Math Club Meeting #1: Opening Event and Student Talk

On behalf of the Ramapo College Math Club, welcome back to another exciting semester at RCNJ !!

We would like to invite you to our first event of the Fall next Monday 9/19 from 1-2pm, as we kick off the new semester with a student talk by mathematics major, Benjamin Warren. Ben will not only describe the research program he participated in over the summer, but he will also present his research on the game, Mancala.

This should be a really interesting and enjoyable talk, and as always, pizza, soda, and snacks will be provided. Please join us for this event in room G-220. We hope to see you there!!

All are welcome at Math Club meetings. So bring a friend! For more information about Math Club, please visit our website at:
