation destroys the sense of community and trust that is critical to a learning and work environment. The College considers acts of retaliation in response to such disclosures or participation to constitute a serious violation of College policy, which may result in disciplinary action, up to and including dismissal, against the retaliator.

If you believe that you are being retaliated against because of making a report or assisting in an investigation in violation of this Policy, you should promptly report your concerns to the Title IX Coordinator.

Any other allegation of retaliation not related to this Policy should be reported immediately to the Director of Employment Equity and Affirmative Action at (201) 684-7540.

XVI. REVOCATION BY OPERATION OF LAW

Should any portion of the Title IX Final Rule, 85 Fed. Reg. 30026 (May 19, 2020), be stayed or held invalid by a court of law, or should the Title IX Final Rule be withdrawn or modified to not require the elements of this Policy, this Policy, or the invalidated elements of this Policy, will be deemed revoked as of the publication date of the opinion or order and for all reports after that date, as well as any elements of the process that occur after that date if a case is not complete by that date of opinion or order publication.

Questions or comments about the Sexual Misconduct Policy may be addressed to:
Kat McGee, Director of Title IX, ADA and Compliance Training

RCNJ College Student Conduct Disciplinary Process

Any person who wishes to file a complaint against a student should submit it in writing to the Public Safety Office. Complaints regarding student violations of the Code of Conduct are forwarded to the Director of Student Conduct for review and are always taken seriously. The Director of Student Conduct will review the complaint, determine the applicability of charges and, when appropriate, assign the complaint to a disciplinary hearing for adjudication. Complaints involving violations of the Code of Conduct that may result in suspension from the college or expulsion from the college will be assigned to a College Disciplinary Review Board hearing. Other complaints will be assigned to a College Disciplinary Hearing. The results of these disciplinary hearings are confidential and can only be disclosed under narrow circumstances as permitted by law. The term “result” refers to the decision and any sanction issued by the Hearing Officer or the College Disciplinary Review Board.

Students and/or organizations charged with violations of the Code of Conduct will be sent (via e-mail to the Ramapo College issued email account) a “Notice of Disciplinary Hearing” that will indicate which of the following adjudication options will be employed in their case:

**College Disciplinary Hearing**: If the alleged violation is one for which the student could not be suspended or expelled from the College, the case will likely be heard (although it is not mandatory) in a College Disciplinary Conference normally conducted by a professional staff member in Residence Life, Office of Student Conduct, or a designee. The charged student will be required to attend a scheduled hearing with the presiding administrator (hereafter referred to as Hearing Officer) and will have the opportunity to discuss the alleged violation. Charged students have the option of taking responsibility for the alleged violation prior to the conference by signing the “Notice of Disciplinary Hearing” form and returning it to the Office of Student Conduct. Students who choose to accept responsibility (by signing and submitting the form) will not attend the scheduled conference. The Hearing Officer will assess the disciplinary sanction and send this result to the student. Further information regarding Disciplinary Hearings is outlined in Section L of the Code of Conduct which can be found in the Student Handbook.

**College Disciplinary Review Board Hearings**: If the alleged violation is one for which the charged student could be suspended or expelled from the College, the case must be heard by the College Disciplinary Review Board. Specific information regarding College Disciplinary Review Board Hearings is outlined in Sections L (Rights in all Disciplinary Hearings), M (College Disciplinary Review Board Structure), and N (College Disciplinary Review Board Hearing Format) of the Code of Conduct in the Student Handbook.

The Student Conduct Disciplinary Process uses the “preponderance of the evidence” standard to determine responsibility. The "preponderance of the evidence" standard is a lower one than the "beyond a reasonable doubt" standard employed in criminal prosecutions within the court system.

A student will receive written notice (via e-mail to the Ramapo College issued email account) of the charges that is dated at least three (3) business days prior to any scheduled Residence Life or College Disciplinary Conference and seven (7) business days prior to any scheduled College Disciplinary Review Board Hearing. A student may relinquish his or her right to the notification period by signing and executing a waiver with the Office of Student Conduct. A written notice of the charges will be sent to the student’s Ramapo College email address. Final decisions and a listing of any sanctions imposed will be noted by the Board Advisor/Hearing Officer who will be responsible for ensuring such information is conveyed in writing to the charged student and to all others as deemed necessary or appropriate. The finding will be e-mailed to the charged student no later than ten (10) business days following the date of the
hearing. Notification of others with a need or right to know under the law will only take place after all possible appeal processes have upheld the finding. This does not constitute a violation of FERPA.

Reasonable access to the case file prior to and during the hearing, provided that all reviews of files must take place in the Office of Student Conduct (C-212) will be granted to the charged student and the complainant. All case file materials shall be retained in the Office of Student Conduct.

Students charged with alleged violations, complainants, and witnesses may be accompanied by an advisor who may be an attorney. Advisors may provide counsel to the student, but may not speak on their behalf nor appear in lieu of the student. A student who wishes to have an attorney as an advisor must inform the Office of Student Conduct, in writing by fax, electronic mail, or by telephone at least three (3) business days before the scheduled proceeding. When informed that an attorney will be present at the hearing, the College may consult with the College’s Legal Counsel/Vice President for advice on whether legal counsel for the College should also be present.

**RCNJ College Faculty and Staff Disciplinary System**

All claims of alleged violence, domestic violence, sexual assault, or stalking, whether the claim is made by a student or employee are referred to and investigated by the Office of Equity, Diversity, Inclusion, and Compliance/Title IX Coordinator. Upon conclusion of an investigation and issuance of a finding (“Affirmative Action Finding”), the following units are responsible for administering discipline, if disciplinary action is identified for a student or employee:

- Students – Student Conduct
- Faculty and AFT Professional Employees – Employee Relations
- Managers and Classified Employees – Human Resources

Managers and classified employees that are subject to an Affirmative Action Finding and discipline will be processed through the Department of Human Resources’ two-phase employee counseling and progressive discipline process.

Employee counseling is the initial phase in the process in which a supervisor advises, coaches and sets expectations for employees regarding the quality of their work and overall performance, as compared to their job descriptions and/or standards of organizational effectiveness. The objective of counseling is to provide feedback on ways to improve the performance so the employee has an opportunity to change or revise how they are meeting their job responsibilities. While employees are advised that failure to address matters identified during counseling may result in discipline and/or termination, it is important to note that counseling is not considered formal progressive discipline.

The second phase of the counseling and progressive discipline process is progressive discipline which consists of three tiers: written reprimand, minor discipline, and major discipline (including termination). The number of steps and their sequencing depends on the seriousness of the offense, the employee’s performance, and prior counseling/discipline history. Documentation at each step is critical. We are guided in these processes by State regulation and union contracts, as well as by general law and accepted management practices.

Upon referral by a supervisor or an Affirmative Action Finding, Human Resources or Employee Relations must complete a thorough investigation to evaluate formal discipline, including meeting with the employee that is the subject of the investigation. When the discipline is the result of an Affirmative Action Finding, Human Resources
incorporates the Affirmative Action investigation into this process. Depending on the nature of the infraction, the investigation may also include interviewing any witnesses, visiting the site of the occurrence, and establishing a chronology of events, among other actions. Records of previous counseling or corrective action are reviewed.

When a classified employee is to be interviewed regarding an investigation and disciplinary action is under consideration, the employee has a right to have a union representative/advisor present (“Weingarten Rights”). The union representative’s/advisor’s role is not to negotiate, control, or in any way interfere with the conduct of the interview. The representative is present to make suggestions, ask questions, or advise the employee only. Once all interviews and other investigative work are completed, the Department of Human Resources identifies the nature and scope of the discipline to be assessed.

If discipline is to be assessed for a classified employee, Human Resources provides a preliminary notification to the employee listing the general causes of the discipline, the date(s) and specific act(s) in question, the specific disciplinary action being taken, hearing date, and appeal rights. The College, employee, and union (as applicable) may conduct a pre-hearing settlement meeting to resolve the matter(s) identified in the preliminary notification. If such a meeting does not occur or a settlement cannot be reached, the hearing will take place as scheduled. The hearing is led by a College-appointed hearing officer and is the venue for the College, employee, and their union representative (as applicable) to present their cases. Hearings follow the procedures outlined by Title 4A of the New Jersey Administrative Code and relevant bargaining unit contracts. The hearing officer applies a preponderance of evidence standard. Employees have the right to appeal the hearing officer decision.

Ramapo College of New Jersey is governed by the State of New Jersey’s Policy Against Violence pursuant to Executive Order #49 (1996) related to or any violence in the workplace or disruptive behavior exhibited by any faculty, staff, or contract employees. The goal is to create a safe, respectful work environment free from intimidation, threats, and acts of violence. Workplace violence includes the threat or actual infliction of physical violence as well as the threat or actual occurrence of psychological violence, which sometimes leads to subsequent physical violence. Moreover, violence or threats of violence against State College property shall not be tolerated.

The College will actively intervene at any indication of a possibly hostile or violent situation. The College will take prompt and appropriate action subject to established College policies, procedures, and contractual agreements.

Violators of Executive Order # 49 are subject to criminal prosecution, suspension, and/or termination of employment. Other action taken against violators may include mediation, referral to the College’s employee assistance program, Employee Consulting Associates, or counseling. Depending on the circumstances, College Administration may request law enforcement personnel to remove from the premises any employee or contract employee who makes threats, exhibits threatening behavior, harasses others, attempts to intimidate employees, or intentionally damages property.

**Policies, Procedures and Regulations**

**Emergency Communication**

**Timely Warning Reports – (Clery Act)**

In the event that a situation arises, either on or off campus, the Vice President of Enrollment Management and Student Affairs will consult with the Director of Public Safety, to make a determination if an incident constitutes a serious or continuing threat to the college community, a campus wide “Timely Warning” will be issued. This warning may be deemed an immediate threat to the community and will be issued through the college e-mail system to students, faculty, and staff, and a paper notice will be posted outside of the Public Safety Office. When appropriate, the notice will also be posted on the college’s intranet (front page and/or Department of Public Safety pages) at ramapo.edu and posted on main entrance doors within the residence community.
The Department of Education Handbook for Campus Safety and Security Reporting describes the purpose of the Clery Act as “to provide students and their families, as higher education consumers, with accurate, complete and timely information about safety on campus so that they can make informed decisions.”

As part of the offering timely information about safety on campus, Lawmakers require a Timely Warning Notice as a method of providing information to students and families. A Timely Warning Notice must be issued when a crime is considered a threat to both students and employees. The Timely Warning Notice is designed to provide the members of the campus information, allowing them to act appropriately through precautions or preventive methods to the reported criminal activity.

The Clery Act identifies crimes to be considered for Timely Warning Notice assessment: Murder/Non-Negligent Manslaughter, Sex Offenses, Robbery, Aggravated Assault, Major Incidents of Arson and all other Clery Crimes as deemed appropriate for notification.

Timely Warning Notices are required to contain a description of what has been reported and a general statement as to where the incident happened, for example: Residence Hall, parking lot, academic hall. The notice should also offer information to aid the community to take measures to prevent a similar occurrence. What is important to keep in mind is Timely Warnings will have two elements, a description of the crime and information helpful in preventing future crimes. We will always take care to guard the confidentiality of the victim of a crime.

As we as a community become more aggressive in encouraging crime reporting, it can be expected that there may be an increase in the issuing of Timely Warning Notices.

**Evacuation of Campus**

In the event of a large-scale event on or off of the campus which requires the evacuation of the entire campus, evacuation will be done under the direction of the Mahwah Police Department and Mahwah Fire Department/Office of Emergency Management and the Department of Public Safety.

**Vehicle Evacuation Procedures**

Vehicles parked on the NORTH side of the campus, i.e., Mackin/Bischoff, CPA, and Overlook. Bradley Center and the “Overflow gravel lot” will exit from the Main campus entrance near the Bandshell. Pine, Linden, Village and Main Lot vehicles, as well as Health Services will be directed to exit from the SOUTH Gate and make a “LEFT TURN” onto Route 202/Ramapo Valley Road.

It is important that no evacuation of the campus be undertaken unless authorized by the Department of Public Safety or Mahwah Police Department. Evacuation routes may change as a result of conditions on roadways surrounding the campus.

---

Evacuation of Campus Buildings

When a Fire Alarm or other means of notification requires evacuation of a campus building the occupants shall proceed to the assigned “Evacuation Assembly Site” and check-in with an “Emergency Coordinator”, your instructor, residence life staff or college administrator from the building. Once at the Evacuation Site for the building await further instruction. Evacuation Assembly sites are marked by signage in the area of each building. Once a building is evacuated, do not re-enter unless instructed to do so by the Fire Marshal or other law enforcement official. If you believe someone is trapped in the building notify arriving emergency responders of the situation.

Missing Student Procedures

To maintain compliance with the Missing Student Notification Policy and Procedures 20 USC 1092 C; (Section 488 of the Higher Education Opportunity Act of 2008), The Department of Public Safety has the authority and responsibility to investigate reports of missing students.

➢ All reports of missing students shall be directed to the Department of Public Safety, which will conduct an investigation in accordance with the policy and procedure.

The student will be reminded at least once during an academic year to verify their emergency contact information in the student system(s).

The college requires every student who lives on campus, regardless of their age, to identify and emergency contact strictly for missing persons purposes. That person shall be the first contact person in the event that the student would be officially reported missing during their tenure in housing. This information will be maintained confidentially and will only be provided to authorized campus officials. It will be disclosed to law enforcement personnel in furtherance of a missing persons investigation.

Reports of a missing student can be taken by the Director of Residence Life, resident assistants (RAs), Public Safety Officers, or other Campus officials. In all cases, these reports will be referred to Public Safety immediately for follow up and investigation.

The Public Safety Desk Officer will notify the Director of Public Safety/Chief of a reported missing student. The OCA (On-Call Administrator) will notify the Director of Residence Life, the Vice President of Enrollment Management and Student Affairs, and the Provost, of all cases regarding a missing student.

When a student (regardless of resident or non-resident status) is reported “missing” by anyone (friend, relative, roommate or other) to the Department of Public Safety, a Public Safety Officer will attempt to identify the last time the student was seen. In the event a student is under 18 years old and not emancipated, their legal guardian will be contacted. If attempts to contact student are unsuccessful, the College will proceed with the investigation. After initial attempts to locate the student are unsuccessful, the Mahwah Police Department will be notified within 24 hours that the student is missing and all information gathered will be shared with them.

The Clery Act requires that the college maintain a daily Public Crime Log covering the most recent 60-day period. Ramapo’s log is located in the Public Safety Office (C-102) and is available for public viewing 24 hours/day, 7 days/week, 365 days/year. Persons wishing to view the Public Crime Log should simply state their desire to do so to the Desk Officer and ready access will be provided. If someone requests information beyond the 60-day window, it will be provided within 2 business days. The Log contains information about the nature of the reported crime, the date and time reported, the date and time it occurred, the general location, and the disposition of the matter by the college.

All crimes (not just Clery-reportable crimes) are entered into the Clery Crime Log, kept for public inquiries at the Public Safety Desk. Entries must be made within two (2) business days of the report being made to the Department of Public Safety. There are two exceptions when entries are permanently excluded from the Public Log. The first is when the disclosure is prohibited by law, and the other is if the disclosure would jeopardize the confidentiality of the victim.

In addition, there are four (4) instances when information may be temporarily withheld from the Public Log. This withholding can only take place when there is clear and convincing evidence that the release of information would (1) jeopardize an ongoing investigation; or (2) jeopardize the safety of an individual; or (3) cause a suspect to flee or evade detection; or (4) result in the destruction of evidence.

Once the release of the information will no longer likely cause one of these adverse effects, it will be placed in the Public Log. Only law enforcement personnel (not Department of Public Safety personnel) can determine following an investigation that a crime is “unfounded” (i.e. did not occur). “Unfounded Crimes”, which are very rare, are not included in the annual statistical report.

Sexual Assault

Sexual Assault Education and Prevention

Sexual assaults harm individual victims and represent the possibility of ongoing harm to others. Ramapo College regularly schedules presentations and workshops concerning sexual assault, stalking, domestic violence, and dating violence under the auspices of the Center for Student Involvement (including the Women’s Center), the Center for Health and Counseling Services, the Title IX Committee, the Office of Violence Prevention, and the Department of Public Safety. All incoming students participate in primary prevention and awareness programs. Sexual assault is a topic also addressed during mandatory Welcome Week programs and the mandatory First Year College Seminar. Workshop topics include the necessity of clear communication for obtaining consent, defining affirmative consent, the negative role played by alcohol and drug use and misuse, and tools for bystander intervention. All employees receive annual training in compliance with VAWA and Title IX.
Educational programs include the following:

- **Awareness Programs**: includes programs, campaigns, or initiatives that increase audience knowledge of the issues of sexual assault, domestic violence, dating violence and stalking and share information and resources to prevent interpersonal violence, promote safety, and reduce perpetration. These efforts can include campus communitywide mobilizations as well as targeted audience specific programming (including both students and employees). Awareness month campaigns, “Speak Outs,” rallies or marches, informational poster campaigns or resource websites, and educational programming that focuses on sharing resources and information about these issues are examples of awareness programs.

- **Bystander Intervention**: educates about safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene in situations of potential harm when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than the individual. Effective bystander intervention training prepares participants to recognize situations of potential harm, overcome barriers to intervening, identify safe and effective intervention options, and take action.

- **Ongoing Prevention and Awareness Campaigns**: includes all campaigns that are sustained over time focusing on increasing awareness or understanding of topics relevant to sexual assault, dating violence, domestic violence, and stalking prevention. These programs will occur at different levels throughout the institution and will utilize a range of strategies. Ongoing awareness and prevention campaigns may include information about what constitutes sexual assault, dating violence/intimate partner abuse, and stalking, changing social norms, promoting recognition of perpetrator tactics, enhancing understanding of consent, and advancing prosocial behaviors of individuals and communities. Effective ongoing awareness and prevention campaigns will include developmentally appropriate content for the specific audience and their knowledge and awareness level and provide positive and concrete ways for individuals to get involved.

- **Primary Prevention**: includes programming, initiatives and strategies intended to stop domestic violence, dating violence, sexual assault, or stalking before it occurs to prevent initial perpetration or victimization through the promotion of positive and healthy behaviors and beliefs. Efforts to change behavior and social norms, and promote healthy relationships, healthy sexuality and egalitarian gender roles, or efforts to understand risk factors and protective factors for bystander inaction and change social norms around bystander inaction are all examples of primary prevention.

- **Risk Reduction**: provides options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.\(^{30}\)

**Immediately After an Assault**

Immediately after an assault, the first and most important consideration is a student’s safety. The student should get to a safe place where arrangements for medical services can be made as soon as possible. The student should not

---

\(^{30}\) Definitions adapted from the Ohio Department of Education on September 23rd, 2015:
wash his/her hands, shower, go to the bathroom, brush his/her teeth, eat, smoke, or douche. If possible, preserve each item of clothing that was worn at the time of the assault separately in a paper bag. This can be important to preserving evidence should a student choose future action. Evidence can be collected through a forensic examination administered at the hospital up to five days after the assault. Completing a forensic examination does not require a victim to file a police report.

If a student is on campus and has been physically injured, immediately call Public Safety (201.684.6666). The Department of Public Safety will call the Mahwah Police Department to request an ambulance to transport the student to the hospital.

A counselor is available 24/7 by contacting Counseling Services at 201.684.7522.

**Reporting Sexual Assault**

Students are strongly urged to report sexual assaults to College authorities and to the police in order to protect themselves and others. Students who have been sexually assaulted may report the offense to the Department of Public Safety (including anonymous reporting), to the Title IX Coordinator, or to the Mahwah Police Department.

The Department of Public Safety (Office Location: C-102 Phone: (201.684.6666) is available 24 hours a day, 7 days a week, 365 days a year. By contacting the Department of Public Safety, a survivor is not obligated to file an incident report. At the survivor’s request, only an anonymous crime report will be completed for statistical purposes.

The survivor will be asked to make decisions regarding legal and student conduct options only after discussing their options with a confidential counselor and learning what is entailed in filing a report. Even if the survivor does not want to make a formal incident report or file charges, he or she still has the right to other victims’ services.

Officers in the Department of Public Safety are trained to gather information about the complaint. Officers must provide notice of the complaint to the Title IX Coordinator within 24 hours or as soon as practical.

The Report Form for Sexual Misconduct is available for anonymous reports. Submissions are read and responded to during business hours, Monday through Friday, 8:30 a.m. – 4:30 p.m. Any submissions sent after business hours, or during weekends or holidays will be read and responded to on the next business day.

If there is an imminent danger to a student or to the community, do not use the form. Instead, contact the Department of Public Safety at 201.684.6666.

The RCNJ Title IX Coordinator is Ms. Kat McGee (office location: D-104 Phone: 201.684.7220; Email: kmcgee@ramapo.edu). Ms. McGee oversees the processes that address reported concerns, or claims of sex or gender based discrimination, harassment, sexual assault, intimate partner violence, and stalking. Each institution must designate a Title IX administrator to review, update and implement current Title IX policies, to coordinate appropriate training and resources, and ensure effective and timely responses to complaints of sexual violence, misconduct, discrimination or harassment.
The College will make every effort to keep the confidentiality of any person(s) reporting a claim and when possible will keep the identity of an unwilling victim or witness confidential. However, we cannot guarantee unqualified confidentiality as we must also balance the safety of other members in our community. If we determine that there is the threat of imminent harm to an individual or to the community, information may need to be shared and then only with appropriate individuals. Complainants will be advised if information pertaining to a claim is shared with individuals outside of the College’s investigative process.

Faculty, staff, and administrators who learn of incidents of sexual assault MUST report it to the Ramapo College Title IX Coordinator (unless the employee is a designated confidential resource, such as counselors in the Counseling Center or a recognized clergy person acting in the role of a pastoral counselor.)

Students may also report directly to the Mahwah Police Department by calling 201.529.1000 or by calling 911. If the assault took place within the past five days the responding officer will ask the student is they wish to activate the Bergen County Sexual Assault Response team (SART). SART is a free coordinated community response to assist a survivor in the aftermath of a recent sexual assault. It has been designed to offer a compassionate, victim-centered approach while collecting evidence that can be vital to the investigation and prosecution of the crime. Obtaining a forensic exam would not require that a police report be filed.

Survivors who have been assaulted will receive assistance in considering a number of legal and disciplinary system options which are available to them. Never, at any time, will a student’s decision to report or not report be made a condition of receiving other services.

Survivors who wish to pursue an investigation may choose to:
1. Contact the Mahwah Police Department to pursue a criminal investigation.
2. File civil charges in a civil court.
3. Report to the Ramapo College Title IX Coordinator (see contact information on Page 2). An investigation of a campus policy violation is independent from criminal or civil investigations.
4. Decide not to file charges or make a report for investigation. Survivors are strongly encouraged but not required to report the incident. Survivors have the right to be free from any suggestion that victims must report the crime to be assured of any other rights or resources. Campus personnel will not pressure survivors to report a crime if the survivor does not wish to.

All of these options require that certain due process regulations be followed and that both parties maintain the right to present evidence or witnesses. In both outside court cases and internal student conduct proceedings, the accuser and the accused will be informed of the outcome.

**Accommodations**

A victim of sexual violence may make a request for accommodations to the Title IX Coordinator, Kat McGee at 201.684.7220. The survivor does not need to make an incident report or file charges in order to receive accommodations.

The Title IX Coordinator will work in conjunction with relevant parties to determine which measures are appropriate to ensure the victim’s safety and equal access to educational programs and activities.
Examples of accommodations include:

- Relocation in their on-campus housing assignment or campus job if either will bring them into proximity with the perpetrator. Survivors can also request changes to their class schedule if they have classes in common with the accused.
- A No Contact Order can be put in place between the survivor and the accused.
- Providing victims with financial aid-related information, such as how to apply for a leave of absence of addressing concerns about loan repayment.
- Accommodations, related to academics, transportation, medical services and counseling.

