Appendix A: Teacher Education Matriculation Guidelines

Updated October 2019

- In order to officially matriculate in a teacher preparation program in the State of New Jersey, candidates must hold a **3.00 GPA minimum** and meet the **State’s basic skills requirement**.

- **March 1** is the deadline for **fall matriculation** and Clinical Practice. **October 1** is the deadline for **spring matriculation**.

*Two Ways to Meet the Basic Skills Requirement:*

1. Demonstrate a score on the SAT, ACT, or GRE at or above the cut score for the year in which the exam was taken (see cut scores below).

2. Pass a Commissioner-approved assessment of basic skills. Currently, the only approved assessment is the Praxis Core Academic Skills for Educators exam (see cut scores below).

*The New Jersey Department of Education will accept the highest score on each test section, regardless of test date.*

**SAT**

- If taken before 4/1/1995: Math 520, Reading 480
- If taken between 4/1/1995 to 2/28/2016: Math 540, Reading 560
- If taken on or after 3/1/2016: Math 570, Evidence-Based Reading and Writing 610 or Reading Section 30

**ACT**

- If taken before 8/28/1989: Math 23, English 20
- If taken on or after 8/28/1989: Math 23, English 23

**GRE**

- If taken before 8/1/2011: Quantitative 720, Verbal 530
- If taken on or after 8/1/2011: Quantitative 156, Verbal 155

**Total Credits Required:** 128 credits; **GPA Required:** 3.0

*Ideally, students should be fully admitted into the program by the end of their first year at Ramapo. Transfer students should be admitted before registration date of their first semester on campus. Students should be directed early to the TE program for admissions requirements.*
Students must be fully admitted into the TE program before registering for EDUC 222. It is recommended that EDUC 211, EDUC 222, EDUC 346 and EDUC 360 be taken in different semesters as each will require clinical experience hours in schools.

Please Note: Required clinical experience hours typically occur outside of your regular class time.

CE1: EDUC 211 - 22 hours of clinical experience required in an urban public school setting.

CE2: EDUC 222 - 20 hours of clinical experience required in a public school setting. Must be admitted into the TE Program by preregistration semester prior.

CE3: 60 hours of clinical experience required in a public school setting. New TB test and possession of a valid substitute teacher license required at time of preregistration semester prior.

CE4: 20 hours of clinical experience required in a public school setting. New TB test and possession of a valid substitute teacher license required at time of preregistration semester prior.

***New regulations will require students to have either 6 credits of Special Education, or the equivalent, to be eligible for certification upon completion of the TE Program. Ramapo College will fulfill this requirement by continuing to require EDUC 360, a 4 credit course, and will fulfill the remaining 2 credit equivalent by requiring students to take EDUC 301.

***NJDOE regulations require students to have either 6 credits of Special Education, or the equivalent, to be eligible for certification upon completion of the TE Program. Ramapo College will fulfill this requirement by continuing to require EDUC 360, a 4 credit course, and will fulfill the remaining 2 credit equivalent by requiring students to take the corequisite course EDUC 301.

****Only offered fall semester. These four courses are co-requisites and must be taken the semester prior to Clinical Practice Capstone.

*****State mandates, as of Fall 2018, will require one full year of Clinical Practice (CP). At Ramapo, that will be done on a Fall-Spring model. In the first semester, students must complete 180 hours of Clinical Practice requirements; in the spring they must complete 525 hours during Clinical Practice Capstone (Student Teaching). CP 1, 2, 3, and 4 will each require 45 hours, in addition to regular class time, in local K-12 schools.

This major has enough space built-in that students could elect to complete a middle school endorsement within the 4 years to graduation and certification. Students must have 15 credits (4 Ramapo courses) in a particular content area (language arts, science, social studies, or math), PSYC 347 (Adolescent Psychology, included in 4-year plan), 2 on-campus non-credit seminars, and passage of the appropriate middle school content Praxis examination to earn a middle school endorsement. Interested students should seek guidance from Teacher Education Program staff.

PLEASE NOTE: Transportation to and from clinical experience and Clinical Practice placements is the responsibility of individual students. Please plan accordingly. If transportation is or may be an issue, please visit the TE program offices BEFORE you register for a course that requires a K-12/off-campus school placement.

**Art Education**
Majors: Visual Arts

A minimum of 30 credit hours (with at least 12 of those credits at the 300 or 400 level) is required in art. Ramapo students complete the requirements by majoring in Visual Arts and including the following courses in their major:

- ARTS 101 Fundamentals of Drawing
- ARTS 214 Basic Ceramics
- ARTS 211 Basic Art and Technology
- ARTS 207 Digital Photography
- ARTS 201 Basic Painting
- ARTS 202 Basic Sculpture
- ARHT 245 Masterpieces in Western Civilization
- One 300 level Art History Course

Strongly recommended electives:
- ARTS 102 Fundamentals of Design
- ARTS 206 Black and White Photography
- ARTS 331 Art as Therapy

Required Praxis Content Exam: Art: Content Knowledge (5134)
Minimum passing score: 158

**Biological Science**
Major: Biology

A minimum of 30 credit hours (with at least 12 of those credits at the 300/400 level) is required in the biological sciences. Ramapo students complete the requirements by majoring in Biology.

Required Praxis Content Exams:
Biology: Content Knowledge (5235)
Minimum passing score: 152

General Science: Content Knowledge (5435)
Minimum passing score: 152

**Business Education**
Majors: Accounting, Business Administration, Economics, Information Systems
A minimum of 30 credit hours (with at least 12 of those credits at the 300 or 400 level) is required in business. Ramapo students complete the requirements by majoring in one of the above disciplines and including the following courses in their major:

ACCT 221 Principles of Financial Accounting
ACCT 222 Principles of Managerial Accounting
ACCT 321 Intermediate Accounting I
BADM 223 Business Law I
ECON 101 Microeconomics
ECON 102 Introduction to Macroeconomics

Minimum passing score: 154

Chemistry
Major: Chemistry

A minimum of 30 credit hours (with at least 12 of those credits at the 300/400 level) is required in chemistry. Ramapo students complete the requirements by majoring in Chemistry.

Required Praxis Content Exams:
Chemistry: Content Knowledge (5245)
Minimum passing score: 152

General Science: Content Knowledge (5435)
Minimum passing score: 152

Earth Science
Major: Environmental Science, Environmental Studies

A minimum of 30 credit hours (with at least 12 of those credits at the 300/400 level) is required in earth sciences. Ramapo students usually complete the requirements by majoring in Environmental Science or Environmental Studies – please refer to the Major Requirements and four-year plans in the College Catalog for the most efficient way to complete the Earth Science courses.

GEOL 106 Fundamentals of Earth Science or GEOL 101 Introduction to Geology
GEOL 333 Environmental Geology or GEOL 328 Paleontology, Paleoecology and Paleoenvironments
GEOG 101 Physical Geography
PHYS 103 Introduction to Astronomy
PHYS 105 Meteorology
ENSC 103 Introduction to Environmental Science
ENST 215 Environmental History
PHYS 221 Environmental Physics
GEOL 333 Environmental Geology or GEOL 328 Paleontology, Paleoecology and Paleoenvironments (One of these two courses is required; you may take the other as one of the electives you meet)
GEOL 327 Geology of New Jersey
ENSC 225 GIS for Environmental Science or ENST 314 Geographic Information Systems
GEOG 303 Water Resources
(Please note that you need to work closely with an advisor because many of the above courses have prerequisites)

Required Praxis Exams:
Earth Science: Content Knowledge (5571)
Minimum passing score: 153

General Science: Content Knowledge (5435)
Minimum passing score: 152

**English**
Major: Literature

A minimum of 30 credit hours (with at least 12 of those credits at the 300/400 level) is required in literature. Ramapo students complete the requirements by majoring in Literature and including the following courses in their major:

*Ideally, students should be fully admitted into the program by the end of their first year at Ramapo. Transfer students should be admitted before registration date of their first semester on campus. Students should be directed early to the TE program for admissions requirements.

**Students must be fully admitted into the TE program before registering for EDUC 222. It is recommended that EDUC 211, EDUC 222, EDUC 346 and EDUC 360 be taken in different semesters as each will require clinical experience hours in schools.

Please Note: Required clinical experience hours typically occur outside of your regular class time.
CE1: EDUC 211- 22 hours of clinical experience required in an urban public school setting.
CE2: EDUC 222- 20 hours of clinical experience required in a public school setting. Must be admitted into the TE Program by preregistration semester prior.
CE3: 60 hours of clinical experience required in a public school setting. New TB test and possession of a valid substitute teacher license required at time of preregistration semester prior.
CE4: 20 hours of clinical experience required in a public school setting. New TB test and possession of a valid substitute teacher license required at time of preregistration semester prior.

***New regulations will require students to have either 6 credits of Special Education, or the equivalent, to be eligible for certification upon completion of the TE Program. Ramapo College will fulfill this requirement by continuing to require EDUC 360, a 4 credit course, and will fulfill the remaining 2 credit equivalent by requiring students to take EDUC 395.

For students who do not take EDUC 301 in addition to EDUC 360, they must complete a minimum of 60 hours of fieldwork while enrolled in EDUC 360. These hours will satisfy the requirement of both the mandated Special Education fieldwork experience and the requirement for 6 credits of Special Education.
****Only offered fall semester. These four courses are co-requisites and must be taken the semester prior to Clinical Practice Capstone.

****State mandates, as of Fall 2018, will require one full year of Clinical Practice (CP). At Ramapo, that will be done on a Fall-Spring model. In the first semester, students must complete 180 hours of Clinical Practice requirements; in the spring they must complete 525 hours during Clinical Practice Capstone (student teaching.). CP 1, 2, 3, and 4 will each require 45 hours, in addition to regular class time, in local K-12 schools.

This major has enough space built-in that students could elect to complete a middle school endorsement within the 4 years to graduation and certification. Students must have 15 credits (4 Ramapo courses) in a particular content area (language arts, science, social studies, or math), PSCY 347 (Adolescent Psychology, included in 4-year plan), 2 on-campus non-credit seminars, and passage of the appropriate middle school content Praxis examination to earn a middle school endorsement. Interested students should seek guidance from Teacher Education Program staff.

PLEASE NOTE: Transportation to and from clinical experience and Clinical Practice placements is the responsibility of individual students. Please plan accordingly. If transportation is or may be an issue, please visit the TE program offices BEFORE you register for a course that requires a K-12/off-campus school placement.

Please Note: All Foundational Courses must be completed prior to taking any Professional Education Courses.
*22 hours of clinical experience required in a public school setting.
**20 hours of clinical experience required in a public school setting. Must be admitted into the TE Program by preregistration semester prior.
***60 hours of clinical experience required in a public school setting. New TB test and possession of a valid substitute teacher license required.
170 hours of Clinical Practice required in a public school setting. Possession of a valid substitute teacher license required.

Course is usually taught in a public school setting/requires 10 hours of Clinical Practice. Must take and pass appropriate Praxis II by March 1 prior to Clinical Practice.

Please Note: Transportation to and from clinical experience and Clinical Practice placements is the responsibility of individual students. Please plan accordingly. If transportation is or may be an issue, please visit the TE program offices BEFORE you register for a course that requires fieldwork.

Appendix I: Teacher Candidate Professional Dispositions Survey

Teacher Candidate’s Name ____________________________________________

Completer’s Name ____________________________________________________

Completer’s Role (check one): □ Course Instructor □ Cooperating Teacher □ Teacher Candidate

Requirement For: EDUC ____________ (Please fill in with course number and section.)

Definition: Behaviors can reveal dispositions essential for effective teaching. Education accrediting bodies and teacher educators characterize dispositions as professional attitudes, values, and beliefs teacher candidates reveal through verbal and non-verbal behavior as they work with students, families, colleagues, and the wider community. Positive behaviors can support the professional growth of teachers and student learning and development.

Instructions: Reflect on the teacher candidate’s professional behaviors in each of the five categories and rate their performance to date according to the scale below. In each comment box, provide specific instances and examples in which the teacher candidate exhibited the behavior and criteria. Complete category six only when there is a dispositional concern. Please sign and date the bottom of the last page of the form at the time of completion/submission.

Observation and Conference Report

Overview

The Observation and Conference Report is a performance-based, formative assessment instrument used to provide feedback to teacher candidates (also referred to as clinical interns) on observed lessons. The Observation and Conference Report (O&C) is used by both clinical supervisors and cooperating teachers during Clinical Practice I and Clinical Practice II. It is closely aligned with the Clinical Competency Inventory (CCI) evaluation instrument and will help guide the development of the teacher candidate throughout Clinical Practice.

During Clinical Practice I, the clinical supervisor will observe the clinical intern teach three (3) separate lessons (1 informal observation and 2 formal observations) and conduct post-observation conferences for each, as well as complete the O&C after each of the two (2) formally observed lessons. The cooperating teacher will complete one (1) O&C after one (1) formal observation and post-observation conference. This should be a co-observation with the supervisor, if possible.

During Clinical Practice II, the clinical supervisor will formally observe the clinical intern teach six (6) separate lessons and conduct post-observation conferences for each, as well as complete the O&C for each of the six (6) formal lessons/conferences. The cooperating teacher will complete one (1) O&C after one (1) formal observation and post-observation conference. This should be a co-observation with the supervisor, if possible.

The teacher candidate must be given a score (or marked as “Not Observed”) for each indicator. Please use the “Additional Comments” section for each indicator to provide support and feedback for the candidate, specifically if issuing ratings of a 1- Emergent or 4- Advanced Proficient. There are also opportunities at the end of the evaluation to document overall strengths, areas of improvement, and opportunities for reflection and growth.

All clinical supervisors and cooperating teachers must be trained before using the O&C. In-person and/or virtual training is provided at Clinical Practice Orientation at the start of the Clinical Practice internship. Online training videos are available for those who cannot attend orientation.
Scores and ratings

The following rating scale will be used to score each clinical intern:

**Not Observed** – If you did not observe a specific indicator in the classroom, please obtain additional evidence from the clinical intern demonstrating competency in that area. If you have a question or reservation, please insert a comment explaining your concerns. If you are observing a K-3 classroom, obtain approval to skip certain competencies and leave them blank.

