# How to Create An Online Application for Housing for First Year and Transfer Students

#### Access to the portal begins June 2, 2025 at 12:00 Noon

We have provided a Step-By-Step Guide to assist residents in creating an online application for housing. This application assists the Office of Residence Life when assigning roommates. Although we are unable to guarantee 100% compatibility, students who do not have a roommate request will be matched with others who have a similar profile. To ensure accuracy, we encourage all students to complete their own preference profile.

Students who do not create an online application by 12 noon on June 11, 2025 will not be considered for housing.

When completing an online application, students will be able to request a roommate if they so desire. In addition, we ask that you please note the following:

- Students should determine who amongst them will be the "requestor".
- Both students must then log into the housing portal and create their own online housing application.
- Once both students have created their online housing application, the "requestor" will make the initial roommate request
- Once the request has been received by the other student, they will need to log back into the portal and "accept" the roommate request.
- Since roommate requests must be mutual (one student requests, the other student accepts), if a request is not accepted, the students will not be placed together.

Students who do not have a specific roommate request will be automatically assigned a roommate.

If you have not received the Welcome Letter (sent via email) to all new incoming students please email <u>reslife@ramapo.edu</u> before creating the online housing application. These students, must wait until they have received a Fall 2025 Housing Update email before logging into the housing portal to create their online application.

A short, scenic walk from all classes and dining halls, Ramapo College residences are situated along the campus perimeter where beautiful walking trails and woods surround the 300-acre campus. The College has taken great care in the design and placement of the residences: many have beautiful views of the Ramapo Mountains.

Students can select from a range of comfortable and convenient housing at Ramapo. There are traditional suite arrangements, garden-style apartments, and a townhouse complex.

Once assigned, campus housing is guaranteed for all four years as long as the student does not withdraw from housing or remains in good academic and social standing, and all outstanding charges are paid. First year students are assigned to the halls reserved especially for them. Students can reserve housing after their first year, according to a system based on the number of credits earned.

- Please click on the Student Login link on the menu bar at the top of the screen.
- This will direct you to the Ramapo Single Sign On screen where you will need to authenticate your Ramapo user name and password.

After you have successfully logged into the housing portal, you will see the screen below:

#### ALL ROOMMATE REQUESTS MUST BE MUTUAL

One of you must make the initial request (requestor), while the other must then accept the request for it to be considered mutual. IMPORTANT: in order to search and find your potential roommate, they MUST have already started the online housing application.

- In order to find your requested roommate, click on the "Search for Roommates by Details" button. Then enter their information in this section.
- If you would like to search for others who are looking for a roommate, please click on the "Search for Roommates by Profile" OR if you would like the portal to suggest roommates click on the "Suggest Roommates" button. For either of these options selected, you will have the ability to request them, send them a message and/or view their profile.
- If you choose not to request a roommate, please continue onto the next step by clicking the "Save & Continue" button.