Ramapo College is committed to providing a safe and welcoming environment in which all its members are treated with dignity and respect. We are committed to providing timely support and assistance to survivors of sexual violence. In the aftermath of a sexual assault, survivors have many options for support, reporting, and advocacy services. The range of protective measures available includes written notification of:

- A victim’s options to request changes in their academic, living, transportation, and working situations. These accommodations are available regardless of whether the student provides detailed information about the crime.
- The options for the involvement of law enforcement and campus authorities.
- The victim’s rights or institution’s responsibilities for orders of protection.

**On-Campus Resources**

What is the difference between confidential and non-confidential resources on campus?

**Confidential resources**, like on-campus health professionals and chaplains operating in a pastoral capacity, are not obligated to report information that is given to them. This allows the victim to explore his or her options in a non-pressure environment in order to make informed decisions. The only exceptions to this rule are in cases that involve imminent risk of serious harm, emergent hospitalization, or a court order. While specific information may be kept confidential, these incidents may be counted for statistical purposes, as per the Clery Act.

**Non-confidential resources** are required by law to report to these incidents/violations and take legal, disciplinary or other action accordingly.

**Counseling Services (201.694.7522) - CONFIDENTIAL RESOURCE**

Confidential support is available 24 hours a day, 7 days a week through Counseling Services. Any student in need of immediate assistance should call Counseling Services at **201.684.7522**.

Professional counselors are available in **Counseling Services** to provide victim-centered services and resources for survivors of sexual assault. All interactions with Counseling Services, including scheduling of appointments, sessions, and student records are confidential.
A counselor will:

- Listen and provide sensitive, nonjudgmental support
- Review the victim’s rights under the NJ Sexual Assault Victims Bill of Rights
- Explain the types of medical care available after an assault
- Assist in making arrangements for getting medical care if desired
- Review legal and/or campus adjudication options so that the survivor can make an informed decision about what actions they may take. **Getting help does not mean that you must press charges**
- Assist in filing a formal report if the student should decide to do so
- Review additional resources and options
- Provide follow-up assistance if desired

Counseling Services is located in room D-216 (entrance behind stairwell on left).

**Health Services (201.684.7536) - CONFIDENTIAL RESOURCE**

Health Services provides emergency contraception, testing for Sexually Transmitted Infections (STI’s), pregnancy testing, and more. These services are provided free of charge for survivors of sexual assault. Health Services is located near the campus South Gate entrance at the corner of Route 202 and Hornbeam Road.

**The Women’s Center (201.684.7468) - NON-CONFIDENTIAL RESOURCE**

The Women’s Center advocates for an equitable environment free from violence and harassment based on gender, race, and sexual orientation. Non-confidential peer listening is available for survivors of sexual assault. The Women’s Center also offers programs to support survivors and prevent interpersonal violence such as Take Back the Night, The Clothesline Project, and Walk a Mile in Her Shoes. The Women’s Center is located in room C220.

**Off-Campus Resources**

**New Jersey Coalition Against Sexual Assault (NJCASA):**

NJCASA is a statewide advocacy and capacity building organization that elevates the voice of sexual violence survivors. Their mission is to promote the compassionate and just treatment of survivors and their loved ones; foster collaborative relationships between community systems; and affect attitudinal and behavioral changes in society as we work toward the elimination of sexual violence against all people.

For more off-campus resources including resources specifically for veterans, LGBTQA+ identified survivors, survivors with disabilities, male survivors and more please visit the Rape, Abuse, and Incest National Network (RAINN) Resource List.
Prohibition Against Retaliation

Retaliation against any person who either alleges that s/he was the victim of discrimination / harassment / sexual harassment, provides information in the course of an investigation into claims of discrimination/harassment/sexual harassment in the academic environment, or opposes a discriminatory practice is prohibited by the policy. Any student bringing a complaint, providing information for an investigation, or testifying in any proceeding under the policy will not be subjected to adverse academic or employment consequences based upon such involvement nor be the subject of retaliation. Students who engage in retaliatory acts will be referred to the Office of Student Conduct where charges will be levied against the student through the College’s disciplinary process.

If a student believes that they have been retaliated against for bringing a complaint, providing information for an investigation, or testifying in any proceeding under this policy, they are encouraged to report their concerns to the Department of Public Safety.

Campus Sex Crimes Prevention Act

The “Campus Sex Crimes Prevention Act” is a federal law enacted October 28, 2000, that calls for the tracking of convicted sex offenders enrolled at or employed by institutions of higher education. The act amends the “Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act” to require sex offenders already required to register in a state to provide notice, as well, of each institution of higher education in that state at which the offender is employed, carries on a vocation or is a student. State procedures ensure that this registration information is then promptly made available to law enforcement agencies with jurisdiction where institutions of higher education are located and that it is entered into appropriate state records or data systems.

This act also amends the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act” to require institutions of higher education to issue a statement, in addition to other disclosures required under that act, advising the campus community of how to obtain information provided by a state concerning registered sex offenders.

For additional information, contact the Mahwah Police Detective Bureau at 201.529.1000 ext. 216, or the Bergen County Prosecutor’s Office at 201.646.2300. In the State of New Jersey, information about registered sex offenders can be found through the New Jersey Department of Law and Public Safety’s N.J. Sex Offender Internet Registry at: https://www.njsp.org/sex-offender-registry/index.shtml.

If you experience technical problems or have inquiries about the Sex Offender Registry, please e-mail the NJ Department of Law & Public Safety’s Citizen Services at: lpaciti@lps.state.nj.us.

FBI Definitions of Crime Categories for Required Statistical Reporting

The Clery Act requires that certain crimes be reported each year. The following definitions are excerpted from the “The Handbook For Campus Crime Reporting”, U.S. Department of Education. These definitions are provided to assist the reader in understanding the crimes that are reported in this report.
Sex Offenses:

Forcible Rape: The carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth). This offense includes the forcible rape of both males and females.

Forcible Sodomy: Oral or anal sexual intercourse with another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Sexual Assault with an Object: The use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity. An object or instrument is anything used by the offender other than the offender's genitalia. Examples are a finger, bottle, hand gun, stick, etc.

This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. (It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could and probably would result in serious personal injury if the crime were successfully completed.)

CENTRAL NERVOUS SYSTEM (CNS) Depressants (Valium, Xanax): slow down brain activity by increasing the activity of neurotransmitters called GABA. The result is a drowsy or calming effect. Abuse of these drugs can cause problems with the senses (especially vision and hearing) and can lead to confusion, stomach pain, numbness and even hallucinations.

7. **HEROIN:** A “drowner,” affecting the brain's pleasure system and interferes with the ability of the brain to perceive pain. (Smack, Horse, Mud, Brown Sugar, Junk, Black Tar, Big H, Dope, Skag). Recognizing overdose: failed muscle coordination, involuntary movement of eyes, hypothermia, vomiting, decreased heart rate.

9. **K2 or SPICE:** K2 or “Spice” is a mixture of herbs and spices that is typically sprayed with a synthetic compound chemically similar to THC, the psychoactive ingredients in marijuana. The chemical compounds typically include HU-210, HU-211, JWH-018, and JWH-073. K2 is commonly purchased in head shops, tobacco shops, various retail outlets, and over the Internet. It is often marketed as incense or “fake weed.” Purchasing over the Internet can be dangerous because it is not usually known where the products come from or what amount of chemical is on the organic material. Looks like K2 is typically sold in small, silvery plastic bags of dried leaves and marketed as incense that can be smoked. It is said to resemble potpourri. Methods of abuse K2 products are usually smoked in joints or pipes, but some users make it into tea. **Effect on mind** Psychological effects are similar to those of marijuana and include paranoia, panic attacks, and giddiness. **Effect on body** Physiological effects of K2 include increased heart rate and increase of blood pressure. It appears to be stored in the body for long periods of time, and therefore the long-term effects on humans are not fully known.

Ramapo College is committed to maintaining a drug free workplace in compliance with applicable laws. The unlawful possession, use, distribution, dispensation, sale or manufacture of controlled substances is prohibited on College premises.

**Procedures**

At the discretion of the College, any employee convicted of a drug offense involving the workplace shall be subject to employee discipline and/or required to satisfactorily complete a drug rehabilitation program as a condition of continued employment.