**1 - Emergent** (Exhibits Difficulty) – The clinical intern exhibits difficulty in: 1) integrating content knowledge with application; 2) lesson planning and implementation of daily instruction; 3) organizational and classroom management skills; 4) using assessment to inform instruction; and 5) adapting instruction to meet the needs of all learners.

*Recommended point value: 0 - 1.4.*

**2 - Novice** (Limited Competence) – The clinical intern continues to need assistance in: 1) integrating content knowledge with application; 2) lesson planning and implementation of daily instruction; 3) organizational and classroom management skills; 4) using assessment to inform instruction; and 5) adapting instruction to meet the needs of all learners.

*Recommended point value: 1.5 - 2.74.*

**3 - Proficient** (Basic Competence) – The clinical intern shows basic competence in: 1) integrating content knowledge with application; 2) lesson planning and implementation of daily instruction; 3) organizational and classroom management skills; 4) using assessment to inform instruction; and 5) adapting instruction to meet the needs of all learners.

*Recommended point value: 2.75 - 3.4.*

**4 - Advanced Proficient** (Exemplary Practice) – The clinical intern shows exemplary practice in: 1) integrating content knowledge with application; 2) lesson planning and implementation of daily instruction; 3) organizational and classroom management skills; 4) using assessment to inform instruction; and 5) adapting instruction to meet the needs of all learners.

*Recommended point value: 3.5 - 4.0.*

Instructions: Please indicate the score earned by the intern for each of the following eleven criteria by typing an “X” to the left of the numerical score (1, 2, 3, 4 or N/O) or circling/highlighting the appropriate numerical score and corresponding performance level descriptor. For very low (1 - emergent) or very high (4 - advanced proficient) ratings, you must type or write comments in the spaces designated “Additional Comments” below each indicator. Overall/general feedback should be provided at the end of the report in the designated area.

1. Learner Development
The candidate shall understand how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

   N/O - Not Observed
   1 - Emergent - Exhibits difficulty in implementing learning experiences and/or interacting with learners.
   2 - Novice - Implements learning experiences with limited competence that requires further guidance from either the cooperating teacher and/or supervisor. Needs more guidance on interacting with learners on a developmental level.
   3 - Proficient - Identifies and plans learning experiences based on students’ developmental stages. Respectfully interacts with learners and is sensitive to their needs.
   4 - Advanced Proficient - Designs and implements developmentally appropriate and challenging learning experiences. Interacts with learners with sensitivity to developmental stages, cultural, linguistic, social and academic differences.

Additional Comments:

2. Learning Differences
The candidate uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

   N/O - Not Observed
   1 - Emergent - Prepares and delivers instruction oriented towards the whole class.
   2 - Novice - Develops and delivers instruction to address the needs of learners on an inconsistent basis.
   3 - Proficient - Designs and delivers instruction based on the needs of each student. Modifications to lessons are made for students with special needs, ELL and different learning styles.
   4 - Advanced Proficient - Applies and adapts instruction that engages the learners in ways that complement their learning styles. Modifies instruction to reflect the diverse cultures and communities of learners.

Additional Comments:
3. Learning Environment
The candidate works with others (learners, families and colleagues) to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

**N/O - Not Observed**
1. **Emergent** - Demonstrates limited classroom management techniques and interactions conducive to an effective classroom environment.
2. **Novice** - Begins to create an environment that encourages and supports all learners. Classroom management techniques and interactions are generally appropriate.
3. **Proficient** - Creates an environment that encourages and supports most learners. Demonstrates warmth, caring and sensitivity. Implements classroom management techniques and facilitates interactions that are conducive to an effective learning environment.
4. **Advanced Proficient** - Creates an environment that encourages and supports all learners. Consistently implements effective classroom management techniques and fosters interactions which maintain a respectful, polite and culturally sensitive learning environment.

*Additional Comments:*

4. Content Knowledge
The candidate understands the central concepts, tools of inquiry, and structures of the discipline(s) they teach and creates learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content.

**N/O - Not Observed**
1. **Emergent** - Delivers instruction based on insufficient content knowledge, theory and principles of the discipline.
2. **Novice** - Delivers instruction based on superficial content knowledge, theory and principles of the discipline resulting in inconsistent learning of subject matter.
3. **Proficient** - Delivers instruction based on content knowledge, theory and principles of the discipline allowing meaningful learning and mastery of subject matter.
4. **Advanced Proficient** - Delivers instruction that demonstrates depth and breadth of the content knowledge, theory and principles of the discipline. Incorporates appropriate materials and consistently makes learning experiences meaningful and relevant which leads to mastery of subject matter.

*Additional Comments:*
5. Application of Content

The candidate understands how to connect concepts and use different perspectives to engage learners in critical thinking and solve problems related to authentic local and global issues.

**N/O - Not Observed**

1 - **Emergent** - Asks factual questions and instruction does not include concept connections. Questions do not engage learners in critical thinking. Shows lack of understanding of the concepts needed in order to engage learners in making connections to solve real world problems.

2 - **Novice** - Asks recall and identification questions. Instruction includes some concept connections. Questions engage some learners in critical or divergent thinking. Shows an incomplete understanding of the concepts needed to engage learners in making connections to solve real world problems.

3 - **Proficient** - Asks application, analysis and synthesis questions. Instruction includes making connections to concepts and using a variety of perspectives to engage all learners in critical and divergent thinking. Shows a complete and correct understanding of the concepts needed in order to engage learners in making connections to solve real world problems.

4 - **Advanced Proficient** - Asks application, analysis, synthesis and evaluation questions. Instruction includes making connections to concepts using many perspectives to engage all learners in critical and divergent thinking. Shows a thorough understanding of the concepts needed to engage learners and extend learners’ abilities to solve real world problems.

**Additional Comments:**

6. Assessment

The candidate understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s and learner’s decision making.

**N/O - Not Observed**

1 - **Emergent** - Uses one method or inappropriate methods of assessment that do not engage learners in the process. Assessment does not include feedback to students. There is no attempt to use data driven decision making.

2 - **Novice** - Uses a few or the same methods of assessment and engages some learners in the process. Assessment includes minimal feedback to students. Some data is used to guide the students’ and teacher’s decision making.

3 - **Proficient** - Uses multiple formative and summative assessments. Engages most learners in the assessment process. Assessment includes targeted feedback to students. Data is used to guide the students’ and teacher’s decision making.

4 - **Advanced Proficient** - Uses a variety of formative and summative assessments. Provides differentiated assessments to meet individual student needs. Assessment includes specific detail and feedback. Data includes multiple measures and is used to make decisions about the student’s learning and to inform the teacher’s instruction.

**Additional Comments:**
7. Planning for Instruction
The candidate plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

**N/O - Not Observed**

1 - **Emergent** - Plans instruction that does not meet the learning goals for students. Uses minimal knowledge of curriculum, pedagogy or community context to plan instruction and may not take into consideration the knowledge of learners.

