1. Practice social distancing by keeping at least 6 feet (2 meters) away from others;
   a. As a resident student, I understand that social distancing means refusing visitors to my residence hall/apartment (including other resident and commuter students), not visiting in other halls/apartments, and I understand that social gatherings of any kind will not be tolerated (visitation subject to change depending on the State’s “stage.”) Violations of the Social Gathering Policy may lead to the suspension of my residence privileges.
   b. As a commuter student, I understand that I am barred from entering any residence room/apartment;
2. I will not come to campus, or interact on campus, if I am experiencing any signs of illness. I will know the symptoms of coronavirus, seek medical attention if necessary, and understand that my actions impact the health and safety of others. I am responsible for helping to stop the spread;
3. Monitor my daily health using the screening mechanism directed by the College;
4. Practice healthy hygiene such as frequent hand washing with soap and water for at least 20 seconds (or using hand sanitizer with at least 60% alcohol), and refrain from touching my eyes, mouth, and nose with unwashed hands;
5. Adhere to instructional signage that is posted by Ramapo College which may include but not limited to one-way hallways directions and the encouragement of using stairwells over elevators (when practical);
6. Cover my mouth and nose with a face covering at all times when indoors (except in my private, residence room/apartment) and outdoors when social distancing is not possible. The face covering is meant to protect other people in case I am infected. I understand that I am required to wear the face covering in a manner that covers both my nose and mouth and that the face covering is not a substitution for social distancing;
7. Register all international travel or domestic travel to any State-defined, high-risk areas with the College’s travel registry ramapo.edu/health/coronavirus-covid-19. Abide by directions given to me by College officials related to self-quarantine. The on-campus self-quarantine directions may include temporarily moving to a different residence location;
8. Comply with directions from College or health officials to put on a face covering, maintain social distancing, or to self-isolate or self-quarantine. The on-campus self-isolation or self-quarantine space will include temporarily moving to a different residence location;
9. Comply with contact tracing and be truthful in my responses;
10. Understand that I am required to report to Health Services (201-684-7536) and stay at my place of residence should I:
   a. Experience symptoms of or be diagnosed with COVID-19;
   b. Be informed that I was in close contact with or exposed to someone who tested positive for COVID-19.
11. Comply with local, state, and federal rules, regulations, and guidance that may emerge as required public health measures to protect myself and others during a pandemic.