The illegal use of controlled substances can seriously injure the health of employees; adversely impair the performance of their responsibilities; and endanger the safety and wellbeing of fellow employees, students, and members of the general public. Therefore, the College urges employees engaged in the illegal use of controlled substances to seek professional advice and treatment. Such employees are invited to contact the Department of Human Resources for information about available assistance. Faculty and staff may also contact the Employee Assistance Program provided by Employee Consulting Associates, **1.888.291.1524** or the Civil Service Commission’s Employee Advisory Service directly at **609.292.8543**. Information is available at [https://www.ramapo.edu/hr/alcohol-screening/](https://www.ramapo.edu/hr/alcohol-screening/)
As a condition of employment, Ramapo College employees must notify their supervisor if they are convicted of a criminal drug offense involving the workplace within five days of the conviction. In the event any such conviction involves an employee working on a Federal contract or grant, the College will notify the granting or contracting Federal agency within ten days of receiving notice of a conviction. A statement to this effect shall be given to all employees.

This statement and its requirements are promulgated in accordance with the requirements of the Drug Free Workplace Act of 1988 enacted by the United States Congress. The College will continue its efforts to maintain a drug-free environment by adhering to the above policy and by providing ongoing drug awareness programs.

STATE OF NEW JERSEY EXECUTIVE ORDER NO. 204

WHEREAS, the problem of drug abuse is adversely affecting the lives and safety of our citizens; and

WHEREAS, the abuse of drugs in the workplace, among other things, reduces job efficiency, increases absenteeism and sick leave, and, most importantly, jeopardizes the lives and safety of fellow employees and citizens; and

WHEREAS, the State of New Jersey has a vital interest in promoting a safe and drug-free workplace and in ensuring our citizens that public safety employees do not threaten life and limb due to the abuse of drugs; and

WHEREAS, the Federal Drug-Free Workplace Act of 1988, Public Law 100-690, Title V, Subtitle D, conditions receipt of Federal grant funds upon the grantee’s agreement to provide a drug-free workplace; and

WHEREAS, the Federal Drug-Free Workplace Act requires a grantee to prohibit the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, to specify actions that may be taken against employees who violate the prohibition, to establish a drug-free awareness program for employees, to require employees and employers to give notice of any conviction for a drug offense committed in the workplace; and

WHEREAS, the citizens of the State greatly benefit from the State government’s participation in Federally funded programs;

NOW, THEREFORE, I, THOMAS H. KEAN, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and by the Statutes of this State, do hereby ORDER and DIRECT:

1. The following “Policy for a Drug-Free Workplace in New Jersey State Government” shall apply to all principal executive departments in New Jersey State Government, the Office of the Governor, and all agencies that are in, but not of, principal executive departments.

   This policy establishes minimum standards for the imposition of discipline and for participation in drug abuse treatment programs in the limited context of convictions for drug offenses committed in the workplace. Nothing in this Policy precludes the application of other more comprehensive or more stringent provisions governing drug offenses committed by State employees. In fact, the Cabinet Task Force on Drug Testing in the Workplace, which was created in Executive Order No. 191, will formulate a more comprehensive State policy regarding drug abuse and the workplace in the near future.

2. The State of New Jersey is committed to maintaining a drug-free workplace for all State employees in order to protect the health and safety of State employees and the public.

3. The unlawful manufacture, distribution, dispensation, possession, or use of a drug in the workplace is prohibited.
4. In addition to any other applicable civil or criminal penalty, any employee convicted of illegal manufacture, distribution, dispensation, possession, or use of a drug in the workplace shall be subject to the following consequences:

A. The State Forfeiture of Public Office Statute (N.J.S.A. 2C:51-2) requires forfeiture of public office or employment upon conviction of a crime of the third degree or higher. All convictions of crimes of the third degree or higher listed in the Comprehensive Drug Enforcement Act of 1987, and all convictions for equivalent Federal and out-of-state drug offenses, require forfeiture of public office or employment.

B. The Forfeiture of Public Office Statute also requires forfeiture of public office or employment upon conviction for an offense involving dishonesty or upon conviction for an offense involving or touching upon the convicted person’s public employment irrespective of the degree of the offense. Consequently, convictions for any drug offense occurring in the workplace (including fourth degree, disorderly persons, and petty disorderly persons offenses) which are determined to involve or touch upon the office or employment of an individual may result in the statutory forfeiture of public office or employment.

C. In the case of a drug conviction for an offense occurring in the workplace that does not result in statutory forfeiture of public office or employment, disciplinary action shall be taken. The extent of disciplinary action shall be determined by the appointing authority. In addition, in the case of any disciplinary action other than removal, an employee shall be required to satisfactorily participate in a program for the treatment of drug abuse approved by both the appointing authority and any Federal or State agency responsible for the approval or licensure of such programs.

D. Each department head, agency head, or their designee who receives notice of a drug offense conviction shall, within 30 days of receipt of notice, take the administrative action necessary for removal where statutory forfeiture is required, and where statutory forfeiture is not required, take the administrative action necessary to impose discipline and require satisfactory participation in an approved program for drug abuse where appropriate.

5. An employee who is convicted of a drug offense committed in the workplace must, within five days, report the conviction to his or her supervisor.

6. Each supervisor who receives a report of a conviction for a drug offense in the workplace must immediately report the conviction, according to departmental or agency procedures, to the department head, agency head, or their designee.

7. Within 10 days of the supervisor’s receipt of notice of a conviction for a drug offense, the department head, agency head, or their designee shall ensure that notification of such conviction is provided to any Federal agency providing funds for a program in which the convicted employee is employed.

8. Each department head, agency head, or their designee must develop and implement procedures to ensure that reports, which are received by supervisors concerning convictions for drug offenses in the workplace, are reported promptly to the department head, agency head, or their designee.

9. Each department head, agency head, or their designee must maintain records that contain the following information on each conviction for a drug offense committed in the workplace by an employee:

   a) Date of conviction;
   b) disciplinary action taken;
77

c) whether the employee is one whose duties involve the performance of a Federal grant; and

d) date Federal grantor was notified of the conviction, if applicable.

10. Each department head, agency head, or their designee will distribute an Employee Notice, and this Executive Order to each current employee. Each department head, agency head, or their designee shall distribute these documents to any employee who joins the workforce after the initial distribution. A program entitled, “Drug-Free Awareness” is being developed, and upon completion will be provided to all employees.

**Definitions for purpose of this policy:**

a) **Conviction** - means a finding of guilt, or a plea of guilty, before a court of competent jurisdiction, and, where applicable, a plea of nolo contendere. A conviction is deemed to occur at the time the plea is accepted or verdict returned. It does not include entry into and successful completion of a pre-trial intervention program, pursuant to N.J.S.A. 2C:43-12, et seq., or a conditional discharge, pursuant to N.J.S.A. 2C:36A-1.

b) **Drug** – means a controlled dangerous substance, analog, or immediate precursor as listed in Schedules I through V in the New Jersey Controlled Dangerous Substances Act, N.J.S.A. 24:21-1, et seq., and as modified in any regulation issued by the Commissioner of the Department of Health. It also includes controlled substances in Schedules I through V of Section 202 of the Federal Controlled Substance Act of 21 U.S.C. 812. The term shall not include tobacco or tobacco products or distilled spirits, wine, or malt beverages as they are defined or used in N.J.S.A. 33:1-1, et seq.

c) **Employee** – means all employees of the Office of the Governor or a department or agency within the scope of this Policy, whether full- or part-time and whether in the career, senior executive, or unclassified service.

d) **Workplace** – for the purposes of this Policy only, means the physical area of operations of a department or agency including buildings, grounds, and parking facilities provided by the State. It includes any field location or site at which an employee is engaged, or authorized to engage, in work activity, and includes any travel between such sites.

12. This policy is effective March 18, 1989 and shall remain in effect until superseded by statute, regulation, or Executive Order.

1. Introduction

Fire safety is a top priority at Ramapo College. The College continues to be proactive in ensuring a fire safe environment and improving the fire prevention and preparedness measures on campus. Fire safety is an essential tool in preventing injuries and deaths and protecting the campus community from business interruption and property damage.

The College employs a full-time Fire Marshal to act as a fire safety specialist for the campus community. The Fire Marshal is available to assist students and staff with any fire safety questions or concerns that may arise. The Fire Marshal can be reached at (201) 684-6252 or through Public Safety after business hours.

The Office of the Fire Marshal, under the Department of Environmental Health and Safety, works in close partnership with resources both on campus and throughout the community to maintain a safe and healthy environment for all students and staff.

2. Overview of the HEOA Fire Safety Requirements

The HEOA is enforced by the United States Department of Education. Institutions that fail to comply with the Act are subject to fines (34 CFR § 668.84). The act has three fire safety requirements, which mandate the following for Title IV institutions:

- Maintain a fire log
- Report fire statistics to the Secretary of Education
- Publish an annual fire safety report

**NOTE:** These requirements only pertain to on campus student housing facilities.

The College’s Annual Fire Safety Report is produced by the Office of the Fire Marshal, under the supervision of the Department of Environmental Health and Safety. The College’s HEOA compliant fire log is maintained by the Office of the Fire Marshal. The HEOA requires that all enrolled students and current employees receive either the Annual Fire Safety Report in its entirety or receive notice of the report’s availability and location. The College notifies all students, staff, and faculty via email or other means of electronic communication regarding the website location for the reports availability. This report and the College’s Fire Safety website will be the primary location for HEOA fire safety reporting requirements and information. A printed copy of the log is available upon request. The HEOA also requires that the Annual Fire Safety Report be made available to prospective students and employees. The College’s Fire Safety website is available to the public for viewing of the fire log.

On-campus student housing facilities and all other campus buildings are also subject to fire safety codes as promulgated by the New Jersey Department of Consumer Affairs (DCA), Division of Fire Safety (DFS).

Mandatory reporting requirements under the Higher Education Opportunity Act (HEOA) include:

**Disclosure of fire safety standards and measures report(s) that contains information about campus fire safety practices and standards, including:**

1. A description of each on-campus student housing facility fire safety and sprinkler system;
2. The number of regular mandatory supervised fire drills;
3. The policies or rules on portable electrical appliances, smoking, open flames (such as candles);
4. The procedures for evacuation;
5. The policies regarding fire safety education and training programs provided to students, faculty, and staff.
6. List of titles to whom students should report fires.
7. Plans for future improvements in fire safety, if determined necessary by the institution.

**Statistics for each on-campus housing facility, during the most recent calendar years for which data are available, concerning each of the following:**

1. The number of fires and the cause of each fire;
2. The number of injuries related to each fire that results in treatment at a medical facility;
3. The number of deaths related to each fire; and
4. The value of property damage caused by each fire.
Fire Log for on-campus student housing facilities only:
1. Building name
2. Detailed location of fire
3. Date and time of occurrence
4. Nature or cause of fire
5. Logs must be updated within two business days of receipt of new information, 60-day log available for inspection during business hours and entire log available for inspection with two business days’ notice.

Clery Act:

Ramapo College must also comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act codified at 20 USC 1092 (f) (Clery Act). In accordance with the Clery Act, each year the College prepares the Annual Security Report. This report contains statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings; on property owned or controlled by the College; and on public property within, or immediately adjacent to and accessible from, the campus. This report contains institutional policies regarding campus security, such as sexual assault and other matters. Additionally, this report provides details about safety programs and resources provided to the campus community.
3. HEOA Definitions (§668.49(a)):

A. **Cause of Fire**: The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.

B. **Fire**: Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

C. **Fire Drill**: A supervised practice of a mandatory evacuation of a building for a fire.

D. **Fire-related Injury**: Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of a fire. The term “person” may include students, faculty, staff, visitors, firefighters, or any other individuals.

E. **Fire-related Death**: Any instance in which a person (1) is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or (2) dies within one year of injuries sustained as a result of a fire.

F. **Fire Safety Systems**: Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire. This may include sprinkler systems or other fire extinguishing systems; fire detection devices; stand-alone smoke alarms; devices that alert one to the presence of a fire, such as horns, bells, or strobe lights; smoke-control and reduction mechanisms; and fire doors and walls that reduce the spread of a fire.

G. **Value of Property Damage**: The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity. This estimate should include contents damaged by fire, and related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption.

H. **On-Campus Student Housing Facility**: any student housing facility that is owned or controlled by the institution or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility.
4. Fire Safety Systems

For the calendar year 2019, the College owned and operated 34 residence halls on campus. One building is currently vacant (White House/Visiting Scholars).

All residence halls and apartments are equipped with fire sprinkler, fire alarm, smoke/heat detection, fire extinguisher, and, where required, carbon monoxide detection systems. In addition, all other buildings on campus also include the required fire safety systems. The fire detection and suppression systems are monitored 24 hours per day, 365 days per year by Public Safety and all fire alarm notifications are relayed to the local Police Department who then immediately dispatch the local Fire Department to campus.

All fire safety systems are maintained in accordance with the requirements of the New Jersey Uniform Fire Code. Maintenance and inspection reports are reviewed annually by a representative of the NJ Division of Fire Safety. **Ramapo College is fully compliant with the New Jersey Uniform Fire Code requiring that all residential facilities (dormitories) be protected by fire sprinkler systems.**

The College Fire Marshal periodically visits each building on campus to inspect for safety related concerns and to ensure compliance with all mandatory fire safety measures.

All building fire alarm and sprinkler systems are inspected and tested annually:

- A licensed fire protection systems contractor annually inspects all fire suppression and detection systems. Any deficiencies found during the inspection and testing are repaired in accordance with the provisions of the appropriate National Fire Protection Association (NFPA) standard.
- All fire extinguishers are inspected monthly by a fire protection systems contractor.
- All fixed kitchen cooking locations are protected by fire protection systems. The systems are inspected regularly by a fire protection systems contractor and the ventilation hoods are periodically cleaned as required by code.
- All sprinkler systems and standpipe systems are inspected and tested every 5 years for pressure and internal corrosion.

5. Mandatory, Supervised Fire Drills

The College Fire Marshal, in collaboration with Public Safety, conducts four (4) fire drills per calendar year in on-campus housing and two (2) fire drills in each of the academic and administrative buildings. The NJ Uniform Fire Code requires that a fire drill must be conducted within the first 10 days of each semester. The code further requires that at least 1 drill must be conducted after sunset or before sunrise. Inadvertent fire alarm activations do not count as part of the mandatory fire drill requirement.

All occupants are required immediately evacuate the building via the closest exit whenever the fire alarm sounds.

At the direction of the College Fire Marshal, staff members from Public Safety coordinate the evacuations of student housing and meet occupants at the Evacuation Assembly Areas. Public Safety personnel will also conduct a sweep of the residence halls with Fire Safety staff. Public Safety records details of each fire drill and forward a copy of the report to the College’s Fire Marshal.

NJ Uniform Fire Code:

Definitions:

DORMITORY. A space in a building where group sleeping accommodations are provided in one room, or in a series of closely associated rooms, for persons not members of the same family group, under joint occupancy and single management, as in college dormitories or fraternity houses.

DWELLING UNIT. A single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking, and sanitation.

EMERGENCY EVACUATION DRILL. An exercise performed to train staff and occupants and to evaluate their efficiency and effectiveness in carrying out emergency evacuation procedures.

SLEEPING UNIT. A room or space in which people sleep, which can also include permanent provisions for living, eating, and either sanitation or kitchen facilities by not both. Such rooms and spaces that are also part of a dwelling unit are not sleeping units.

403.10.2 Group R-2 occupancies. Group R-2 occupancies located in high-rise buildings shall comply with Sections 403.10.2.1 through 403.10.2.3.

403.10.2.1 College and university buildings. An approved fire safety and evacuation plan in accordance with Section 404 shall be prepared and maintained for Group R-2 college and university buildings. Group R-2 college and university buildings shall comply with Sections 403.10.2.1.1 and 403.10.2.1.2.

403.10.2.1.1 Fire emergency evacuation drill. The first emergency evacuation drill of each school year shall be conducted within 10 days of the beginning of classes.

403.10.2.1.2 Time of day. Emergency evacuation drills shall be conducted at different hours of the day or evening, during the changing of classes, when school is at assembly, during recess or gymnastic periods or during other times to avoid distinction between drills and actual fires. One required drill shall be held during hours after sunset or before sunrise.
403.10.2.2 Emergency guide. Fire emergency guides shall be provided for Group R-2 occupancies. Guide contents, maintenance and distribution shall comply with Sections 403.10.2.2.1 through 403.10.2.2.3.

6. Housing Evacuation Guidelines

Before an emergency, identify the location of the two closest exits to your location. Do not assume your usual exit is closest, safest, or available during a fire or other emergency.

A. If a fire should occur:

1. **ACTIVATE** the fire alarm system; pull stations are usually located next to exits or by stairwell doors. Alert others to the fire, but avoid putting yourself in further danger.
2. **IN CASE OF A STOVE, OVEN, OR MICROWAVE FIRE**
   - Turn off the stovetop burners. Slide a pan lid over flames to smother a grease or oil fire; and then leave the lid in place until the pan cools. It is not recommended that you try to carry the pan outside.
   - Extinguish grease fires with the fire extinguisher provided or use baking soda. Never use water or flour on grease fires.
   - Turn off the oven or microwave. Keep the appliances door shut to contain the smoke and heat.
   - A fire extinguisher is provided in every kitchen. Make sure that the fire extinguisher remains in the designated location. Remember **PASS** when operating the fire extinguisher. (Pull the pin, Aim at the base of the fire, Squeeze the handle and Sweep across the flame). Notify Public Safety at x6666 anytime the extinguisher is used.
3. **GET OUT** of the building and stay outside until help arrives.
4. **CLOSE** all doors as you leave to help prevent the fire from spreading. Don’t lock doors which will impede the fire departments response.
5. **PROCEED** to the Evacuation Assembly Area. Residence Life Staff will assist you to the location of your Evacuation Assembly Area (which are all marked with a sign). Please review the assembly areas for your building in advance of any incident.
6. **NOTIFY** Public Safety at x6666; then dial 9-911 to provide the fire dispatcher with additional information. You or someone you designate should make the telephone call from a safe location as quickly as possible. Once you have given the dispatcher the information related to the emergency, wait until the dispatcher tells you to hang up – they may want you to stay on the line.
7. **DO NOT GO BACK** into the building or try to save your possessions. *Clothes, books, and papers can be replaced – but you can’t be!*

B. Fire Evacuation Procedures - When You Can Get Out

1. When the fire alarm sounds, leave the building immediately. Feel the doors and doorknobs with the back of your hand. If they are *not* hot, open the doors slightly to check the hallway for smoke or heat. If smoke or heat is present, attempt to crawl low to the floor. If the smoke is heavy, grab a wet towel or similar object and place it over your face (nose and mouth) and take short breaths through your nose.
2. Follow EXIT signs to the nearest egress from the building or fire stairwell. Do not use elevators.
3. Warn others by knocking on doors on your way to the closest exit. Assist any person in immediate danger, but avoid putting your safety at risk.
4. Close and leave doors unlocked. This will help to confine the smoke and fire to a smaller area and allow the fire department access to conduct search and rescue as well as fire suppression.
5. When possible, avoid exiting the building through the main entrance. Use the side or rear exits of the building. This will help keep the main entrance clear for arriving emergency responders.
6. Proceed to the designated Evacuation Assembly Area.
7. Do not delay exiting the building.
8. **DO NOT** re-enter the building until instructed to do so by Fire, Police, Public Safety or Residence Life Staff.
C. Fire Evacuation Procedures - When You Can’t Get Out

1. Call Public Safety at x6666 and then dial 9-911. Advise the dispatcher of your location and that you are unable to evacuate; do not hang up until the dispatcher tells you to.
2. Close the door to your room; the door can help hold back dangerous heat and smoke.
3. If the smoke is heavy, take a wet towel and place it over your nose and mouth. Stay low where the air may be cooler.
4. Using wet towels, sheets, or clothes, seal openings around doors and air ducts where smoke may enter.
5. Do not stay in internal rooms such as bathrooms or closets.
6. Stay close to the windows. Open them when you are sure there is no smoke or fire outside that could come into your room. Alert fire department personnel to your location by yelling and waving. Do not exit the window onto any ledge.
7. When safe to do so, exit your location as quickly as possible and evacuate the building.

D. Fire Evacuations for Persons with Disabilities

It’s important that the appropriate staff in the Office of Specialized Services (OSS) be made aware of any students with disabilities that may limit their mobility, whether temporary or permanent. Staff may choose to advise HR of any disabilities requiring additional assistance on a voluntary self-disclosure form provided. Attempting to carry a person with limited mobility is discouraged. Evacuation chairs are strategically placed throughout campus and are often located on the top floor of each building in the stairwells. If an alarm is activated, the following procedures should be followed when possible:

1. Students and staff with limited mobility who are not located on the ground floor should proceed into the stairwell and wait on the landing until additional assistance can be summoned.
2. Students and staff with visual impairments should be guided through any evacuee traffic and then promptly assisted to the nearest exit.
3. Students and staff with hearing impairments may be unaware of the need to evacuate and should be advised of the situation. Promptly guide them to the nearest exit.
4. When necessary to summon additional assistance, use the Emergency Phones to call for help and to report the location of person(s) in need of rescue.
5. Emergency Phones that connect you to Public Safety are located in the Academic Cores and in the elevator lobbies on each floor in all other buildings. Provide the Public Safety Officer with your location (i.e. Core 3, floor 2). You may also call 9-911 and report your location to the Police Dispatcher; do not hang up until the Public Safety or Police Dispatcher tells you to.
6. Students and staff with other disabilities who may be unable to communicate, should be provided assistance and direction to the nearest exit.
7. The fire department will assist in completing the evacuation once they arrive on scene.

E. Areas of Rescue Assistance

Areas of Rescue Assistance are areas, which have direct access to an exit, where people who are unable to use stairs may safely remain to await further instructions or assistance during emergency conditions. Each Area of Rescue Assistance has a phone which can be used to contact Public Safety. Consistent with code requirements, Areas of Rescue Assistance are enclosed with fire separation assemblies having the appropriate fire resistance rating. They are located immediately adjacent to an exit. Occupants should become familiar with the closest Area of Rescue Assistance. Occupants may also choose to take a “horizontal exit” by passing through a set of closed fire rated doors into a separate building. For example, an occupant on the 2nd floor of the C-wing who is unable to utilize the stairs in the event of an emergency, may move through closed fire rated doors into the Student Center.
1. **Academic Areas**: The Academic Buildings Core stairwells, the landing of each floor of the G building and Anisfield, and the stairwells in the Berrie Center are also considered Areas of Rescue Assistance.

2. **Campus Housing**: Mackin, Bischoff, Pine, Laurel, and Overlook - The stairwells of each building are Areas of Rescue Assistance and the upper most floor has an evacuation chair in each stairwell.

3. **Campus Housing**: College Park Apartments (CPA) Phase I and Phase II and The Village - These areas are fully sprinklered, however, they do not qualify as an area of rescue assistance.

**F. Evacuation Assembly Areas**

Once outside, all students and staff shall report to a predetermined Evacuation Assembly Area. Those familiar with the campus shall guide any guests or visitors. Once at an Evacuation Assembly Area, check in with an RA for residence halls, Professor or Instructor for academic areas, or your supervisor. Emergency Coordinators from certain operational areas may be present to assist with evacuations and checking in evacuees. Emergency Coordinators should be wearing a bright vest for identification. The Emergency Coordinator will identify and log in those present at the assembly areas.
7. Procedure for Reporting Fires

Situation:
Visible fire, smoke condition, explosion, odor of smoke in any campus building or on any campus property; including vehicle/trash/brush fires.

Action Required by Students and Staff:
Ramapo College students and staff are instructed to notify Public Safety at x6666 or (201) 684-6666 regarding all emergency situations including fires. If anyone finds evidence that a fire may have occurred on campus, they should immediately notify Public Safety to respond and document the incident.

Action Required by Public Safety:
Public Safety will immediately notify the fire department to respond. Public Safety also responds to all fire alarms on campus. Once on scene, Public Safety will assist with the orderly evacuation of the building, locating the cause of the activation or fire, accessing the fire alarm panel, and logging all reports. Public Safety will act as Liaison with the local Police Department during all emergencies. Public Safety is staffed to support campus safety activities 24 hours per day, 365 days per year.

Division of Fire Safety Protocol:
This protocol and policy was created by the New Jersey Division of Fire Safety to provide a clear and concise method for dealing with fire-related emergencies on the campuses of New Jersey's state colleges and universities. It provides campus safety personnel across the State with uniform procedures in regards to safeguarding life and property. This protocol and policy is based on the New Jersey Uniform Fire Code and nationally recognized fire safety standards.

1. The appropriate municipal fire suppression agency responsible for responding to the campus shall be immediately notified by campus personnel of the situation. Information to be provided to the emergency responding agency shall include:
   - The location of the fire/smoke condition/odor
   - What is on fire (building, car, brush, etc.)
   - A call back phone number
   - If possible, also report whether the building or vehicle is occupied.

2. Trained personnel will immediately begin evacuation of any building involved. If available, dispatch campus personnel to the main entrance and guide responding units to the scene.

3. Public Safety will contact the College Fire Marshal to make the appropriate notifications to the NJ Division of Fire Safety. The College Fire Marshal is required to report all fires on campus to the DFS. A representative from the DFS may be dispatched to investigate the origin and cause. Notification to the Division of Fire Safety shall be made as soon as possible, by calling 1-877-NJ-FIRES (1-877-653-4737) and providing information on the incident to the dispatch center.

HEOA Reporting:
The HEOA law requires that the College disclose annual statistical data on all fires that occur in on-campus student housing facilities. The Annual Fire Safety Report is completed by the Ramapo College Office of the Fire Marshal.
8. Residence Hall Policies on Fire Prevention

1. Immediately report any information regarding intentionally activated false alarms to a Residence Life staff member, Public Safety, or the College Fire Marshal. **Intentional false alarms are prohibited by law!**

2. Avoid inadvertently activating the fire alarm by not using any prohibited items in the Residence Halls and other buildings. Refer to the Prohibited Items and Conduct List.

3. In the event of an odor of smoke, visible smoke condition, or active fire, students and staff shall immediately activate the fire alarm via manual pull station and report such condition to Public Safety at x6666 (201.684.6666); Public Safety will dispatch an Officer and immediately report the incident to the Mahwah Police Department to have the fire department dispatched. You may also dial 911 (9-911 from a campus telephone).

4. Contact Public Safety at x6666 immediately after a fire extinguisher is discharged. A report will need to be taken and a work order put in for Facilities to install a replacement as quickly as possible.

5. Report any suspected malfunctions of fire safety systems or equipment to a Residence Life staff member or to Public Safety at x6666.

6. Know exactly where the nearest exits are located. Count the number of doors between your location and the nearest exit so that you can find your way out even if visibility is impaired by smoke and fire. Always be aware of alternate exits in the event that your primary exit is blocked.

7. Prepare an emergency escape route to use in case of a fire or other emergency in the building. Know at least two ways out of the building.

8. Keep essential items readily available at all times: keys, wallet, College ID, any required prescriptions, cell phone, etc.

9. Treat every fire alarm as the real thing. EXIT the building immediately!

10. If your clothing should catch fire, remember **STOP, DROP, and ROLL**. Don’t run.

11. As you are exiting, check your kitchen to ensure that your stove and oven are off and all cooking appliances are unplugged before you leave the area. Don’t place yourself in any further danger to do so.

12. Keep all doorways and windows leading to exits completely clear at all times. A minimum of 36” clearance to exits shall be maintained.

13. Report any obstructions or accumulations of rubbish in the hallways, stairwells, or other means of egress to Facilities. Unabated obstructions should also be reported to the College Fire Marshal.
9. Fire Safety Prohibitions

All residents are responsible for adhering to Ramapo College Fire Safety Policies and the New Jersey Uniform Fire Code. Students and resident staff are expected to follow all policies, not be in possession of prohibited items in campus housing, and be aware of the possible sanctions for violations of the prohibited items and actions list. In addition to sanctions imposed by the College, violators may also be responsible for fines issued by New Jersey Division of Fire Safety.

All residence halls and apartment units are subject to periodic fire and safety inspections, and students are expected to cooperate in removing any found violations when requested by Public Safety, the College Fire Marshal, the NJ Division of Fire Safety, or College Administration. The College may require personal furniture or furnishings to be removed from any residence when it determines the situation to be a fire, safety, or health hazard. Under no circumstance should furniture restrict free and easy movement within the room, suite, hallway, or apartment areas, or block egress in any way.

11. Fire Safety Education for Students and Staff

Campus fire safety education and training is vital to helping prevent injury, loss of life, and property damage on Campus. Education and training are also components of the campus fire safety provisions of the Higher Education Opportunity Act (HEAO). Colleges and Universities throughout the United States are required to report on the fire safety training they are providing.

Fire safety protocol and evacuation procedures training for Residence Life staff is provided by the College Fire Marshal. For each housing facility, this training provides instruction on procedures to be followed in case of a fire and distribution of information on the university's fire safety policies.

During the first floor meetings of the semester, Residence Life staff in each hall provide orientation to the new students living in each area. This mandatory orientation provides students with information on all required fire safety policies and procedures, including emergency evacuation plans and shelter in place procedures. Students are required to sign in for these meetings.

No training is provided to students or staff in firefighting activity, as this is inherently dangerous. Each person’s only duty is to exit safely and quickly, shutting doors along their exit path to contain the spread of flames and smoke; and activating the fire alarm if not already sounding. At no time should the closing of the doors or activation of the alarm delay exit from the building.

A. Fire Safety education and training at Ramapo College is provided through the following:
   1. The Guide to Community Living – provides information to students and staff living in Residence Life housing on campus.
   2. The Student Code of Conduct – provides information to all students regarding the standards of behavior and prohibited conduct
   3. The Student Handbook – provides information to all students regarding the sanctions for Code of Conduct violations
   4. RCNJ Fire Safety Website – provides information to students and staff on fire safe practices, including policies, procedures, and registration forms for special events
   5. Fire Safety presentations for students groups and residence life staff provided by the College Fire Marshal
   6. Fire Safety hands on training for Public Safety and Facilities staff provided by the College Fire Marshal
   7. Fire Safety training provided by the Bergen County Law and Public Safety Institute
   8. First Aid training provided by the Bergen County EMS Training Center
   9. Outside speakers and instructors (such as PSEG)

B. The Ramapo First Responders Club is dedicated to E.M.T.s, firefighters, law enforcement officials, dispatchers, and anyone else interested in emergency services. The First Responders Club hosts events on campus including blood drives, lectures/discussions with local emergency service professionals, Stroke Awareness Month events, free classes, and many other events. It provides a forum where first responders and emergency services personnel can gather and share interests, knowledge, and passion for serving the community.

C. Ramapo College encourages students to pursue additional firefighter and Emergency Medical Technician (EMT) training in the community. Local first responder agencies provide advanced training at the Bergen County Law and Public Safety Institute located only 1.5 miles from campus, as well as the Bergen County EMS Training Center in Paramus, NJ.

12. Future Improvements in Fire Safety

The Office of the Fire Marshal reviews fire safety policies, procedures, systems/equipment, service contracts, and training programs on an ongoing basis. Changes to current practices are instituted as deemed necessary to improve the safety of students and staff as well as protected property.

The Office of the Fire Marshal, on behalf of the entire Ramapo College community, will continue to:

- Ensure a healthy, fire safe environment
- Raise awareness of fire prevention and preparedness
- Annually review all campus fire safety policies and procedures
- Maintain updated maps of all fire hydrants and Evacuation Assembly Areas
- Update available training programs and information resources
- Ensure completion of all required inspections, testing, and maintenance of fire suppression and fire protection systems in accordance with the International Fire Code 2015 New Jersey Edition.

Future Improvement Projects:

Improvements to the College’s fire protection systems are assessed on an ongoing basis and evaluated based on life safety, code and insurance requirements, availability of new technology, timeframe, and availability of funding. The following system upgrades are in the process of being considered for future implementation.

- Replace battery powered or plug in CO detectors with hardwired devices capable of being monitored by Public Safety. All buildings are currently protected with CO detection where required.
13. Fire Log

Ramapo College maintains a written fire log as required by the HEOA. This log includes: the nature, date, time, and general location of each fire for the most recent 60 day period and is open to public inspection during normal business hours. Older fire logs are available by request and will be provided within 2 business days.