2 - **Novice** - Plans instruction that meets the learning goals for some students. Uses some knowledge of curriculum, pedagogy or community context to plan instruction and takes into consideration the knowledge of some of the learners to plan instruction.

3 - **Proficient** - Plans instruction that shows an understanding of the learning goals for all students. Uses knowledge of curriculum, pedagogy, community context and learners to plan instruction.

4 - **Advanced Proficient** - Plans instruction that shows complete and correct understanding of rigorous learning goals for all students. Uses knowledge of curriculum, pedagogy, community context and all learners to plan instruction.

*Additional Comments:*

---

8. Instructional Strategies
The candidate understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

**N/O - Not Observed**

1 - **Emergent** - Uses instructional strategies to present content. Strategies may not build learners’ skills to make connections and apply knowledge.

2 - **Novice** - Uses instructional strategies that encourage learners to develop content knowledge. Strategies begin to build learners’ skills to make connections and apply knowledge.

3 - **Proficient** - Uses a variety of instructional strategies that encourage learners to develop an understanding of content. Strategies build the learners’ skills to make connections and apply knowledge.

4 - **Advanced Proficient** - Uses rich and varied instructional strategies that encourage learners to develop a deep understanding of content. Strategies build and extend the learners’ understanding of content to make multiple connections and apply knowledge.

*Additional Comments:*
9. Professional Learning and Ethical Practice

The candidate engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

**N/O - Not Observed**

1 - **Emergent** - Candidate may participate in ongoing professional learning which may be demonstrated during the lesson. Candidate does not modify or adjust instruction based on feedback to meet the needs of each learner.

2 - **Novice** - Candidate participates in ongoing professional learning which is sometimes demonstrated during the lesson. Teaching and learning remains basically the same without appropriate modifications to meet the needs of each learner.

3 - **Proficient** - Candidate participates in ongoing professional learning which is demonstrated during the lesson. Uses evidence-based teaching strategies to teach students and reflects on their own practice. Candidate modifies instruction based on feedback/results and plans lessons accordingly to meet the needs of each learner.

4 - **Advanced Proficient** - Candidate participates in ongoing professional learning which is consistently demonstrated during the lesson. Candidate uses evidence-based teaching strategies and reflection to improve his/her practice. Candidate modifies instruction based on feedback/results and plans lessons that nurture metacognitive skills in each learner.

*Additional Comments:*

10. Leadership and Collaboration

The candidate seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth and to advance the profession.

**N/O - Not Observed**

1 - **Emergent** - Provides no evidence of contributing to the school and or district. Communicates periodically with colleagues, parents, and other school professionals. Makes little or no attempt to participate in activities with parents and community. Makes no attempt to assume leadership roles within the school.

2 - **Novice** - Provides some evidence of contributions to the school and district. Communicates with colleagues, parents, and other school professionals. Sometimes participates in activities with parents and community. Makes minimal attempt to assume leadership roles within the school.

3 - **Proficient** - Provides evidence of contributing to the school and district. Collaborates with colleagues, parents, and other school professionals. Participates in activities with parents and community, professional in-service, and assumes leadership roles, as appropriate.

4 - **Advanced Proficient** - Provides evidence of many contributions to the school and district. Collaborates with colleagues, parents, and other school professionals. Participates in activities with parents and community, professional in-service, and assumes leadership roles in various capacities, as appropriate. Seeks out opportunities to assume additional responsibilities in the school community or the profession.

*Additional Comments:*
11. Professional Responsibility
The candidate acts in accordance with legal and ethical responsibilities and uses integrity and fairness to promote the success of all students.

N/O - Not Observed
1 - Emergent - Professional interactions and practices do not always demonstrate integrity and fairness towards all students. May not consistently follow the school’s policies, regulations or timelines.

2 - Novice - Professional interactions and some practices may be characterized by fairness, integrity, respect or confidentiality. Complies with the policies of the school, professional teaching standards and Code of Ethics to promote the success of students.

3 - Proficient - Professional interactions and practices are characterized by fairness, integrity, respect and confidentiality. Abides by the policies of the school, professional teaching standards and Code of Ethics to promote the success of all students.

4 - Advanced Proficient - Professional interactions and practices are characterized by fairness, integrity, respect and confidentiality. Models exemplary professional behavior by following the policies of the school, professional teaching standards and applies the Code of Ethics to promote the success of all students.

Appendix K: Clinical Competency Inventory (CCI; ver3.3)

Evaluation of Clinical Interns During Clinical Practice
Instructions and Overview

Introduction

This performance-based observational instrument, the Clinical Competency Inventory, has been designed to provide actionable feedback on the progress of individual teacher candidates (also referred to as clinical interns) who are completing their Clinical Practice (student teaching) internship. The CCI is a standards-based assessment rubric that measures key competencies aligned to the 2011 InTASC standards, 2014 New Jersey Professional Standards for Teachers, and the current Educative Teacher Performance Assessment (edTPA) rubrics that are required of all teacher candidates prior to being recommended for certification. The CCI specifies the defining set of competencies that preservice teachers must demonstrate before being recommended for certification in the State of New Jersey.

Some competencies may not be observable and usually start with the phrase, “Provides evidence of.” It is expected that the candidate will bring evidence/artifacts of these competencies to the final evaluation conference.

The CCI was designed to formally assess competencies and provide feedback to the clinical intern during Clinical Practice II (CP2; full-time student teaching). It is to be used as a formative assessment at the midpoint of CP2 (February), as well as a summative assessment at the end of CP2 (April/May). It should be used in conjunction with the Observation and Conference Report (O&C) that is aligned with the CCI. The O&C focuses on the quality of individual lessons being observed; whereas the CCI is meant to be a cumulative assessment of competencies that the clinical supervisor and cooperating teacher have observed over the course of the internship. The CCI should be introduced at the beginning of Clinical Practice to guide the development of the clinical intern and to provide feedback on the candidate’s strengths and areas in need of improvement.

The procedure for using the CCI is as follows:

1) At the start of the year-long Clinical Practice internship, the clinical intern conducts an initial pre-assessment/self-evaluation by completing the CCI. This will help guide the intern’s goals and progress.

2) At the first visit of Clinical Practice I, the clinical supervisor reviews the Observation and Conference Report (O&C) and Clinical Competency Inventory (CCI) with the cooperating teacher. The O&C is used to document and provide feedback to the intern on individual lessons throughout Clinical Practice. The CCI is used as an evaluative tool during Clinical Practice II.

3) During the second or third month of Clinical Practice I (October/November), the clinical supervisor and cooperating teacher observe the clinical intern together (co-observation, if possible) and complete the O&C independently. They discuss with the intern what behaviors they observed along with each of the 11 standards, as well as specify areas of strength and areas for improvement.

4) During Clinical Practice II, the clinical supervisor and cooperating teacher observe the clinical intern together (co-observation, if possible) and complete the O&C independently. They discuss with the intern what behaviors they observed along with each of the 11 standards, as well as specify areas of strength and areas for improvement.

