Observation and Conference Report

Overview

The Observation and Conference Report is a performance-based, formative assessment instrument used to provide feedback to teacher candidates (also referred to as clinical interns) on observed lessons. The Observation and Conference Report (O&C) is used by both clinical supervisors and cooperating teachers during Clinical Practice I and Clinical Practice II. It is closely aligned with the Clinical Competency Inventory (CCI) evaluation instrument and will help guide the development of the teacher candidate throughout clinical practice.

During Clinical Practice I, the clinical supervisor will observe the clinical intern teach two (2) separate lessons and conduct post-observation conferences for each, as well as complete the O&C after each lesson/conference. The cooperating teacher will complete one (1) O&C after one (1) formal observation and post-observation conference.

During Clinical Practice II, the clinical supervisor will observe the clinical intern teach six (6) separate lessons and conduct post-observation conferences for each, as well as complete the O&C for each lesson/conference. The cooperating teacher will complete one (1) O&C after one (1) formal observation and post-observation conference.

The teacher candidate must be given a score (or marked as “Not Observed”) for each indicator. Please use the “Additional Comments” section for each indicator to provide support and feedback for the candidate. There are also opportunities at the end of the evaluation to document detailed strengths, areas of improvement, and opportunities for reflection and growth.

All clinical supervisors and cooperating teachers must be trained before using the O&C. In-person and/or virtual training is provided at Clinical Practice Orientation at the start of the Clinical Practice internship. Online training videos are available for those who cannot attend orientation.
Scores and ratings

The following rating scale will be used to score each clinical intern:
