

Happy first day of the semester, Roadrunners!

I hope that you all had a wonderful and restful break. On behalf of the Student Government Association (SGA), I am excited to welcome you back to Ramapo for the spring semester. I would like to particularly welcome our New Roadrunners who may be transferring from another institution or just starting fresh with us this spring. It was a pleasure to speak to you at our Winter Welcome New Student Assembly.

The SGA is happy to continue serving your best interests and making sure that your life as a Roadrunner is the best that it can be. I work with [40+ of your fellow students](#) to make sure that life inside and outside of the classroom is an enriching experience. I write with opportunities to get involved in SGA, engage directly with us, and make your voices heard.