5) At the midpoint of CP2 (February), the clinical supervisor and cooperating teacher complete the CCI independently. They hold a midpoint conference with the clinical intern to discuss their CCI ratings and comments.
6) At the completion of the internship (April/May), the clinical supervisor and cooperating teacher complete the CCI independently. They hold a final conference with the clinical intern to discuss their final CCI ratings and comments.

7) At the very end of Clinical Practice II, the clinical intern conducts a final post-assessment/self-evaluation by completing the CCI. This will help guide the intern’s future goals and progress.

Scoring

The following rating scale will be used to score each clinical intern. For the formative/midpoint CCI evaluation, the required benchmark for a clinical intern to proceed with the second half of Clinical Practice II without any required interventions/additional supports is 2.50. For the summative/final CCI evaluation, the required benchmark for a clinical intern to be recommended for certification is 3.00.

It is not expected that the intern earn ratings of proficiency (3.0) or greater prior to Clinical Practice II.

1: Emergent (Exhibits Difficulty) – The clinical intern exhibits difficulty in: 1) integrating content knowledge with application; 2) lesson planning and implementation of daily instruction; 3) organizational and classroom management skills; 4) using assessment to inform instruction; and 5) adapting instruction to meet the needs of all children. Recommended point value: 0 - 1.4.

2: Novice (Limited Competence) – The clinical intern continues to need assistance in: 1) integrating content knowledge with application; 2) lesson planning and implementation of daily instruction; 3) organizational and classroom management skills; 4) using assessment to inform instruction; and 5) adapting instruction to meet the needs of all children. Recommended point value: 1.5 - 2.74.

3: Proficient (Basic Competence) – The clinical intern demonstrates basic competence in: 1) integrating content knowledge with application; 2) lesson planning and implementation of daily instruction; 3) organizational and classroom management skills; 4) using assessment to inform instruction; and 5) adapting instruction to meet the needs of all children. Recommended point value: 2.75 - 3.4.

4: Advanced Proficient (Exemplary Practice) – The clinical intern demonstrates exemplary practice in: 1) integrating content knowledge with application; 2) lesson planning and implementation of daily instruction; 3) organizational and classroom management skills; 4) using assessment to inform instruction; and 5) adapting instruction to meet the needs of all children. Recommended point value: 3.5 - 4.0.

Not Observed – This CANNOT be used for the summative/final evaluation. If you did not observe a specific indicator in the classroom, please obtain additional evidence from the clinical intern demonstrating competency in that area. If you have a question or reservation, please insert a comment explaining your concerns. If you are observing a K-3 classroom, obtain approval to skip certain competencies and leave them blank.

For the Final Assessment, please rate all 34 indicators if you can. Use the following scale to assess the candidate (this scale will not be accurate if you skip any item): Advanced Proficient (4) = 136 points; Proficient (3) = 102 points; Novice (2) = 68 points; Emergent (1) = 34 points.

IF ALL INDICATORS ARE USED, A CLINICAL INTERN NEEDS AT LEAST 102 POINTS (3.00 AVERAGE) TO BE RECOMMENDED FOR CERTIFICATION. DO NOT COUNT ANY ITEMS YOU DID NOT OBSERVE. If you did not score all 34 indicators, please calculate the overall score by adding up all points earned and dividing the total points earned by the number of indicators actually scored (total points earned + # of indicators you rated).
Schedule for administering the CCI:

**Early September**: Clinical intern completes an initial pre-assessment/self-evaluation CCI;

**Mid-/Late February**: Supervisor and cooperating teacher complete separate formative/midpoint CCIs; and

**Late April/Early May**: Intern, supervisor, and cooperating teacher complete separate summative/final CCIs.

### 2.1 The clinical intern designs and implements instruction to ensure an inclusive learning environment for all learners.

- The clinical intern’s lessons:
  - Use strategies that are not differentiating instruction at all;
  - Is providing the same strategies for all students and not considering learning differences.

- The clinical intern’s lessons:
  - Tend to use the same strategy for all students and is not differentiating instruction, except on rare occasions;
  - Try to support a learning environment that allows all students to succeed but needs to include more accommodations for learners.

- The clinical intern’s lessons include:
  - Many activities that differentiate the delivery of instruction based on needs of learners;
  - Assessments that accommodate the needs of all learners;
  - Most strategies that support a learning environment that allows all students to succeed.

- The clinical intern’s lessons include:
  - Developmentally appropriate activities that accommodate all learners and allow them to succeed (IEP’s, 504’s if available or appropriate);
  - Strategies that differentiate the delivery of instruction based on needs of learners;
  - Assessments that accommodate the needs of all learners.

### 2.2 The clinical intern incorporates multicultural content and perspectives into the lesson.

- The clinical intern engages in activities that:
  - Are not sensitive to the diversity of students, families or the surrounding community.
  - Are devoid of any multicultural content or perspective.

- The clinical intern engages in activities that:
  - Focuses on holidays and peripheral content related to students’ cultural backgrounds;
  - Incorporate students’ cultural heritage.

- The clinical intern engages in meaningful lessons that:
  - Reflect the diversity of students, their families, and their communities;

Appendix L: Fieldwork/Clinical Experience Professional Dress Guidelines

The best way to describe fieldwork attire is “Business Casual.” In a K-12 setting, you will need to dress in a way that encourages children, administrators, and peers to see you as a professional educator. Proper attire helps children and their parents to perceive you as a mature role model.

1. What should I wear for fieldwork in all of my teacher education courses?

Dressing appropriately and professionally is expected. Dress for the teaching position that you hope to obtain.

Female teaching staff members may wear knee-length dresses, skirts, or pants suits, dress trousers (no jeans), blouses, or sweaters.

Male teaching staff members may wear suits, dress trousers (no jeans), dress shirts (ties strongly encouraged) with a jacket, or sweaters. Shirts should be tucked in.

Further, some districts have specific dress policies for teachers. It is important to make sure that you research whether your district/school has one. For example, some place restrictions on sandals without backs. Also, look around and see what other professionals are wearing.

2. What are some further considerations for selecting professional attire?

A professional appearance helps others to see you as a future teacher as you begin to craft your own identity as an educator. In general, clothing should be modest and conservative.

Additional helpful hints: No tee shirts, jeans, flip flops, slides, open-toed shoes, sneakers, sweatshirts or sweatpants, exercise clothing, athletic attire, shorts, leggings, caps, sunglasses, sleeveless shirts, spaghetti strap tops or midriff-baring tops. In addition, apparel should not be stained, sloppy, sheer, brief, low cut, very short or very tight.

In order to minimize the necessity of an extensive wardrobe, consider khakis or black pants, which can be paired with a variety of tops.

Women can wear a camisole top under a variety of blouses, as needed.

3. Are body piercings and tattoos part of the dress code policy?

It is your responsibility to assess the appropriateness within the fieldwork/clinical setting with regards to any tattoos and/or body piercings and determine if they need to be covered or removed while in the school/district.

Lesson Plan - Part B: Lesson Materials and Resources

Directions:

- For “Part B: Lesson Materials and Resources” attach the materials included in the lesson and provide a title for each.
- Provide a description for each of the materials.
- When completed, you will have one document for the Instructional Materials and one document for the Assessment Materials. (In total, you will have two documents for Part B.)

Instructional Materials

- All “Instructional Materials” should be included in one document.
- Attach all materials that you will need to teach the lesson.
- Put the attachment(s) in the order in which they are used and referenced in the “Procedures” section of Part A.

Submit all of the Instructional Materials used in the lesson. Instructional materials may include items such as class handouts, assignments, interactive whiteboard images, texts, new vocabulary, key slides, brainstorming activities, teacher models, technology, paper, pencils, crayons, etc.

Instructional Material/Title: Order materials as they are used in the lessons/learning segment and label each material as follows: “Instructional Material 1: Title of the Material.”

Describe each instructional material: What is it? How is it used? Why? How frequently? etc. Include any references or citations.

Insert an image/copy/photo/scan of the material. Enlarge and/or modify your images to make sure they are legible and easy to see/read.

Create a caption for each image and place it just below your image. Your caption should identify the image (“Instructional Material 1: Title of the Material.”) and briefly describe the image.

Assessment Materials

- All “Assessment Materials” should be included in one document.
- Attach all materials that you will need to assess student performance (including rubrics, checklists, observation forms, etc.).
- The attachment(s) should be a blank/clean copy of each assessment tool to your lesson plan as referenced in the “Procedures” section above.
- Title and reference each material throughout the lesson plan by number and name (e.g., “Assessment 1: Writing Rubric” “Assessment 2: Student Discussion Checklist” etc.).
Additionally, using standard APA, MLA, or Chicago/Turabian format (dependent upon your content area), cite all print and online assessment materials that you used for this lesson right after each of the materials listed, if applicable.

Submit all of the Assessments used in the lesson.

For summative assessments, submit the blank assessment to be given to students; student work samples for this task are optional. Make sure to also submit rubrics, criteria for assessment, and grading scales (if applicable).

For formative assessments, you must describe how the assessment will be used in class with examples of teacher prompts and student responses. Create a script to show how this assessment might play out in class. Make sure to also submit criteria for assessment and grading scales (if applicable).

Order assessments as they are used in the lessons/lesson plan and label each assessment as follows: “Assessment 1: Title of Assessment.”

Describe each assessment. What is it? How is it used? Why? How frequently? What are the directions, if any? etc.

Insert a copy/photo/scan or script of the assessment. Enlarge and/or modify your images to make sure they are legible and easy to see/read.

Create a caption for each image and place it just below your image. Your caption should identify the image (“Assessment 1: Title of Assessment.”) and briefly identify the image.

Appendix N: Clinical Practice Checklist for Clinical Interns

Please note that this checklist is to serve as a general guide for the clinical intern, cooperating teacher, and clinical supervisor. All parties should use their collective discretion to modify activities as a result of the intern’s readiness, scheduling conflicts, and extenuating circumstances. Before any major deviations from the recommended activity schedule occur, please contact the Assistant Dean of Teacher Education for further guidance.

Clinical Practice I (Part-time Student Teaching Semester; CP1)

**Late August through September**

- Read the Clinical Practice section of the Teacher Education Handbook, including your assigned school district’s student and teacher handbooks, policy manuals, website, newsletters, etc.
- With your cooperating teacher, establish the best means of communication, as well as a regular schedule for two full school days per week of Clinical Practice; record days you complete Clinical Practice each week in the Excel spreadsheet provided to you for this purpose
- Abide by Ramapo College’s Academic Calendar; communicate the demands of your course and work schedules throughout the semester, as needed
- Attend new teacher orientation and all possible back-to-school events, workshops, and in-service days that are required of new teachers and/or your cooperating teacher
- Assist your cooperating teacher with setting up their classroom (physical and/or virtual) and any other back-to-school preparations necessary; tour your school building, if possible, and introduce yourself to teachers, staff, and administrators
- Obtain copies of curriculum guides, textbooks, and other resources your cooperating teacher and students utilize (hard copy and/or digital)
- Attend Clinical Practice Orientation and edTPA Support Sessions; if these dates conflict with your regular Clinical Practice schedule, communicate them to your cooperating teacher as far in advance as possible, and provide friendly reminders, as necessary
- Within the first two weeks of Clinical Practice I, complete a pre-assessment/self-evaluation of your current teaching competencies using the Clinical Competency Inventory (CCI) Google Form; this should guide your expectations, goals, and progress throughout Clinical Practice
- Observe all classes taught by your cooperating teacher and assist with simple tasks, as directed; observe other teachers, when possible
- Schedule your clinical supervisor’s first two observations (1 informal, 1 formal) to take place in October
- Communicate questions and concerns to your cooperating teacher and/or clinical supervisor and/or the Assistant Dean of Teacher Education

**October**

- Continue to observe your cooperating teacher
- Assist with attendance, grading, creation of instructional materials, etc.
- Work with small groups or individual students who require remediation and/or enrichment
- Study your cooperating teacher’s unit plans and daily lesson plans
- Begin to teach mini-lessons followed by critiques from your cooperating teacher
Prepare lesson plans for upcoming lessons and observations; lessons formally observed by your clinical supervisor and/or cooperating teacher require a lesson plan; email these lesson plans to them in advance of your observations.

Where applicable, assume responsibility of some daily activities, such as opening and closing exercises, etc.

Begin to lay the groundwork for the edTPA portfolio and communicate to your cooperating teacher what this entails each step of the way.

Complete your first/only informal observation by your clinical supervisor during the first half of October; establish goals/next steps for your development during the post-observation conference.

Complete your first formal observation by your clinical supervisor during the second half of October; establish goals/next steps for your development during the post-observation conference; establish dates for your second/final formal observation of Clinical Practice I (Nov.)

Communicate questions and concerns to your cooperating teacher and/or clinical supervisor and/or the Assistant Dean of Teacher Education.

November

Continue to observe and assist your cooperating teacher, as directed

Continue to work with small groups and individual students

Continue to study your cooperating teacher’s unit plans and daily lesson plans

Continue to teach mini-lessons and implement your cooperating teacher’s and clinical supervisor’s feedback

Continue to prepare lesson plans for upcoming lessons and observations

Complete the Task 1 “Context for Learning” template and all of Task 4, if Elementary Ed., of your edTPA portfolio

Complete your second formal observation by your clinical supervisor and first formal co-observation by your cooperating teacher; establish goals/next steps for your development during the post-observation conference

Communicate questions and concerns to your cooperating teacher and/or clinical supervisor and/or the Assistant Dean of Teacher Education

Early to mid-December

Complete your second formal observation by your clinical supervisor and first formal co-observation by your cooperating teacher (if not already completed)

Ensure that you have completed a minimum of 22 full school days of Clinical Practice by the end of the first full week of December; make arrangements with your cooperating teacher to attend more days, if needed

With your cooperating teacher and clinical supervisor, establish goals and expectations for Clinical Practice II; while doing so, consider your performance throughout CP1, as well as your CCI pre-assessment/self-evaluation

Communicate questions and concerns to your cooperating teacher and/or clinical supervisor and/or the Assistant Dean of Teacher Education.
Clinical Practice II (Full-time Student Teaching Semester; CP2)

