and

WHEREAS, CCM is an associate's degree granting community college dedicated to offering a comprehensive set of affordable, accessible, high-quality credit and non-credit courses as well as degree and on-degree programs;

I. General Description of the Program

- A. **Design of the Program** – RCNJ proposes a plan whereby Nursing students who have earned the associates degree in Nursing from CCM, can enroll in the RCNJ BSN program through a program of study that includes courses taught at CCM and courses at RCNJ. The program will allow transfer of up to 93 credits from CCM and require that all BSN graduates satisfy the upper level Nursing and remaining degree completion coursework as identified in the curriculum checksheet. Any and all students who complete the AAS in Nursing degree through CCM, wishing to participate in this articulation agreement and earn up to 93 transfer credits, must satisfy the identified courses through prior transfer credit from an accredited institution or CCM, prior to the enrollment in the BSN program at RCNJ.

- B. **Routes of Entry** - CCM students who meet the established admission criteria will need to apply through the RCNJ Office of Adult and Graduate Admissions. All students must meet the standard admissions requirements. All students participating in the outlined plan will maintain financial aid eligibility and maintain satisfactory academic progress.