January

- Abide by your school district’s calendar as if you were an employee of the school district; record days you complete Clinical Practice each week in the Excel spreadsheet provided to you for this purpose.
- Attend Clinical Practice Seminars and edTPA Support Sessions; if these dates/times conflict with your regular Clinical Practice schedule, communicate them to your cooperating teacher as far in advance as possible, and provide friendly reminders, as necessary.
- Continue to observe your cooperating teacher and assist with regular routines.
- Work with small groups or individual students who require remediation and/or enrichment.
- Study your cooperating teacher’s unit plans and daily lesson plans.
- Teach mini-lessons followed by critiques from your cooperating teacher; implement feedback in future lessons.
- Prepare lesson plans for upcoming lessons and observations; lessons formally observed by your clinical supervisor and/or cooperating teacher require a lesson plan; email these lesson plans to them in advance of your observations.
- Complete Task 1 of your edTPA portfolio; see the edTPA Guidelines/Checklist for Success found in the Google Drive Resource Folder for RCNJ TE Students.
- Complete your first formal observation by your clinical supervisor; establish goals/next steps for your development during the post-observation conference.
- Communicate questions and concerns to your cooperating teacher and/or clinical supervisor and/or the Assistant Dean of Teacher Education.

February

- Accept a few responsibilities related to instructional activities and progress to teaching one (1) to two (2) classes/subject areas.
- Participate in regular conferences with your cooperating teacher and clinical supervisor regarding teaching techniques, classroom management, content knowledge, etc.; address questions and concerns on a weekly basis.
- Complete Task 2 of your edTPA portfolio; see the edTPA Guidelines/Checklist for Success found in the Google Drive Resource Folder for RCNJ TE Students.
- Complete your second and third formal observations by your clinical supervisor and first formal co-observation by your cooperating teacher; establish goals/next steps for your development during post-observation conferences.
- Your clinical supervisor and cooperating teacher will complete and submit your formative evaluations (midpoint Clinical Competency Inventories) and hold a conference with you in late February.
- Communicate questions and concerns to your cooperating teacher and/or clinical supervisor and/or the Assistant Dean of Teacher Education.

March
Accept many responsibilities related to instructional activities and progress to teaching two (2) to three (3) classes/subject areas.

Participate in regular conferences with your cooperating teacher and clinical supervisor regarding teaching techniques, classroom management, content knowledge, etc.; address questions and concerns on a weekly basis.

Complete Task 3 of your edTPA portfolio and prepare to officially submit your entire portfolio; see the edTPA Guidelines/Checklist for Success found in the Google Drive Resource Folder for RCNJ TE Students.

Complete your fourth and fifth observations by your clinical supervisor and first formal co-observation by your cooperating teacher (if not already completed); establish goals/next steps for your development during post-observation conferences.

Communicate questions and concerns to your cooperating teacher and/or clinical supervisor and/or the Assistant Dean of Teacher Education.

April to early May

Accept most responsibilities related to instructional activities and progress to teaching three (3) to four (4) classes/subject areas.

Participate in regular conferences with your cooperating teacher and clinical supervisor regarding performance, progress, and implementation of feedback.

Complete your sixth/final observation by your clinical supervisor; establish goals/next steps as you wrap up Clinical Practice.

Ensure that you have completed a minimum of 60 full schools days of Clinical Practice by the last day of April/first few days of May; make arrangements with your cooperating teacher to attend more days, if needed.

Gradually start returning responsibilities back to your cooperating teacher.

During your final two weeks of Clinical Practice, observe other classes and teachers, as possible, and return all school materials.

During the last two weeks of Clinical Practice II, complete a post-assessment/self-evaluation of your current teaching competencies using the Clinical Competency Inventory (CCI) Google Form; this should guide your goals for your first year of teaching.

Your clinical supervisor and cooperating teacher will complete and submit your summative evaluations (final CCIs) and hold a conference with you in late April/early May.

With your cooperating teacher and clinical supervisor, establish goals for your first year of teaching; while doing so, consider your performance throughout Clinical Practice, as well as all of your observations and evaluations.

Communicate questions and concerns to your cooperating teacher and/or clinical supervisor and/or the Assistant Dean of Teacher Education.

Complete the Teacher Education Exit Survey emailed to you eliciting feedback on your overall TE program experience.

Complete the edTPA resubmission process, if necessary.

Before any major deviations from the recommended activity schedule occur, please contact the Assistant Dean of Teacher Education for further guidance.

Clinical Practice I (Part-time Student Teaching Semester; CP1)

September

- Establish the best means of communication between you, your clinical intern, and their cooperating teacher
- If you were unable to attend Clinical Practice Orientation, please complete any necessary paperwork and watch the training videos shared with you
- Consult the Clinical Practice Checklist for Clinical Interns to ensure your intern is engaging in the appropriate activities for the month (please note that this is a recommended activity schedule to help guide all parties; minor deviations may occur as a result of the intern’s readiness, scheduling conflicts, and extenuating circumstances)
- At minimum, check in with your clinical intern on a weekly basis and check in with their cooperating teacher on a bi-weekly basis to discuss goals, progress, questions, concerns, and any support needed throughout Clinical Practice
- Schedule your first informal observation and first formal observation of your clinical intern to take place within the month of October
- Communicate concerns to the Assistant Dean of Teacher Education; formally document concerns using Ramapo College’s Teacher Education Student Referral Form: https://tinyurl.com/yyrbhpf9

October

- Consult the Clinical Practice Checklist for Clinical Interns to ensure your intern is engaging in the appropriate activities for the month
- Conduct your first informal observation of your clinical intern and hold a post-observation conference with the clinical intern and their cooperating teacher, if possible; you do not need to document your informal observation using the Observation & Conference Report (O&C); you may like to type out your feedback and provide it to the intern in an email or Word document for reference
- Conduct your first formal observation of your clinical intern and hold a post-observation conference with the clinical intern and their cooperating teacher, if possible; document your formal observation and feedback using the Observation & Conference Report (O&C) Google Form
- Forward the completed O&C Google Form copy you receive in your inbox to your clinical intern and their cooperating teacher and confirm receipt

Appendix P: Clinical Practice Checklist for Cooperating Teachers

Please note that this checklist is to serve as a **general guide** for the clinical intern, cooperating teacher, and clinical supervisor. All parties should use their collective discretion to modify activities as a result of the intern’s readiness, scheduling conflicts, and extenuating circumstances. Before any **major** deviations from the recommended activity schedule occur, please contact the Assistant Dean of Teacher Education for further guidance.

**Clinical Practice I** (Part-time Student Teaching Semester; CP1)

**September**

[] Establish the best means of communication between you, your clinical intern, and their clinical supervisor
[] If you were unable to attend Clinical Practice Orientation, please complete any necessary paperwork and watch the **training videos** shared with you
[] Consult the **Clinical Practice Checklist for Clinical Interns** to ensure your intern is engaging in the appropriate activities for the month (please note that this is a **recommended** activity schedule to help guide all parties; minor deviations may occur as a result of the intern’s readiness, scheduling conflicts, and extenuating circumstances)
[] Include your clinical intern in back-to-school preparations, events, workshops, and in-service days that are required of new and veteran teachers, if possible
[] Provide your clinical intern with a tour your school building and the opportunity to introduce themself to teachers, staff and administrators, if possible
[] Provide your clinical intern with copies of **curriculum guides**, **textbooks**, student and faculty **handbooks**, and any other pertinent **resources**, including access to your district’s learning management system and other online teaching/learning tools
[] Throughout Clinical Practice, **check in with your clinical intern on a weekly basis**, as well as their **clinical supervisor on a bi-weekly basis** to discuss goals, progress, questions, concerns, and any support needed
[] Communicate concerns to the Assistant Dean of Teacher Education; formally document concerns using **Ramapo College’s Teacher Education Student Referral Form**: https://tinyurl.com/yyrbhpf9

**October**

[] Consult the **Clinical Practice Checklist for Clinical Interns** to ensure your intern is engaging in the appropriate activities for the month
[] Review the **clinical supervisor’s Observation & Conference Report (O&C) Google Form** from your clinical intern’s first **formal** observation
[] **Schedule your formal CP1 co-observation** of your clinical intern with their clinical supervisor; this should take place within the month of **November**
[] Communicate concerns to the Assistant Dean of Teacher Education; formally document concerns using **Ramapo College’s Teacher Education Student Referral Form**: https://tinyurl.com/yyrbhpf9
November

1. Consult the Clinical Practice Checklist for Clinical Interns to ensure your intern is engaging in the appropriate activities for the month.
2. Conduct your formal CP1 co-observation of your clinical intern with their supervisor and hold a post-observation conference with the clinical intern (and their clinical supervisor, if possible); document your formal co-observation and feedback using the Observation & Conference Report (O&C) Google Form.
3. Forward the completed O&C Google Form copy you receive in your inbox to your clinical intern and their clinical supervisor and confirm receipt.
4. Review the clinical supervisor’s O&C Google Form from their second formal observation.
5. Inquire as to the status of your intern’s edTPA portfolio preparations to determine if additional supports are necessary.
6. Confirm with your clinical intern and their clinical supervisor that the intern is on track to complete a minimum of 22 full school days of Clinical Practice by the end of the first full week of December; if your intern is not on track to meet the minimum requirement, ensure a plan is in place to fulfill the requirement prior to the December holiday break.

Early- to mid-December

1. Consult the Clinical Practice Checklist for Clinical Interns to ensure your intern is engaging in the appropriate activities for the month.
2. If not already completed, review all clinical supervisor and cooperating teacher observation feedback from CP1.
3. Establish goals and expectations for Clinical Practice II with your clinical intern and their clinical supervisor.
4. Communicate concerns to the Assistant Dean of Teacher Education; formally document concerns using Ramapo College’s Teacher Education Student Referral Form: https://tinyurl.com/yyrbhf9

Clinical Practice II (Full-time Student Teaching Semester; CP2)

January

1. Consult the Clinical Practice Checklist for Clinical Interns to ensure your intern is engaging in the appropriate activities for the month (please note that this is a recommended activity schedule to help guide all parties; minor deviations may occur as a result of the intern’s readiness, scheduling conflicts, and extenuating circumstances).
2. Throughout Clinical Practice, check in with your clinical intern on a weekly basis, as well as their clinical supervisor on a bi-weekly basis to discuss goals, progress, questions, concerns, and any support needed.
3. Review the clinical supervisor’s Observation & Conference Report (O&C) Google Form from your clinical intern’s first formal observation of CP2.
Schedule your formal CP2 co-observation of your clinical intern with their clinical supervisor; this should take place within the month of February or March.

Support your clinical intern with their edTPA portfolio, as appropriate (Task 1 should be completed by the end of January).

**February**

- Consult the Clinical Practice Checklist for Clinical Interns to ensure your intern is engaging in the appropriate activities for the month.
- Conduct your formal CP2 co-observation of your clinical intern and hold a post-observation conference with the clinical intern (and their clinical supervisor, if possible); document your observation and feedback using the Observation & Conference Report (O&C) Google Form.
- Forward the completed O&C Google Form copy you receive in your inbox to your clinical intern and their clinical supervisor and confirm receipt.
- Review the clinical supervisor’s O&C Google Forms from their second and third formal observations.
- Immediately after the clinical supervisor’s third observation is completed, you and the supervisor should discuss the intern’s performance, to date, and document separate formative/midpoint evaluations and feedback using the Clinical Competency Inventory (CCI) Google Form; a joint midpoint evaluation conference with the intern is encouraged, if possible; this should be completed by the end of February.
- Forward the completed CCI Google Form copy you receive in your inbox to your clinical intern and their clinical supervisor and confirm receipt.
- Support your clinical intern with their edTPA portfolio, as appropriate (Task 2 should be completed by the end of February; please note, Task 2 requires the intern to record themself teaching 3-5 consecutive lessons; during this time, the intern may ask that formal observations do not take place).
- Communicate concerns to the Assistant Dean of Teacher Education; formally document concerns using Ramapo College’s Teacher Education Student Referral Form: https://tinyurl.com/yyrbhp9

**March**

- Consult the Clinical Practice Checklist for Clinical Interns to ensure your intern is engaging in the appropriate activities for the month.
- If not already completed, conduct your formal CP2 co-observation of your clinical intern and hold a post-observation conference with the clinical intern (and their clinical supervisor, if possible); document your observation and feedback using the Observation & Conference Report (O&C) Google Form.
- Forward the completed O&C Google Form copy you receive in your inbox to your clinical intern and their clinical supervisor and confirm receipt.
- Review the clinical supervisor’s O&C Google Forms from their fourth and fifth formal observations.
Support your clinical intern with their edTPA portfolio, as appropriate (Task 3 should be completed by early March; please note, official edTPA submission begins mid-March).

April to early May

Consult the Clinical Practice Checklist for Clinical Interns to ensure your intern is engaging in the appropriate activities for the month.

Review the clinical supervisor’s O&C Google Form from their fifth formal observation if not already completed.

Confirm with your clinical intern and their clinical supervisor that the intern is on track to complete a minimum of 60 full school days of clinical practice by the last day of April/first few days of May; if your intern is not on track to meet the minimum requirement, ensure a plan is in place to fulfill the requirement prior to the last official day of the semester/graduation.

Immediately after the clinical supervisor’s sixth observation is completed, you and the supervisor should discuss the intern’s overall performance throughout Clinical Practice and document separate summative/final evaluations and feedback using the Clinical Competency Inventory (CCI) Google Form; a joint final conference with the intern is encouraged, if possible.

Forward the completed CCI Google Form copy you receive in your inbox to your clinical intern and their clinical supervisor and confirm receipt.

With your clinical intern and their clinical supervisor, establish goals and expectations for the intern’s first official year of teaching.

Inquire as to the pass/fail status of your intern’s edTPA portfolio (if the intern does not meet the requirements established by the NJDOE, they may need to resubmit parts or all of their portfolio).

Complete any remaining Observation & Conference Reports (O&Cs) and the final Clinical Competency Inventory through the designated Google Forms; all remaining O&Cs and CCIs should be completed by the end of the first full week of May, if possible.
